Athletics for college girls is good but those who have to get development by garden work, making bread churning, or even rubbing down a washboard, will make quite as desirable citizens.

As the fuel trust disappears the ice trust appears.

Of course, it would be highly improper but businesslike to try and get something tangible out of franchises in this city, even fire alarms.

Save Five Millions.

Chicago, May 20.—The recent action of the Burlington in cutting the rates on transcontinental mail to meet the competition in service and time of the Rock Island, is having an important bearing on the question of mail compensation generally.

It is said that the voluntary reduction made by the Burlington is being seriously considered by the postmaster-general, in determining whether the total compensation received by the railroads shall be reduced between \$5,000,000 and \$6,000,000 annually.

This fact became apparent, it is stated last Wednesday, when a committee of prominent railroad men called on the postmaster-general with a petition asking him to rescind the order requiring the total tonnage carried over a mail route to be divided by seven, instead of six, in arriving at the average tonnage carried. Such a division as the postmaster-general is insisting on will reduce the mail compensation nearly 14 per cent.

The chairman of the committee was W. H. Baldwin, assistant to President Harris, of the Burlington. Baldwin was the man who conveyed to the former postmaster-general the proposition of the Burlington to cut its rates to meet the Rock Island competition. The postmaster-general intimated that in view of the voluntary reduction, it might be difficult for him to be convinced that the mail pay could not stand a general cut.

SOCIAL GOSSIP

The Grange social at Macleay Friday evening was attended by a very large number from all the country round about, and quite a number from Salem. The receipts of the evening amounted to about \$60.

A Happy Wedding.

Miss Edythe Sappingfield, of this city, was married Sunday at the parsonage of St. Joseph's Catholic church, of this city, to M. A. Flood, of Portland, Rev. A. Moore performing the ceremony. The witnesses were her sister and brother-in-law, Mr. and Mrs. Chas. Rice, of this city, and after the ceremony they repaired to the home of the latter and enjoyed a splendid wedding dinner that had been especially prepared for them. The bride and groom took the evening train for Portland, where the groom is employed in the United States engineering department, and where they will make their future home. The bride is a native of Marion county, having been born at Macleay, and for many years lived in this city. In the Capital Journal voting contest for the most popular young lady in this city she won the prize a few years ago, and was given an outing of two weeks at Yaquina Bay. As an independent young woman who was supporting herself this was a great compliment to Miss Sappingfield, who was possessed not only of great charm of manners, but a lovable disposition that made her friends among all who knew her. The many friends at Salem and in Marion county will join us in hearty congratulations.

Lohengrin Rendition.

Musical day of the Salem Woman's Club was a marked event in local culture circles, and scored a great success for that organization. The Lohengrin program was witnessed by about 500 admirers of Wagner, and the attention was so marked that, as one said, "you could hear a pin drop on the sidewalk outside." The program was arranged by Mrs. J. Frank Hughes, and the heavy parts were taken by Prof. Heritage, Herr von Jensen, Mrs. Arthur Boschen reader; Mrs. HUGG and J. Krank Hughes. Elsa's Dream, 'King Henry's Prayer, the Swan Song, Lohengrin's Narrative and other parts were produced in good voice effects, and the whole purpose of elevating the musical standards of the city was carried out faithfully. The Methodist church was appropriately decorated. Four pretty ushers officiated in fluffy pink dresses and appropriate floral ornaments, Mrs. Chauncey Bishop, Misses Ryth Gatch, Veda Cross and Nellie Thielson. Prof. Roberts was organist for the occasion.

Damage Suit Settled.

Attorney L. H. McMahon has received a check for \$4000, drawn in favor of John B. McClane, of Salem, by the North Western Lumber Co., of Hoquiam, Washington in settlement of a damage claim which was made in 1903.

Mr. McClane at that time was working in the company's sawmill, and was caught on a protruding set-screw on a line shaft, and sustained the loss of his left arm. A verdict was finally gained in the courts of Tacoma in favor of McClane for \$7000. This verdict was set aside on some technical points in the evidence. After a third trial a judgment of \$4000 was given for the plaintiff.
