Improved the Street—

The enterprising property owners on Shipping street in North Salem have been hard at work the past week or more making some fine improvements on their roadway. Headed by Alderman Goode, Bootblack Gier and Janitor Unruh they have had ten blocks from the railroad track down to Commercial street, plowed and graded and rolled so that the water will be carried off and the street be in good passable condition at all times of the year. On the part improved they count eighty abutting lots, and the entire cost is only \$76, making the expense less than \$1.00 per lot. The promoters have had some thrilling experience collecting the money to pay the cost, and as usual some who derive the most benefit want to pay the least. The result is the men who started the move are digging up more than their share, not to mention their energy and labor expended, but they are a good natured lot, and they say that they will

get more than their money's worth in improvement and knowledge of their neighbors. Let the good work go on.

Salem's Factories—

Wonderful Eczema Cure.

"Our little boy had eczema for five years," writes N. A. Adams, Henrietta, Pa. "Two of our home doctors said the case was hopeless, his lungs being affected. We then employed other doctors but no benefit resulted. By chance we read about Electric Bitters; bought a bottle and soon noticed improvement. We continued this medicine until several bottles were used, when our boy was completely cured." Best of all blood medicines and body building health tonics. Guaranteed at J. C. Perry's drug store. 50c.

The makers of the Racycle bicycle will give any man, woman or child ONE THOUSAND DOLLARS IN GOLD COIN who will name any bicycle made in the United States that is made of any better materials; that has as many advantages for easy running, and that has as many distinctive features as is found in the Racycle. What better proof of the Racycle's supremacy over other bicycles could be given.

The Ladies' Racycle is all that any lady may reasonably expect, a wheel that is neat in appearance, light in weight, roomy in mounting and dismounting, with absolute protection to the skirts from getting caught in the chain. For easy, smooth running the Ladies' Racycle holds first place. Drop in and see it.

The Cornell bicycles at \$40.00 with G. & J. Tandem Tires, nickel plated steel rims, any coaster, saddle, gear or handle bar, with dropped forged head and fork crown, hubs turned from solid bar steel, is certainly a world beater and must be seen to be appreciated. Other good wheels from \$25.00 up.

And by the way, we have a double bar machine that's not so slow. Also a good lot of second hand wheels to select from. If you need anything in the repair line it will pay you to see us. Our tires and sundries are always fresh as we buy direct from the factory.
