

Often The Kidneys Are Weakened by Over-Work.

Unhealthy Kidneys Make Impure Blood.

It used to be considered that only urinary and bladder troubles were to be traced to the kidneys, but now modern science proves that nearly all diseases have their beginning in the disorder of these most important organs.

The kidneys filter and purify the blood—that is their work.

Therefore, when your kidneys are weak or out of order, you can understand how quickly your entire body is affected and how every organ seems to fail to do its duty.

If you are sick or "feel badly," begin taking the great kidney remedy, Dr. Kilmer's Swamp-Root, because as soon as your kidneys are well they will help all the other organs to health. A trial will convince anyone.

If you are sick you can make no mistake by first doctoring your kidneys. The mild and the extraordinary effect of Dr. Kilmer's Swamp-Root, the great kidney remedy, is soon realized. It stands the highest for its wonderful cures of the most distressing cases, and is sold on its merits by all druggists in fifty-cent and one-dollar size bottles. You may have a sample bottle of Swamp-Root, by mail free, also a pamphlet telling you how to find out if you have kidney or bladder trouble. Mention this paper when writing to Dr. Kilmer & Co., Binghamton, N. Y. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

National Convention of Millers. St. Louis, May 28.—The National convention of millers assembled in this city today for a session of three days. A. L. Goetzman, secretary of the federation, says that the millers are greatly dissatisfied with the present rate conditions, alleging that they are not getting their share of the prosperity. "The millers are suffering in a business way from a variety of causes," explained Mr. Goetzman. "We have lost to a great extent the expert business formerly enjoyed, because of a discrimination on the part of the railroads in favor of wheat as against flour. This has encouraged the construction of mills in foreign countries, especially in Great Britain. The lack of reciprocal agreements between South American countries and the United States has also caused the loss of a great volume of trade. Former Secretary of Treasury Shaw placed such an arbitrary construction on the drawback law affecting shipments between Canada and the United States that many American millers have been forced to build across the line. The millers are strongly in favor of reciprocity, and we propose to make congress sit up and take notice that that is the object of the St. Louis convention."

Johnson to Be Hanged.

Wilkesbarre, Pa., May 23.—Today is the date fixed by Governor Stuart for the hanging of Charles Johnson to pay the penalty for the murder of Mrs. Bigler Johnson and her niece, Annie Benjamin, perpetrated about two years ago. Bigler Johnson, brother of the condemned man, has already paid the penalty by hanging. Johnson has manifested the utmost indifference as to his fate.

Southwestern and Mexican Officials Meet.

Chicago, May 29.—The regular semi-annual joint meeting of the Southwestern Railroad and Mexican railroad officials assembled here today, and are discussing the freight rates between the United States and Mexico. Three officials of the Mexican railroads are in attendance representing the Mexican railroad, National lines and Mexican Central. C. F. Melick, special freight and passenger agent of the Mexican, represents that road; H. Lawton, freight traffic manager of the Central represents the Central; and C. W. Fish, general freight agent of the National, represents the National. All the lines of the southwest are also represented at the meeting and rates on freight between Mexico and the United States are being discussed. Although many matters are always taken up at these semi-annual meetings, and a number of subjects will be discussed at the meeting, it is not thought that any very startling change will be made in the rates in effect at present, and which seem to be generally satisfactory.
