

A Mild Laxative

Ask your doctor to name some of the results of constipation. His long list will begin with sick-headache, biliousness, dyspepsia, thin blood, bad skin. Then ask him if he would recommend your using Ayer's Pills for constipation. Just one pill at bedtime, a few times, that's all.

SOME OF THE PRESIDENT'S EPIGRAMS

TRUTH IN LITTLE COMPASS

Memorial Day Speech Abounds in Terse Sayings

The rights of poverty are less in jeopardy from the socialist and anarchist than from the predatory man of wealth. The power of the nation must be exerted to stop crimes of cunning no more than crimes of violence. There can be no swerving from the course mapped out. We must have the interests of the honest railway men when we announce this. We should seek to discourage the wittles of the man whose only connection with railroads is to manipulate the stocks. The movement to regulate railroads by law has come to stay. The more anxious to manipulate stocks than to make the management of their roads efficient and honest are the only ones who have cause to oppose it. Wherever evil-doers can be, they will be brought to justice; and no criminal, high or low, whom we can catch, will receive immunity. We favor the railway man who operates his railway upon a straightforward and open basis; we are against only the man who cares nothing for the property after the speculative deal in its securities has been closed. We wish to make it to the interest of the investor to put his money in the honest development of the roads. The great mass of our railroad securities rest upon safe and solid foundations. Capitalization must be determined in large measure by future need rather than past investment. Existing securities should be tested by the laws in existence at the time of their issue. But the public interest requires guaranty against proper multiplication of securities in the future. In providing against over-capitalization we shall harm no human being who is honest, but we shall benefit many, for over-capitalization of means an inflation that invites business panic. We hope to secure as complete publicity in the affairs of railroads as now obtains with regard to the national banks. Most certainly there will be no restriction by the Government authori-

ties in the effort to get at any great railroad wrecker—any man who by clever swindling devices robs investors, oppresses wage-workers and does injustice to the general public.

Those who complain should put the blame where it belongs—upon the misdeeds which are done in darkness, and not upon the investigations which brought them to light.

There will not be the slightest let-up in the effort to hunt down and punish every dishonest man. But the bulk of our business is honestly done.

The surest way to invite reaction is to follow the lead of neither demagogue or visionary in a sweeping assault upon property values and upon public confidence.

The great need of the hour is the need of better transportation facilities, for additional tracks, for additional terminals, and improvements in the actual handling of the railroads.

There are blackmailers in public life, and the citizen who is honest will war against the man who tries to blackmail a railroad or a big corporation, with the same stern determination to punish him as against the man who corruptly favors such corporation.

The man who is on occasion a corruptionalist—hunt such a man out of public life. Hunt him out as remorselessly as if he is a blackmailer as if he stands corruptly for special privilege.

Let the man of great wealth remember that, while using and enjoying it, he must nevertheless feel that he is in a sense a trustee.

Every Man His Own Doctor.

The average man cannot afford to employ a physician for every slight ailment or injury that may occur in his family, nor can he afford to neglect them, as so slight an injury as the scratch of a pin has been known to cause the loss of a limb. Hence every man must from necessity be his own doctor for this class of ailments. Success often depends upon prompt treatment, which can only be had when suitable medicines are kept at hand. Chamberlain's Remedies have been in the market for many years and enjoys a good reputation.

Chamberlain's Colic, Cholera and Diarrhoea Remedy for bowel complaints.

Chamberlain's Cough Remedy for coughs, colds, croup and whooping cough.

Chamberlain's Pain Balm (an antiseptic liniment) for cuts, bruises, burns, sprains, swellings, lame back and rheumatism pains.

Chamberlain's Stomach and Liver Tablets for constipation, biliousness and stomach troubles.

Chamberlain's Salve for diseases of the skin.

One bottle of each of these five preparations costs but \$1.25. For sale by Dr. Stone's drug store.

Boston's Coney Island.

A movement for the enrichment of suburban and country life through public parks containing the best of the natural scenery had its beginning about 1892. During that year the Massachusetts legislature created the Metropolitan Park Commission, which has now acquired at the expense of the towns and cities of the district, 10,053 acres in the metropolitan district and outside of Boston. The principal holdings are the Blue Hills and Middlesex Fells reservation, forty-seven miles of frontage on the Charles, Mystic and Neponset rivers, and five beaches with ten miles of shore. The commission has expended about 12,000,000, and individual cities and towns in the districts about \$23,000,000 more on their own account.

When the commission took Revere Beach, the Coney Island of Boston, a railroad ran along the shore, and the sands between the track and the water were jammed by the ugly huddle of dinky and decrepit bath, fish and boarding houses. Their owners, eager to utilize every inch of space, had built so far out that at two-thirds tide the public was cut off from the water, and could pass up or down only by walking on the railroad tracks, where trains were running every ten minutes. Women and children shunned the rough crowd.

The commission removed the buildings, 107 in number, from the shore front, required the railroad to place its tracks at the rear of the village and substituted an eighty-foot macadam highway. It erected and maintains a bathhouse used by 142,942 persons last year, which has accommodated 7171 in one day. The beach attendance stimulated both by good police protection and by private amusement enterprises, has grown from 500,000 to 5,000,000 annually. The pleasures of the shore must be wholesome as a 200,000-a-day crowd has frequently required not one arrest. This is clearly not due to police laxity, as women and children feel so safe as to substitute half the attendance. When a shower comes the police are less given to scurrying for doorways, more likely to be found rounding up helpless broods of children for tired mothers.—Edward Kirk Titus, in American Monthly Review of Reviews.

Do You Think For Yourself?

Or do you open your mouth like a young bird and rattle down whatever food or medicine may be offered you?

Woman an intelligent thinking woman. In need of relief from weakness, nervousness, pain and suffering, then it means much to you that there is a true and honest medicine or known composition, sold by druggists for the cure of woman's ills.

The makers of Dr. Pierce's Favorite Prescription, for the cure of weak, nervous, run-down, over-worked, debilitated, pain-racked women, knowing this medicine to be made up of ingredients, every one of which has the strongest possible endorsement of the leading and standard authorities of the several schools of practice, are perfectly willing, and in fact, are only too glad to print, as they do, the formula, or list of ingredients, of which it is composed, in plain English, on every bottle-wrapper.

The formula of Dr. Pierce's Favorite Prescription will bear the most critical examination of medical experts, for it contains no alcohol, narcotics, harmful, or habit-forming drugs, and no agent enters into it that is not highly recommended by the most advanced and leading medical teachers and authorities of their several schools of practice. These authorities recommend the ingredients of Dr. Pierce's Favorite Prescription for the cure of exactly the same ailments for which this world-famed medicine is advised.

No other medicine for woman's ills has any such professional endorsement as Dr. Pierce's Favorite Prescription has received. In the unqualified recommendation of each of its several ingredients by scores of leading medical men of all the schools of practice, is such an endorsement not worthy of your consideration?

A booklet of ingredients, with numerous authoritative professional endorsements by the leading medical authorities of this country, will be mailed free to any one sending name and address with request for same. Address Dr. R. V. Pierce, Buffalo, N. Y.
