A Range That Burns All the Coal

MOST likely you have been throwing away good coal every day without knowing it.

Coal that is only partially burned in the fire-box.

Because, with the ordinary range draft, the air current only strikes part of the fire.

Usually the damper door on such a range is situated at one end of the fire-box, which makes your fire hot at the draft end and cold at the other end.

Or the damper is perhaps on the left side of the stove, which makes an uneven fire for the same reason.

You are not only losing fuel, but your cooking and baking is unsatisfactory, for you cannot get a uniform heat.

Now, the draft in a Monarch Range is entirely different.

Instead of one damper door, there are two, one in each end of the fire-box.

These form a double or Duplex Draft, and both are regulated by the same handle.

So you get two direct currents of air at the same time, and your fire burns smoothly and evenly.

You open both drafts simultaneously and shut them off the same way.

The draft striking the fire from both directions consumes all the fuel, and gives you all the heating power from the coal.

When you empty the ash-pan in a Monarch Range, you are throwing away ashes—and ashes only—not coal.

And in addition to this, the Monarch is constructed of Steel and Malleable Iron, which can be

riveted so tight and solid that no air-leaks can possibly happen as they do in cast iron ranges.

The top is Malleable Iron, polished and bright. You can keep it clean without smearing your range with blacking which gets on the cooking vessels, to make more work for you.

A \$1.00 Cook Book Free

The Monarch Cook Book, written by Mrs. Helen Mar Thomson, an acknowledged authority on domestic science is a Real Book, not a cheap circular, 144 pages bound in cloth on board covers—a book that would cost \$1.00 at the book stores.

It contains 288 recipes, many of them new, all simple, easy to make and inexpensive.

Has practical menus for the whole year and many valuable hints on diet and marketing.

You can get it without cost if you intend buying a range or cook stove within a year.

HOW TO GET IT. Cut out this advertisement, mail it to the Malleable Iron Range Company, Beaver Dam, Wis., and tell them WHEN (stating month if possible) you expect to buy and you will secure this valuable book free. As the edition is limited, write now.

Spared Monster Catch

The Oregon City Star is responsible for this: "C. A. Nash has the largest fish story of the month and furthermore he has a crowd of able witnesses to prove the truth of it. He speared the biggest rock fish Monday evening and known to have been captured by the attention of old fishermen say it breaks the record. The fish is the largest one heretofore known of. Mr. Nash stopped at White Cooke's hardware store on Monday evening to get a net when he came home. The net was lying against the door when he opened Tuesday morning."

There Are Few

People who know how to take care of themselves—the majority do not. The liver is a most important organ in the body. Herbine will keep it in condition. V. C. Simpkins of Texas, writes: "I have used Herbine for Shills and Fever and had the best medicine I ever used. I could not be without it. It is as good for children as it is for grown-ups and I recommend it. It is La Grippe." Sold by D. J. Fry.

COMMENCEMENT EXERCISES.

Normal College of Music Will Hold Closing Recital Next Week.

The closing recital and commencement exercises of the Normal College of Music under the direction of Professor Parvin will be given next Tuesday and Wednesday evenings, June 11 and 12, in the First Christian church of this city.

On Tuesday evening the junior recital will be given and on Wednesday evening the graduating exercises will be held, at which time Miss Jennie Williams of this city will receive a diploma for having completed the prescribed vocal course. Rev. Davis Errett will deliver an address on the latter evening.

Ancient Rome

Is now merely a memory of the past. Ballard's Snow Liniment is the family liniment of the twentieth century. A positive cure for Rheumatism, Burns, Cuts, Sprains, Neuralgia, etc., Mr. C. H. Runyon, Stanberry, Mo., writes: "I have used Snow Liniment for Rheumatism and all pain. I can't say enough in its praise." Sold by D. J. Fry.

Artisans Elect Officers.

Capital Assembly No. 84 met last night in their hall in the Odd Fellows' building, and elected the following officers for the ensuing six months:

James E. Godfrey, past master.
Ivan G. Martin, master Artisan.
Jennie Tillotson, superintendent.
Daisy Music, inspector.
J. Ringo, secretary.
W. W. Hill, treasurer.
S. W. Drake, senior conductor.
Anna High, master of ceremonies.
Ida Godfrey, junior conductor.
Joy Turner, musician.
H. S. Bell and Estelle Branson, field commanders.

After the business session ice cream and cake were served in the dining room.

The assembly will hold its regular monthly open meeting next Friday evening to which all friends are invited.

Elks Initiate.

The Salem lodge of B. P. O. E. met in their elegant hall Thursday evening, and after a lively business session, in which Professor von Jessen, Percy Brigham and Herman Barr were presented with antlers, an excellent musical program was rendered, and at a late hour the 150 present repaired to the dining room, where a substantial repast was served.

Numbers by Dr. R. A. Heritage, LeRoy Gesner, F. G. Deckebach and the Elks' orchestra were very much appreciated by all present.
