THE WAY TO SHADOWTOWN.

Sway to and fro in the twilight gray,
 This is the ferry for Shadowtown
 It sails away at the end of the day,
 Just as the darkness closes down.

Rest, little hand, on my shoulder—so:
 A sleepy kiss is the only fare,
 Drifting away from the world we go,
 Baby and I in the rocking chair.

See, where the firelogs glow and spark,
 Glitter the light of Shadow land,
 The raining drops on the window—hark,
 Are ripples lapping upon its strand.

There where a mirror is glancing dim,
 A lake lies shimmering, cool and still;
 Blossoms are wavering o'er its brim—
 Those over there on the window sill.

Rock slow, more slow, in the dusky light,
 Silently lower the anchor down,
 Dear little passenger, say "Good night,"
 We've reached the harbor of Shadowtown.

—Eugene Field.

THE STRUGGLE OF THE OUTSIDERS.

There is clearly a struggle on in Oregon for those outside of the governmental machine to secure some recognition from those on the inside.

So far the outside people, the unofficial class, the merely taxpaying citizens, **HAVE BEEN UNABLE TO ACCOMPLISH ANYTHING IN THE WAY OF REFORMS.**

All efforts to circumscribe the legislature have failed. All the efforts to take the referendum have been defeated.

It is estimated by one of the organs defending the graft that the sheriff of Multnomah county is making only \$3500 more than his salary on the profit of feeding the prisoners.

The people of that county sought to destroy that petty source of profit to that official, but have been **THWARTED BY THE TECHNICAL DEFECTS IN THEIR PROCEDURE.**

An official who is only taking \$3500 above his salary ought to be complimented for his moderation, from the Multnomah county standard.

Same with the free pass bill. It is true the outsiders who pay taxes and pay railroad fare **THOUGHT THEY HAD KILLED THE OFFICIAL FREE PASS GRAFT TWO YEARS AGO.**

The foolish paying public all voted to adopt a law abolishing this class distinction. They thought they had adopted a law about 16 to 1 as a popular vote to end that farce of free transportation of officials.

But the bill emanating from the adroit Mr. U'Ren had no enacting clause. So it failed. Then the public thought they could rely on the legislature to enact their expressed will into law.

The legislature enacted just the opposite—passing a law **COMPELLING THE RAILROADS TO ISSUE FREE PASSES TO THE OFFICIALS**

When the outsider, the poor, foolish nine-tenths of the populace, who pay to vote and pay to ride, pay to have babies born, and pay to die, want a chance to vote on this official free pass iniquity, the technical lawyer steps in and the technical courts sustain their technicalities.

Just so with all the grafts and outrages perpetrated in the name of legislation. Kicked out of court on technicalities.

In the supreme court last Monday a suit was argued to compel a public official to return to the state treasurer \$100,000 that was taken in the form of fees, perquisites and emoluments.

This money was taken, or at least a large part of it, **IN VIOLATION OF THE CLEAR LANGUAGE OF THE CONSTITUTION.**

What will the courts do with it? What is the press saying about it? The people believe the courts will dodge the issue.

If all the money taken illegally and in violation of the constitution by state officials was collected back this state would not have to levy any taxes for years.

But if all efforts to check the grafts and the predatory instincts of politicians fail, let not the people who make these fights despair. **AS ON A BAD BOY, THERE IS NOT A LICK LOST.**

The struggle for reforms must go on. Not a blow will be lost. The state government must be purged of its excesses and iniquities.

Take the state treasury. In the face of a law that state treasurers should not pocket the interest from public funds, **HUNDREDS OF THOUSANDS OF DOLLARS OF SUCH INTEREST HAVE BEEN TAKEN.**

It may never be collected back. But some day the abuse will stop. It will only stop by keeping up the fight for righteous administration. So let no one be discouraged. The good fight must go on.

Take the state printing graft. It is notorious. The people amended the constitution at the last election for the purpose of enabling the legislature to carry out the long-promised reform.

To put the state printer on a flat salary **WOULD SAVE THE STATE AT LEAST \$25,000 A YEAR.**

Instead of enacting a law in conformity with the expressed will of the people in amending the constitution, the legislature legalized the old graft for four years more.

The greatest newspapers of the state defend and excuse this graft. They humiliate the best efforts of the people **TO GET RID OF AN ABUSE, AN EXCESS OF POLITICS.**

The smart people who believe in the fine art of grafting the public smile and wink at the audacity of prolonging the state printing steal. But the struggle of the outsiders will tap even that dropsical iniquity.

HAS THE FOURTH ANY VALUE.

It has great value in affording a public holiday dedicated to patriotism in all its various forms of manifestation.

Of course, it is tiresome to sit on hard benches and listen to thbly spread out recitations of ancient history.

But there is a great deal of life that is tiresome and unprofitable and **PROBABLY SOME OF THAT GOES WITH THE FOURTH.**

It is a blessing to live in a free country and enjoy its privileges to the utmost even to making uncharitably noises.

The objections to the celebration of the day with booming of cannon and bursting of bomb and firing of anvils **ARE INCREASING.**

As the people become better educated and of a more highly nervous organization they will object more to explosive patriotism.

The brass band patriotism that covers itself with bunting and hangs its premises all over with flags is often only a cold business proposition.

Those who shout "My Country!" loudest often graft the people most continually under the guise of **BEING EXCESSIVELY PATRIOTIC.**

But even for this we should be thankful, for the same man under less free institutions would be a brigand or a lawless aristocrat.

OFFICIALISM HAS ITS WAY.

Every effort to use the referendum as a check upon the extravagance of the legislature has failed.

The boarding prisoners monopoly, the official free passes, the new university tax, the \$100,000 for armories will all stand.

Officialism refuses to file petitions for the referendum unless technically correct. **OFFICIALISM RULES THEM OUT OF COURT.**

The referendum has no standing with officialism. There is to be a state convention held to nominate presidential electors. Look out.

That convention will probably take steps to declare the direct legislation system and the direct nomination systems a failure.

Legislation and government must proceed not from the people, but from the beneficiaries of government. **THAT IS THE DECREE.**

Democracy and Republicanism are mere catchwords, outward forms back of which stalks unprincipled predatory graft more powerful than either.

All the efforts of citizens, all the work of the granges, has come to nought by resorts to technicalities that make the referendum impossible.

By the same token, Mr. U'Ren has amended the initiative law so that it is almost **IMPOSSIBLE FOR THE PEOPLE TO TAKE ANY STEPS FOR THEIR OWN RELIEF.**

Great is officialism and its wool-shod, soft-stepping emissaries.

A NEW ERA OF RESPONSIBILITY.

President Roosevelt's administration marked a new departure—the era of direct responsibility to the people.

McKinley's administration was the high-water mark of machine rule—**RESPONSIBILITY TO THE PARTY MANAGERS.**

Roosevelt's example of dealing with problems from the standpoint of the masses of the people is the reverse of Clevelandism, McKinleyism. Governor Hughes in New York, Governor Folk in Missouri, Governor La Follette in Wisconsin, and Governor Chamberlain in Oregon are in line.

They are dealing with public problems from the standpoint of the people, not of private machine graft **IN THE INTEREST OF SPECIAL INTERESTS.**

The Oregon railroad commission seems to be prosecuting public business from the public standpoint. So is Henry.

The new era of responsibility is ushered in. It cannot be stopped. The interests and rights of the masses are greater than those of any party or any political machine.

By saving a dollar a day and not losing any time, a working man can accumulate \$1,000,000 in 3195 years. This is the amount "Greaser John" gets out of Standard Oil every 30 days. And he does not know anything about his business, either.

The most stylish bathing suits, according to reports from the Atlantic seaboard, are made from the same material as that from which the holes in the peck-a-boo shirt waists are manufactured.

The referendum law, if Judge Galloway's decision is correct, requires the impossible, and as it requires the doing of things that cannot be done it is clearly unconstitutional. This being the case it will be quite proper to take the initiative to the referendum, and knock it in its little idiotic head.

YOU WOR FOR MONEY

In the shop, office or the field, you toil incessantly to make money.

Your best thought and efforts and your strength and time are expended for money.

Why, then, not husband and take care of that which costs so much.

fact that it rented instead of buying them is easily explained—the cracker was "busted."

The Headlight says: "The snort of the iron horse will soon be heard in Tillamook." Yes, and then the snort of the good citizens will be heard, yelling for the railroad commission to come and relieve them from the oppression of the railroad. "Sich is life."

Notice of Intention to Improve

Portion of State Street in the City of Salem, Oregon.

To Whom It May Concern:

Notice is hereby given that the Common Council of the City of Salem, Oregon, deems it expedient to improve, and proposes to improve, State street, in said city, from the west line of Church street to the west line of Twelfth street, in said city, with full intersections, and full intersections, and full width between curbs, save and except a strip seven feet wide in the center of said street in the following manner, to-wit:

1. By changing the grade of said portion of said street so that the same will be slightly lower than at present established.

2. By excavating the roadway of said portion of said street full width between curbs, save and except a strip seven feet in width in the center of said street, to the depth of six inches below the grade provided for in the specifications for the doing of said work now on file with the recorder of said city, and hereinafter referred to, and by thoroughly rolling said portion of said street after such excavation with a steam road roller weighing not less than 12 tons.

3. By placing on this foundation crushed rock which shall be thoroughly rolled with a steam road roller weighing not less than 12 tons, said crushed rock to have a depth after such rolling of four inches, and to present a uniform even surface with proper crown.

4. By spreading on the said crushed rock foundation a heavy coat of Warren's No. 24 Puritan Brand Bitulithic Cement, one gallon of Bitulithic cement used to each square yard of the foundation surface.

5. By laying on said foundation so prepared a wearing surface composed of sound, hard, crushed stone mixed with bitumen and laid on said foundation to the depth of two inches after being thoroughly compacted with a steam road roller, and spreading on said surface a thin coat of Warren's Quick-Drying Bituminous Flush Coat Compositum and fine particles of hot crushed stone.

6. By constructing artificial stone curbing along each side of said portion of said street where no artificial stone curbing now exists, except at street crossings and alleys, and by constructing artificial stone curbs, including corner blocks, at all corners where no curved curbs now exist and by raising the artificial stone curb on the north side of the roadway of said portion of said street between the east boundary line of Sumner street and the west boundary line of Waverly street, so that the top of the same shall be 2 1/2 inches below the established grade of the street when completed.

All of said improvements to be made in accordance with the charter of the City of Salem, Oregon, and the plans, specifications and estimates for the doing of said work heretofore adopted by the Common Council of said city and now on file in the office of the recorder of said city, to which said plans, specifications and estimates the attention of all persons interested in said improvement is hereby called.

The cost of all said improvements to be assessed to the owners of property adjacent to said portion of said street hereby proposed to be improved.

Remonstrances against the above improvement may be filed in writing with the City Recorder of said city within ten days from the final publication of this notice.

By order of the Common Council of the City of Salem, Oregon.

W. A. MOORES, Recorder.
