SALEM'S CHERRY FAIR

Display Will Be Made in the Auditorium Beginning Wednesday

The second annual cherry fair to be held in this county will be held by the Marion County Horticultural Society, under the auspices of the Oregon State Horticultural Society, in the Auditorium rink on Wednesday, Thursday and Friday of this week, and as the fair is to be held at the same time as the meeting of the Pacific Coast Nurserymen's Association, it will doubtless be of deep interest, not only from an educational standpoint, to the many fruit growers, but also as an advertisement for the productions of Marion county.

There will be nurserymen from all parts of the coast, and some from the East present, and it is fortunate that they see the fruit this section can produce.

The coming fair is attracting wide spread attention. Secretary Armstrong has received several letters from points in California, asking information regarding the fair, with a view to sending exhibits. E. D. Paul, of Ukiah, California, is making arrangements to place on exhibit a new variety of cherry which he has developed, and which he has named "Paulheim." The exhibit will arrive today. The fair is open to all growers, there being no fee charged whatever for entering exhibits, and all growers are earnestly requested to take part in the show. The local exhibitors, where it is possible, are asked to bring in their displays of berries, cherries and all kinds of fruit on Wednesday morning, as the building will not be in condition to receive the fruit until that time. Flowers or anything to be used as decorations should be brought in tomorrow.

The committee also asks that any growers who have attractive cherry boughs loaded with fruit bring them for decorating purposes. The prizes will be awarded Thursday, the second day of the fair, and the judges will be Mark Levy, of Portland; Hon. E. L. Smith, of Hood River, and Prof. C. I. Lewis, of Corvallis; representing three phases of the fruit industry, namely, the commercial business, the practical grower and the scientific side of horticulture, respectively.

Program.

The three days' program will be as follows:

Wednesday, July 10—Afternoon Session, 1:30 p. m.

Address of welcome, Geo. F. Rodgers, mayor of Salem. Welcome on behalf of Salem Board of Trade, H. B. Thielsen. Response on behalf of fruitgrowers and nurserymen, H. C. Atwell. Address, F. W. Power. "Commercial Bulb Growing," A. Lingham.

Evening Session, 8:00 p. m. "Marked Line Between Inferior and Superior Nursery Stock," J. A. Stewart.

"The Necessity of United Effort," W. D. Ingalls.

"The Cherry in Eastern Oregon," Judd Geer.

"European Methods," J. B. Pilkington.

WOODBURN LOSES TO FRAKES

Woodburn lost to the Frakes yesterday at Woodburn by the score of 13 to 6. This puts the Frakes in the lead in the Tri-City League, and 33 per cent ahead of Woodburn, which is next. The Frakes batted two pitchers out of the box yesterday, and it was only when Jay King came to the rescue that they could hold them down. This was one of the most important games so far, as the Woodburns and the Frakes have been tied for some time. A large crowd was out to the game, and a number of Salem people went down.

WILL RUN ONE MONTH.

River Traffic From Portland Here Will Continue for Few Weeks.

The stage of the Willamette river at this point is now two feet above low water mark, and the Oregonian is yet making regular runs from Portland, and it is the expectation to keep the boat on the river for at least a month yet. The Oregonian draws two feet of water when loaded with 75 tons of freight. It is said that the business of the river is constantly increasing and by next winter additional boats will likely be operated from Portland through the valley as far as Corvallis.—Albany Herald.

Cutting Echo Wheat.

Elt Spike is finishing heading 800 acres of wheat five miles west of Echo, which it is thought will yield from 25 to 30 bushels per acre. This is the first crop on new land, and is considered a good yield for that section.—East Oregonian.
