

When You Take Cold

One way is to pay no attention to it; at least, not until it develops into pneumonia, or bronchitis, or pleurisy. Another way is to ask your doctor about Ayer's Cherry Pectoral. If he says, "The best thing for colds," then take it. Do as he says, anyway. We have no secrets! We publish the formulas of all our preparations. J. C. Ayer & Co., Lowell, Mass.

A Canal of Riveted Steel.
Important contracts have recently been carried out for a comprehensive scheme in Upper Egypt, by which 125,000 acres are eventually irrigated and put under cultivation. The plan is one of the largest irrigation schemes promoted in that country. A dam of the Nile water supply is being utilized. The irrigation is bounded on the west by the Nile and on the east by the great Nile. The soil is dry and parched and supposed to have received no water for the last 3000 or 4000 years. The east bank of the Nile at Ono is too high to allow of being irrigated at flood in the usual manner, and in order to obtain a sufficient supply of water for the continual irrigation of the entire tract it was necessary to install pumps. These pumps discharge the water into riveted steel mains, which in turn delivered service reservoir. This reservoir connected with the great steel pipe which delivers the water into the earth canals or culverts, measuring 19 feet 8 1/2 inches diameter, total length 517 feet, built of seven plates around the circumference, the plates being connected by half-inch snapped-head bolts, of which a total of 650,000 are used. To allow for expansion contraction the canal was subdivided into seventeen sections, which were connected together by expansion basins and packed expansion joints. At the end of each section of canal as it entered the main basin a stiffening band was attached to the external rivet heads countersunk flush. This band is able to slide in and out of the joints on short sections of rail left in the masonry. The point is kept by means of tarred or tallowed packing enclosed between two semi-circular angles placed back with bolts passing through them. The weight of the flowing through keeps the caulking on the packing, and each can therefore expand or contract according to temperature. The many difficulties encountered in the work were the expansion of the steel plates, the sun's rays affecting the metal of the canal nearest to it more than the other side, and the wind action, which frequently displaced a whole section of the canal several inches. The total length of the steel work was 1250 feet.

It is said that the president will not reply to Dr. Long. There seems to come times when silence is the better part of wisdom, even for the president.—Bristol Courier.

Deafness Cannot be Cured
by local applications, "as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

The Doctor Away from Home When Most Needed.

People are very much disappointed to find that their family physician is away from home when they most need his services. Diseases like cramp colic and cholera morbus require prompt treatment, and have in many instances proven fatal before medicine could be procured from or a physician summoned. The right way is to keep on hand a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy. No physician can prescribe a better medicine for these diseases. By having it in the house you escape much pain and suffering and all risk. Buy it now; it may save life. For sale by Dr. Stone's Drug Store.

Best Medicine in the World for Colic and Diarrhoea.

"I find Chamberlain's Colic, Cholera and Diarrhoea Remedy to be the best remedy in the world," says Mr. C. L. Carter of Skirum, Ala. I am subject to colic and diarrhoea. Last spring it seemed as though I would die, and I think I would if I hadn't taken Chamberlain's Colic, Cholera and Diarrhoea Remedy. I haven't been troubled with it since until this week, when I had a very severe attack and took half a bottle of twenty-five cent size Chamberlain's Colic, Cholera and Diarrhoea Remedy, and this morning I feel like a new man." The Magic No. 3.
Number three is a wonderful mascot for Geo. H. Parris of Cedar Grove, Me., according to a letter which reads: "After suffering much with liver and kidney trouble, and becoming greatly discouraged by the failure to find relief, I tried Electric Bitters, and as a result I am a well man today. The first bottle relieved and three bottles completed the cure." Guaranteed best on earth for stomach, liver and kidney troubles, by J. C. Perry druggist. 50c.
