Penitentiary Report.

Superintendent James has filed report for the term ending June 30. The report shows that at the close of the quarter there were 380 prisoners, which is seven more than at the close of the last quarter. During the quarter 69 were received, 62 were discharged, 2 were pardoned, 1 was transferred to the State Prison, and 1 was returned to the State Prison. The earnings of the Northwest factory from convict labor for the quarter were \$17,555. The expenses amount to \$15,954.49.

The Magic No. 3.

Number three is a wonderful number. Geo. H. Parris of Cedar Me., according to a letter reads: "After suffering much liver and kidney trouble, and being greatly discouraged by the failure to find relief, I tried Electric Pills, and as a result I am a well today. The first bottle relieved three bottles completed the cure." It is the best on earth for stomach, liver and kidney troubles, by J. C. Perry, druggist, 50c.

Vaudette's Clever Entertainment.

The program at the Vaudette this evening is up to the standard of excellence of the entertainments given in the amusement house.

The moving pictures are the most valuable part of the performance. The illustrated song "In the Shade of the Old Apple Tree," is given in a faultless manner. The first picture presented is "When Were Boys," and depicts two old fellows relating the adventures of their youth. "The Foxy Tramp" is an amusing set of views, which are sure to please.

Woman Is Drowned After Being Saved.

St. Louis, July 23.—After being saved twice by her escort, who placed her on the bottom of an overturned canoe, Miss Ruth Ledwige, 18 years old, of 4956 Washington boulevard, was drowned in the rapids of the Merrimac river, near St. Louis at dusk Sunday, while her escort was saving a companion, Miss Olive Wine-now, 19 years old. The canoe containing the girls and Ross Denham, aged 24, of 5320 Wells avenue, was overturned while Miss Ledwige was tying her shoe. Denham managed to place both girls on the overturned canoe, which turned, throwing them into the water a second time. Denham placed Miss Ledwige a second time on the boat, and while he was struggling to save Miss Wine-now the canoe was swept into the rapids, into which the party had drifted. Miss Ledwige's body has not been recovered.

Preachers Must Pay Fare.

Chicago, July 23.—Clergymen, charity workers, inmates of soldiers' and sailors' homes hereafter, when they travel, will pay full fare, the same as ordinary citizens. Ever since the 2-cent rate laws began to be agitated, the reduced fares for clergymen have been "up in the air." More than 100,000 annual certificates now in existence will be cancelled. In the West these grant a rate of 1 1/2 cents a mile and in the East 2 cents a mile. The general inclination of the country to demand a flat 2-cent rate determined the action. The roads feel that they can show no favors, and that the present rate is low enough for anybody.

The Charming Woman

is not necessarily one of perfect form and features. Many a plain woman who could never serve as an artist's model, possesses those rare qualities that all the world admires; neatness, clear eyes, clean, smooth skin and that sprightliness of step and action that accompany good health. A physically weak woman is never attractive, not even to herself. Electric Bitters restore weak women, give strong nerves, bright eyes, smooth, velvety skin, beautiful complexion. Guaranteed at J. C. Perry, druggist, 50c.

Mexico Will Tackle Big Railroad Job.

San Antonio, Tex., July 23.—A special to the Express from Mazatlan says:

Authoritative information has been received here that the Durango-Mazatlan railroad will be built by the Mexican government. It will be the first piece of construction since the National Merger was definitely effected. It is expected work will be started at the end of this year.

This line is 365 miles long, and the estimated cost is \$25,000,000 Mexican currency. It will require several million more to complete the line.

A Wonderful Happening.

Port Byron, N. Y., has witnessed one of the most remarkable cases of healing ever recorded. Amos F. King, of that place says: "Bucklen's Arnica Salve cured a sore on my leg with which I had suffered over 80 years. I am now eighty-five." Guaranteed to cure all sores, by J. C. Perry, druggist, 25c.

Finds Body Hanging from Limb of Tree.

Roseburg, Or., July 23.—The body of Phillip Standly, who disappeared from his home at Camas Valley on the morning of his wedding day, April 15, 1907, and for whom a vigorous search has been in progress ever since, was found Saturday evening by Mr. Pierce, while hunting in the vicinity where Stanley's tracks were last seen. Stanley's remains were found hanging with a rope around the neck from a limb of a tree. As there was some talk of foul play, Coroner Hammit is holding an inquest over the remains.

A Memorable Day.

One of the days we remember with pleasure, as well as with profit to our health on which we became acquainted with Dr. King's New Life Pills, the painless purifiers that cure headache and biliousness, and keep the bowels right. 25c at J.C. Perry's drug store.

China Rebellion Probable.

New York, July 23.—A letter was received at the headquarters of the Board of Foreign Missions of the Presbyterian Church from one of the medical missionaries of the board now in China, describing the condition around China. According to Dr. J. M. Swan, the writer of the letter, only a leader is necessary for a widespread rebellion in that part of China. He says that certainly, before many months have passed, a decided change in the government may be expected, and that whether this is accomplished by force of arms or not is yet to be determined.

X-RAYS

The automobile is still doing good work in such states as have an inheritance tax law.

The automobile that kills the lawless owner who is driving it at high speed regardless of the lives of others, does the correct thing. The time is approaching when pedestrians will carry a gun, and shoot a few cranks in self-defense.

The only danger from Mayor Schmitz being exposed to the smallpox in the San Francisco jail, is that he may break out.

Joseph Laudenbauerer, of Chicago, mistaking his wife for a burglar, reached for his revolver and shot her dead. He should be hanged twice, once for being a d-d fool and the other for owning a revolver, though the latter offense is covered by the first cause.

The railroad commissioners met yesterday—and—and—and adjourned.

The railroad people solemnly testified that if they put on a stub train from Roseburg it would require an engine to pull it, and a train crew to operate it, and the commissioners just accepted the statement without any corroborative evidence.

Best Medicine in the World for Colic and Diarrhoea.

"I find Chamberlain's Colic, Cholera and Diarrhoea Remedy to be the best remedy in the world," says Mr. C. L. Carter of Skirum, Ala. I am subject to colic and diarrhoea. Last spring it seemed as though I would die, and I think I would if I hadn't taken Chamberlain's Colic, Cholera and Diarrhoea Remedy. I haven't been troubled with it since until this week, when I had a very severe attack and took half a bottle of twenty-five cent size Chamberlain's Colic, Cholera and Diarrhoea Remedy, and this morning I feel like a new man." For sale by Dr. Stone's Drug Store.

Korean Affair.

Tokio, July 23.—The ex-emperor of Korea will be removed to the interior. Hayashi has expressed a strong determination to solve the situation. At Tokio the senior statesmen and members of the cabinet have held a conference on the subject.

Long Live the King!

is the popular cry throughout European countries; while in America, the cry of the present day is "Long Live Dr. King's New Discovery, King of Throat and Lung Remedies!" of which Mrs. Julia Ryder Paine, Truro, Mass., says: "It never fails to give immediate relief and to quickly cure a cough or cold." Mrs. Paine's opinion is shared by a majority of the inhabitants of this country. New Discovery cures weak lungs and sore throats after all other remedies have failed; and for coughs and colds it's the only sure cure. Guaranteed by J. C. Perry, druggist, 50c and \$1.00. Trial bottle free.

A Dangerous Autoist.

Last night between 8 and 9 o'clock some young fellow with a lady and little girl in his auto raced out State street at the rate of 15 to 20 miles an hour. So long as people and teams are kept off the roads this speed is all right, as it would endanger no one's neck but the driver's; but in case of running into some one and causing death, hanging should be the punishment.

Bad Burn Quickly Healed.

"I am so delighted with what Chamberlain's Salve has done for me that I feel bound to write and tell you so," says Mrs. Robert Mytton, 457 John St., Hamilton, Ontario. "My little daughter had a bad burn on her knee. I applied Chamberlain's Salve and it healed beautifully." This salve allays the pain of a burn almost instantly. It is for sale by Dr. Stone's Drug Store.

Engineer and Fireman Cooked.

Minneapolis, Minn., July 23.—Engineer Serfess and Fireman Parker were cooked to death and two were badly injured on a Great Northern Engine today, as the result of a collision between Great Northern and Milwaukee freight trains on a bridge. Parker and Serfess were pinned in the wreckage.

He Fired the Stick.

"I have fired the walking-stick I've carried over 40 years, on account of a sore that resisted every kind of treatment, until I tried Bucklen's Arnica Salve; that has healed the sore and made me a happy man," writes John Garret, of North Mills, N. C. Guaranteed for Piles, Burns etc., by J. C. Perry druggist, 25c.

CAME TO STUDY DRY FARMING

So anxious is the government of Brazil to learn practical methods of reclamation and dry land farming, that she has sent an attaché of her department of agriculture 8000 miles to Oregon to study the methods in use in the arid section of this state.

Senor Enrique Arcole, an attaché of the agricultural department of the government of Brazil, was a passenger on No. 1 today, on his way to Portland, where he goes on a trip connected with the commercial relations of Brazil and the United States. After visiting there for a few days he expects to return to Hermiston, Echo and the Butter creek country to look over the irrigated land and study methods of irrigation.

Senor Arcole left Brazil last March for the purpose of studying dry land farming methods in the Pacific coast states, and has been for two months in Colorado, Wyoming and Utah, and will now give some time to Oregon.

The Brazilian government, like the United States, is striving to find homes for thousands of immigrants coming into the country and for her overflow population from the cities.

In the central portion of Brazil are millions of acres of high upland which is susceptible of dry farming and which Brazil will seek to reclaim by this method if possible. Her vast ranges which have been the wonder of the world for years are being invaded by settlers and Portuguese are going for hundreds of miles into the interior in search of homes on the small rivers and creek bottoms.

Senor Arcole speaks enthusiastically of his experiences in the United States. He is an educated Brazilian, having attended Harvard university for a number of years and speaks English very well. Other attaches of the Brazilian government left at the same time he started to this country to study methods of farming in Australia, South Africa and Mexico and all expect to return and report their findings about January 1, 1908.

Passing of a Pioneer.

A correspondent writing from Crabtree says:

This community was grieved to hear of the death of Mrs. Sarah Crockett, who passed away at 4 o'clock July 16, 1907, at the home of her son-in-law, E. L. Bean, of Crabtree. She was conscious to the end. Her health has been poor for some time, although her death was a shock to all. Mrs. Crockett was aged 71 years, 4 months and 29 days, being born in Morgan county, Missouri, February 17, 1836, and came to California with her parents when little more than a child, crossing the plains with an ox team in 1849. She came to Oregon in 1854, with a married sister, on pack mules. Her maiden name was Sarah Smith. On March 16, 1858, she was married to Thomas D. Crockett, of Linn county, near where Lacombe now stands. To them 11 children were born. She leaves besides her feeble husband 10 children, eight girls and two boys: John A. and Samuel, of Crabtree; Mrs. Jeff Hannah and Mrs. Dutch Forn, of Crabtree; Mrs. M. T. Freeman and Mrs. Wm. Craft, of Albany; Mrs. David Slater and Mrs. Chas. Henderson, of Detroit; Mrs. Tom Ward, of Portland, and Mrs. G. W. Jory, of Liberty. One daughter, Mrs. E. L. Bean, passed away some six or seven years ago. Mrs. Crockett was a member of the Brethren, or Dunkard's church. The funeral services were held at Providence, Linn county, July 18th, at 12 o'clock. The funeral was largely attended. Rev. Elmore, of Brownsville, conducted the services.

Leon Kidder in Hospital.

Leon Kidder, the youngest of the Kidder boys burned last Tuesday in an explosion of black powder at their home on the Umatilla river west of the city, is now at St. Anthony's hospital, where he is in a serious condition. Last evening all the skin was removed from the upper portion of his body and arms and the flesh exposed. It is impossible for him to lie down and he sits in a chair, where he sleeps but little. If complications do not arise he will recover, but it will require some time for the new skin to grow upon his body.—East Oregonian.
