ROSEBURG LOSES THE CUP

Company K of Portland Wins It By a Margin of Six Points

In a closely fought rifle competition, Company K, of the Third Oregon Infantry of Portland, won the state trophy cup on the target range Saturday east of Roseburg. The Portland team defeated the formidable Roseburg sharpshooters, Co. D, by a scant six points. When the last shot was fired, Portland's marksmen had a score of 486 points out of a possible 600, while Roseburg totalled just 480.

Other teams, while doing good work, were plainly outclassed by these two squads.

The trophy contest proved a spirited one throughout. Roseburg held the cup from last year and was determined to keep it. Eighteen teams entered the competition and all had been drilling months for the event. A Roseburg man, Private B. F. Shields, won the state individual medal, beating Captain Denny of Portland by two points.

The forenoon was devoted to slow fire at 200 yards. Company K gained a slight advantage on this range, but lost it early in the forenoon over the 600 yard range, slow fire, when Company D forged ahead.

The rapid fire shooting at 200 yards was what gave final victory to the Portland team. Each man was required to fire five shots at a target representing the half figure of a man. This target remained in sight above the pits only 20 seconds for each marksman. Each bulls-eye counted five points, and any man tardy in shooting his final shot lost five points for each shot left unfired. Few of the marksmen got left, and none of the leading teams for a point in this manner.

Evrey man in the camp was out to see Company K and D finish on the rapid-fire range. Captain R. O. Scott lead off with a score of 43 out of a possible 50. Sergeant A. A. Schwartz followed with a score of 32. Coporal G. E. Upton made 45. Captain F. B. Hamlin lead off for Company D, scoring 35. Corporal S. Jackson followed with 41, Ser-ant A. Q. Johnson 32 and Private F. Shields 47. Private Shields' re was close to the record for id-fire work and won for him the te individual medal. He got every t in with machine-like precision ide of 20 seconds, lowering his de, in fact, before the target sank out of sight at the expiration of his time.

The state individual match, consisted of a skirmish run and slow firing at 200, 600, 800 and 1000 yards, opened Sunday and was still in progress this afternoon.

This evening when all scores are outed about fifteen of the guards- will be selected to represent the at the national shoot at Port on, Ohio, next month. These will remain here for at least two s to practice on the rifle range. balance of the guardsmen break and leave for home tonight.

New Regiment Formed.

urday evening at the encamp- a new regiment of infantry was d under the direction of Adju- General W. E. Finzer. It will take the name of the Fourth regiment of infantry of the Oregon National Guard, and will be comprised of the following companies: A and C of Eugene, D of Roseburg, B of Ashland, all formerly of the First separate battalion; separate companies E and F of Cottage Grove and McMinnville, and G of Albany, formerly of Third regiment. At a meeting of the commissioned officers of these companies, Major G. O. Yoran, commanding the First separate battalion, was elected colonel. He will select and announce his staff later.

It is almost a certainly that Capt M. Williams of Eugene will be ap-ted lieutenant colonel and Capt. Hammond of the same city and F. B. Hamlin of Roseburg, rs. These officers rank the other ains of the regiment in senior- and it is said that their appoint- t will be recommended at once Col. Yoran to Adjutant General and Gov. Chamberlain. In of Captain Hamlin's promo- Lieutenant H. C. Slocum would advance to the captaincy of the local company, and in turn would be suceeded by Second Lieutenant Z. N. Agee. The place of second lieutenant would probably fall to First Sergeant F. G. Stewart.—Roseburg Review.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.

State Fair Notes.

The Greater Oregon State fair at Salem, September 16 to 21, inclusive, will be the biggest thing of its kind in the history of the northwest.

The Oregon State fair (September 16-21), at Salem, is the common meeting place for the people of the northwest. The fair is a regular family reunion and general round-up of friends and neighbors. Come and renew old acquiantances, and see the greatest fair the northwest has even known.

A letter from the Better Fruit Magazine of Hood River, Oregon, to Secretary Frank Welch of the Greater Oregon State Fair (September 16-21), is of interest to fruitgrowers. This publication has been giving cups and trophies for fairs and fruit shows repreatedly to promote the industry, but they state that the handsomest cup they have yet donated will be given for the best-packed display of fruit at the fair this year. The cup will be on exhibition in Patton Brothers' window in Salem a few days before the fair.

Among the many improvements at the state fair grounds in Salem being made, two others not mentioned in last week's article are contemplated. A new building for the exhibition of fine-bred dogs at the fair (September 16-21), will be erected back of the dairy building. The new structure will be 20x40 feet, and equipped with entirely modern fixtures.

Another addition which will be made if the appropriation from the state holds out is an office building. The officers and directors have always been located in the pavilion, but this arrangement is inconvenient, and the space might well be used for exhibits. The new structure will be built on the bungalow plan. It will be placed on a site northeast of the pavilion, formerly occupied by a restaurant. This point is the most central on the grounds, commanding a view of the main walk from the entrance gate, the pavilion, concessions, race track and live stock exhibits.

A Tribute to Willamette.

The Herald is in receipt of the beautiful printed and well edited booklet entitled "The New Willamette." It is certainly refreshing to compare that splendid university with other schools of our knowledge. Possibly because it is a home institution that pride in the heart of every true Oregonian swells up when reading of its achievements. The Rhodes scholarship was won Edward J. Winans, a student of this institution; a new liberal arts building that will cost $50,000 is in course of construction; the endowment fund reached almost $100,000 the past year; $5000 is to be spent in beautifying the campus, and many other things are being done which goes to prove that Willamette is one of the colleges of Oregon that is keeping pace with the rapid improvement of the schools of today. Interesting it is to note the many bright men and women who have been graduated from this school, some of whom are now holding important positions in the state and nation. It has been the massive cornerstone to Oregon's achievement; it has been the staff upon which many of the young men and women have leaned until they were advanced in both books and experience to support themselves; it was the nucleus around which has formed the advanced and enlightened condition of everything that tends to make a better people.

"Hail Willamette, first and best
Day-spring of the golden west:
Sound the praises, youths and maidens in your song;
Tell her glorius works afar,
Tell how great her triumphs are,
Tell the world that all our hearts to her belong."

—Baker City Herald.

HAD AN AWFUL TIME.

But Chamberlain's Colic, Cholera and Diarrhoea Remedy Cured Him.

It is with pleasure that I give you this unsolicited testimonial. About a year ago when I had a severe case of measles I got caught out in a hard rain and the measles settled in my stomach and bowels. I had an awful time and had it not been for the use of Chamberlain's Colic, Cholera and Diarrhoea Remedy I could not have possibly lived but a few hours longer, but thanks to this remedy I am now strong and well. I have written the above through simple gratitude and I shall always speak a good word for this remedy. —Sam H. Gwin, Concord, Ga. For sale at Dr. Stone's drug store.

Felt Glad He Didn't.

C. J. Burley, the contractor, had an experience on Monday that gives him the shivers when he lays awake nights thinking. He is at work for J R. Harbert, who lives on the other side of the McKenzie across Deadmond's ferry, building a large hop house. He had torn the old one down and was about to tear down the furnace. Just before doing so he was about to reach into the fire box to find out what was there, when a lucky impulse seized him to look first. There, coiled in a space the size of a waiter's platter, law a big rattler. It didn't take him long to get a "big stick" and despatch the venomous reptile, which had nine rattles and a button, but the body was of unusual size.—Eugene Register.

The old remedies are the best. Hickory Bark Cough Remedy has been in use for over one hundred years by the old Dutch Dunkards of Pennsylvania, and is still in use by all the old families of Western Pennsylvania. Is absolutely pure; made from the bark of the white or shellbark hickory tree. The bark is shipped from the east, and manufactured in Salem, Ore., For sale by all dealers everywhere.

"The Blood is The Life."

Science has never gone beyond the above simple statement of scripture. But it has illuminated that statement and given it a meaning ever broadening with the increasing breadth of knowledge. When the blood is "bad" or impure it is not alone the body which suffers through disease. The brain is also clouded, the mind and judgement are effected, and many an evil deed or impure thought may be directly traced to the impurity of the blood. Foul, impure blood can be made pure by the use of Dr. Pierce's Golden Medical Discovery. It enriches and purifies the blood thereby curing, pimples, blotches, eruptions and other cutaneous affections, as eczema, tetter, or salt-rheum, hives and other manifestations of impure blood.

In the cure of scrofulous swellings, enlarged glands, open eating ulcers, or old sores, the "Golden Medical Discovery" has performed the most marvelous cures. In cases of old sores, or open eating ulcers, it is well to apply to the open sores Dr. Pierce's All-Healing Salve, which possesses wonderful healing potency when used as an application to the sores in conjunction with the use of "Golden Medical Discovery" as a blood cleansing constitutional treatment. If your druggist don't happen to have the "All-Healing Salve" in stock, you can easily procure it by inclosing fifty-four cents in postage stamps to Dr. R. V. Pierce, 663 Main St., Buffalo, N. Y., and it will come to you by return post. Most druggists keep it as well as the "Golden Medical Discovery."

You can't afford to accept any medicine of *unknown composition* as a substitute for "Golden Medical Discovery," which is a medicine of KNOWN COMPOSITION, having a complete list of ingredients in plain English on its bottle-wrapper, the same being attested as correct under oath.
