SOCIAL GOSSIP

Honor of Misses Gray and Catlin.—Miss Nellie Thielson was a charming hostess at a one o'clock luncheon Wednesday at her home on Capitol street. The affair was given in honor of Miss Sophie Catlin of this city and Miss Margaret Gray of Seattle. Formerly of this city, who leaves on the 10th of August for Millersville, Oakland, to become students at the college colors, yellow and blue, and flower, the daisy, formed effective decorations. The place was yellow with a spray of daisies, and at each place were long streamers of Shasta daisies tied with white ribbon.

Covers were laid for twelve, the guests being Misses Sophie Catlin, Margaret Gray, Mildred Bagley, Clara Durbin, Atha Moores, Marie Hofer, Madeline Walker, Veda Cross, Mary Eakin, Edith Ragan and the Eckerlen.

In Honor of Portland Guest.—Miss Marie Hofer entertained the members of the Treue club Friday afternoon in honor of her guest, Miss Potter of Portland. A most pleasant afternoon was spent.

Picnic Party.—The members of the Treue club went on a jolly picnic party Thursday afternoon, and well supplied with things to eat, they made their way to Bush's pasture and "just had picnic." Those going were Misses Ragan, Margaret Gray of Seattle, Nell Thielson, Marie Hofer, Barbara Eckerlen, Marie Hofer, Barbara Durbin, Madeline Walker, Mildred Bagley, Veda Cross and Sophie Catlin.

Birthday Party.—The little friends of Lester Young, of Dr. and Mrs. Young, gave him a delightful surprise last Monday evening at their home in North Salem, it being his tenth birthday. The evening was spent in playing games and refreshments were served. Mrs. Young assisted by her niece, Margaret Bagley.

Former Salem Girl Married.
Miss Jessie Beauchamp, a former Salem girl, was married last Saturday in Portland to Mr. W. J. Stephens, of Tillamook City. Mrs. Stephens is well known in this city where she attended school and grew to womanhood. Mr. Stephens is a well known and popular young business man of Tillamook City. They will make that city their home.

MUST FIGHT JAPAN

That war, sooner or later, is bound to come between the United States and Japan, unless this country shows a disposition to give the Japanese the benefit of its institutions on the same basis as it treats all citizens who come within the "most favored nations" clause of the treaties existing between this and foreign nations, is the opinion of Baron S. Sajini, member of the Japanese diet, prominent in commercial and financial circles in the mikado's empire and a worker in the Y. M. C. A. and other religious movements in the orient. He is now in the United States.

Sajini gives his opinion in a letter written to one of his countrymen in Seattle. He paints a gloomy picture of the future of both countries estranged by racial antagonisms and says while this country will suffer much in blood and treasure in case of war, the orient will be the greatest sufferer materially and Christianity will receive a setback from which it will take 50 years to recover.

Tells How to Avoid War.
In his letter, written from Washington city, the baron says: "It is useless trying to disguise the situation, and all the diplomatic explanations in the world will not suffice to render our people easy, when their honor is attacked, when they feel they have been deprived of rights in this country to which the high order of our civilization entitles them. Personally I regard war as horrible and

a barbarous method of settling questions, not only that war never does settle anything, but I cannot escape the conclusion a catastrophe of this nature will not be averted except by the United States refraining from enacting legislation what would wound the dignity of our nation and insult its people.

"War at this time would be frightful, especially when Christianity is making such progress in our country. One of the most potent factors in inducing my countrymen to accept Christianity is the example of justice and honor presented by the United States, which is regarded in Japan as not only nominally but really a Christian nation. It would be disastrous to the sacred cause to lose this influence.

The Story of a Medicine.
Its name—"Golden Medical Discovery" was suggested by one of its most important and valuable ingredients—Golden Seal root.

Nearly forty years ago, Dr. Pierce discovered that he could, by the use of pure, triple-refined glycerine, aided by a certain degree of constantly maintained heat and with the aid of apparatus and appliances designed for that purpose, extract from our most valuable native medicinal roots their curative properties much better than by the use of alcohol, so generally employed. So the now world-famous "Golden Medical Discovery," for the cure of weak stomach, indigestion, or dyspepsia, torpid liver, or biliousness and kindred derangements was first made, as it ever since has been, without a particle of alcohol in its make-up.

A glance at the full list of its ingredients, printed on every bottle wrapper, will show that it is made from the most valuable medicinal roots found growing in our American forests. All these ingredients have received the strongest endorsement from the leading medical experts of England and writes an American physician who recommends them as the very best remedies for the diseases for which "Golden Medical Discovery" is advised.

A little book of these endorsements has been compiled by Dr. R. V. Pierce, of Buffalo, N. Y., and will be mailed free to any one asking same by postal card, or letter addressed to the Doctor as above. From these endorsements, copied from standard medical books of all the different schools of practice, it will be found that the ingredients composing the "Golden Medical Discovery" are advised not only for the cure of the above mentioned diseases, but also for the cure of all catarrhal, bronchial and throat affections, accompanied with catarrhal discharges, hoarseness, sore throat, lingering, or hang-on-coughs, and all those wasting affections which, if not promptly and properly treated are liable to terminate in consumption. Take Dr. Pierce's Discovery in time and persevere in its use until you give it a fair trial and it is not likely to disappoint. Too much must not be expected of it. It will not perform miracles. It will not cure consumption in its advanced stages. No medicine will. It will cure the affections that lead up to consumption, if taken in time.

Positions Tensely Stated.
"It is useless to try to explain to my people all persons are not responsible for the action of politicians with perverted minds. They simply says: 'Are not the Americans Christians, and does not this religion teach forbearance, love and justice? Then why do the Americans seek to humiliate Japan, whose sons are as brave and honorable as can be found in the world?' In the interest of Christianity it is necessary to avert war at all hazards, but America, if she is great, should be generous, and not force upon Nippon the duty of defending her honor.

"If Japan must fight she will fight until she is either victorious or has exhausted every resource at her command. Mind, I do not advocate war. I am simply warning you of the inevitable."—Seattle Times.

Remedy for Diarrhoea—Never Known to Fail.
"I want to say a few words for Chamberlain's Colic, Cholera and Diarrhoea Remedy. I have used this preparation in my family for the past five years and have recommended it to a number of people in York county and have never known it to fail to effect a cure in any instance. I feel that I can not say too much for the best remedy of the kind in the world."—S. Jemison, Spring Grove, York county, Pa. This remedy is for sale at Dr Stone's drug store.
