Fitzmaurice Who Was Serving Three Years Sentence For Larceny Released

Fitzmaurice, who pleaded guilty to robbing a Chinaman in May in November 1905 and was sentenced to serve three years in the penitentiary, was pardoned yesterday by Governor Chamberlain.

A petition asking for his release was signed by nearly seventy persons of Grant county and sets forth the facts of the case.

Fitzmaurice was arrested on the 16th day of November at Astoria, Grant county, Oregon, together with several parties including a Chinaman named Ah Hang. They were taken to the county jail and held there until the 17th day of November when they were taken to the county jail at Astoria.

The petitioners state that they were personally acquainted with the defendant and that they were all of the opinion that the defendant was a good man and that he had been in the county jail for three years and that he had done no harm to any one.

EASY WAY TO ADVERTISE THE STATE.

Tell Our Eastern Friends All About the Superior Opportunities We Possess.

On April 29th last the Oregonian published a special industrial edition devoted exclusively to the exploitation of Oregon. It probably contained more special and miscellaneous information about Oregon than any other publication that has ever been published in this state.

It is peculiarly useful and profitable to the homeseeker, because it contains the latest and most reliable information about so many different sections of the homeseeker is naturally interested in. Almost every branch of industry is specialized, and both descriptive and statistical information of a highly valuable character is given extensively and in an interesting form.

Residents of Oregon who know the advantages as compared with the depleted east, and who have friends back there whom they would like to see here enjoying the good things of this favored state, should send in a splendid work without any effort. If you send your friend would be interested in knowing more about Oregon, might eventually become a valuable citizen, send his name and address to the general passenger agent of the Oregon Railway & Navigation Company or the Southern Pacific at Astoria, and a copy of this special issue, with a complete summary of the several subjects treated, carefully indexed, will be mailed to him promptly. In this manner you may mean not only of doing your part for a good turn, but of helping to stimulate the growth and prosperity of Oregon.

Don't forget that commencing September 1st and continuing daily for two months, tickets will be on sale at almost every railroad station in the east to all points in Oregon. These rates are the cheapest general long distance rates ever published, and enable one to reach Oregon from any part of the United States at but a trifle more than one cent a mile. They are the greatest inducement to colonization and progressive building of any known territory, and if the restless, dissatisfied resident of the East is made to know before-hand the advantages he can enjoy here, the problem is solved, the star of empire will continue to move steadily westward.

The Modesty of Women

Naturally makes them shrink from the indecicate questions, the obnoxious examinations, and unpleasant local treatments, which some physicians consider essential in the treatment of diseases of women. Yet, if help can be had, it is better to submit to this ordeal than let the disease grow and spread. The trouble is that so often the woman undergoes all the annoyance and shame for nothing. Thousands of women who have been cured by Dr. Pierce's Favorite Prescription write in appreciation of the cure which dispensed with the examinations and local treatments. There is no other medicine so sure and safe for delicate women as "Favorite Prescription." It cures debility, irregularity and female weakness. It always helps. It almost always cures. It is strictly non-alcoholic, non-secret, all its ingredients being printed on its bottle-wrapper; contains no deleterious or habit-forming drugs, and every native medicinal root entering into its composition has the full endorsement of those most eminent in the several schools of medical practice. Some of these numerous and strongest of professional endorsements of its ingredients, will be found in a pamphlet wrapped around the bottle, also in a booklet mailed free on request, by Dr. R. V. Pierce, of Buffalo, N. Y. These professional endorsements should have far more weight than any amount of the ordinary lay, or non-professional testimonials.

The most intelligent women now-a-days insist on knowing what they take as medicine instead of opening their mouths like a lot of young birds and gulping down whatever is offered them. "Favorite Prescription" is of known composition. It makes weak women strong and sick women well.

Dr. Pierce's Medical Adviser is sent free on receipt of stamps to pay expense of mailing only. Send to Dr. R. V. Pierce, Buffalo, N. Y., 21 one-cent stamps for paper-covered, or 31 stamps for cloth-bound.

If sick consult the Doctor, free of charge by letter. All such communications are held sacredly confidential.

Dr. Pierce's Pleasant Pellets invigorate and regulate stomach, liver and bowels

SUCCESSFUL WOOL SEASON.

Oregon's Product for This Year Is 20,000,000 Pounds.

The woolgrowers of Oregon, in the season now drawing to a close have enjoyed more than their usual share of prosperity, in fact, the year has probably been the best in the history of the industry of the state. Prices have never been so high since the present range conditions existed, and compared with late years, the cost of production has been less.

The total clip of Oregon this year is estimated at 20,000,000 pounds. Last year the sheep produced about 18,000,000 pounds.

The value of the 1907 clip is approximately \$3,800,000. As a wealth-producer it exceeded that of the previous year by about \$560,000.

Besides the eastern money the wool has brought into the state, there have been enormous shipments of sheep to other sections and many more trainloads will be despatched before the winter season comes.

Wool men estimate that not to exceed 1,000,000 pounds of wool remain unsold in Oregon and Washington, about half of which is south of the Columbia river. Twice as much was unsold in Oregon at this date last year. As but little was contracted in the state in the present year, it will be seen that the season, after it once opened, was a decidedly active one. Nearly all of the wool bought has been by this time sent on its way to the eastern markets and mills. Railroad facilities were good, as they usually are during the wool shipping period.

The general run of eastern Oregon shipping wools sold this year at from 18 to 20 cents, while last year the average price was about 18 cents. Heavy shrinking scouring wools brought generally from 14 to 17 cents. The top prices paid were 22 cents at Pendleton and 21 1/2 cents at Shaniko. Last season the best Shaniko clip brought 23 1/2 cents. There are other instances where individual clips did not realize as much as a year ago, but on the average the price paid was about a cent better.

Experts have declared that the 1907 Oregon wools are inferior in quality to the 1906 clip. One authority estimates that the intrinsic value of the product this year is 1 1/4 cents less than that of a year ago. The wools have run lighter due to a variety of causes, the bad winter, poor feed last fall and the damp spring. There was not so much staple and more clothing stock. —Blue Mountain Eagle.

The Limit of Life.

The most eminent medical scientists are unanimous in the conclusion that the generally accepted limitation of human life is many years below the attainment possible with the advanced knowledge of which the race is now possessed. The critical period, that determines its duration, seems to be between 50 and 60; the proper care of the body during this decade cannot be too strongly urged; carelessness then being fatal to longevity. Nature's best helper after 50 is Electric Bitters, the scientific tonic medicine that revitalizes every organ of the body. Guaranteed by J. C. Perry, druggist. 50c.
