## TO UTILIZE BRIDGE.

Over Thinks a Gate and Artificial  
Lake Would Be Great.

Editor of The Daily Capital

Journal:

great many comments are being

on the wisdom of our city

all in regard to the improvement

the crossing of North Mill creek.

is now nearing completion.

old say to anyone looking at it

erely a roadway, it might seem

improbable, as it is too narrow

roadway and street car cross-

Should the car track accept

ester of the embankment there

not be room for a wagon-way

with sidewalks. But some

our city fathers, perhaps, have

further into the future than

casual observer, to-wit: That

ovement with a little additional

ase might be made to serve as

orce of revenue to the city by

ly putting in a dam or gate to

concrete arch, thereby raising

water to a proper height, thereby

ing a lovely lake, right in the

of the city, besides affording

ensive water power, by thus

ing up the creek, at low water

ould give the fill sufficient time to

and if there be any weak

it will show them at a time

they could be easily strength-

It can be seen at a glance that

aising the water nearly up to

height of the fill that a fall near-

ual to that of the old Scotch

power could be obtained which

ould be used either at the fill or

## Then and Now.

Bro. Bailey of the Britt (Iowa) Trib-

une, bring out some interesting facts

in the following:

"Nothing is as it was in those

good old days. Then a boy was a

boy, he wore overalls and was always

dressed for work. He had a half a

day's work to do before going to

school, and another after his return,

and you could kick him ten feet and

he would bound back. Now a boy is

a 'kid.' When he gets ready to go to

school he can't bring in a pall of

water for fear of spoiling his clothes.

If he gets home before the evening

meal is done, something is wrong,

and if you keep him at home after

8 p. m., you will require a galling

gun.

"Then the clothing was made at

home, and the only way you could

tell which was front or rear was to

watch the forepiece of the cap. The

clothing was so loose that he could

turn around in it after putting it on,

and thus fool their best friends.

Our sisters worked then and helped

to cook, wash, mend and all other

work. Now they have good luck if

they get their duds on in time to eat

breakfast and go to school. When

the preacher came, the boys and

girls were expected to sit up as

straight as a cob and speak when

they were spoken to. Now they are

brought to the front and put through

paces. The girl must knock a few

bars out of the organ, and the boy

must 'speak his piece,' and look like

cherry seeds. We used to eat soup

and have 'sass' of all kinds. Now

we eat fruit salad and 'consomme,'

and have biscuit made with baking

powder that look like someone had

'sat' on 'em. We used to have bread

made with 'risin' that smelled like

a glue factory when it was rising, but

tasted better than anything made

from XX roller process flour ground

into nothing but dust.

"One suspender was enough for

any body. And if the girls chewed

gum they had to climb a tamarack

tree and dig it out with a screw

driver.

"Progress don't always mean bet-

terment. Those old pioneers were as

happy as any people on earth; they

needed less than a quarter of the

luxuries of today and had six times

the necessities. They neither froze

in the blizzards nor roasted in the

heat, being too tough to be affected

seriously of either cold or heat."

There is more Catarrh in this sec-

tion of the country than all other dis-

eases put together, and until the last

few years was supposed to be incur-

able. For a great many years doc-

tors pronounced it a local disease and

prescribed local remedies, and by

constantly failing to cure with local

treatment, pronounced it incurable.

Science has proven catarrh to be a

constitutional disease and therefore

requires constitutional treatment.

Hall's Catarrh Cure, manufactured

by F. J. Cheney & Co., Toledo, Ohio,

is the only constitutional cure on the

market. It is taken internally in

## MRS. MIZNER DIVORCED.

Fine Opening for Some Dude With a  
Good Crop of Curis.

New York, Aug. 28.—Mary Adelaide Yerkes-Mizner is free to marry again, should she desire to do so. Justice Guy, of the supreme court Saturday signed a final decree divorcing her from Wilson Mizner.

She was married to Mr. Mizner shortly after the death of her husband, Charles T. Yerkes, the street railway magnate, and within a few months sued for an absolute divorce. She charged him with improper conduct with a woman whose name was never disclosed. The case was tried in private before Referee Louis R. Hasbrouck and record in the suit cannot be seen.

The decree authorizes Mrs. Mizner to resume her name of Yerkes. It contains a provision permitting her to marry again as though Mr. Mizner was actually dead, but forbids Mr. Mizner to marry any other woman during the life of the wealthy widow who has just divorced him.

## For an Impaired Appetite.

To improve the appetite and strengthen the digestion try a few doses of Chamberlain's Stomach and Liver Tablets. Mr. J. H. Seltz of Detroit, Mich., says: "They restored my appetite when impaired, relieved me of a bloating feeling and caused a pleasant and satisfactory movement of the bowels." Price 25 cents. Samples free. For sale at Dr. Stone's drug store.

## Call for Bids.

Notice is hereby given that sealed bids will be received by the city of Salem, Oregon, at the office of the city recorder, at the city hall in said city, up to 8 o'clock p. m., on Monday, September 2, 1907, for the improvement of State street in the city of Salem, Oregon, from the west line of Church street to the west line of Twelfth street, in said city, by grading said portion of State street, save and excepting a strip seven feet wide in the center of said street, and paving the same with Warren's Bitulithic Waterproof pavement, in accordance with the plans and specifications now on file in the office of the city recorder.

Said plans and specifications call for the use of a binder cement, which is patented. The said patentees have on file in my office an agreement with the city, wherein they agree to sell the right to use the cement to all bidders on this improvement for a certain, determined, fixed price.

Each bid must be accompanied by a certified check to the value of 10 per cent of the amount of the bid submitted, as a guarantee that the bidder will enter into a contract therein prescribed within 10 days after having received notice of the acceptance of his bid, said check to be forfeited to the city of Salem in case the bidder fails to qualify and execute the contract.

The city reserves the right to reject any or all bids. Plans and specifications can be seen at the office of the recorder at the city hall. By order of the common council.

W. A. MOORES,

City Recorder.

Date of first publication of this

notice, August 17, 1907. 8-17-10t

## Notice.

To Whom It May Concern:

That on and after August 26, 1907, and until further notice, the Salem and Turner road will be closed to public travel, from the city limits of Salem to the reform school bridge, on account of the road being torn up for improvement, and the danger to the traveling public, while operating the steam road roller on the said road. By order of Marion county court.

M. A. McCORKLE,

Roadmaster.

8-24-7t
