"MARAH."

She sits alone, with her forehead bowed,
And her hands clasped on her knee;
With the great round tear-drops glittering
And falling steadily,
O, ye who deem that the minstrel seeks
But the plaudits of the throng,
Come stand in the shadow here with me,
And list to this Marah's song:

"Would you love me, love, if the world had raved
An aureole round my name?
Would that name grow musical to you
In the trumpet-blast of fame?
Should the wreath of fadeless bays be mine,
Through pencil—chisel—pen—
And I ranked with successful ones,
Beloved, would you love men then?"

Or if beauty's blessed dower were mine—
The fair and winsome face,
The wave-like flowing of tresses bright,
The step of winsome grace—
Would you, then by the brightness of brow and eye,
By more than pity moved,
Give the priceless boon that the heart still craves—
Would you love me then, Beloved?

The dearest offering I have to give—
My all that is fair and sweet—
These poor, pale thought-flowers of the heart—
Are lying at your feet.
And even a dark soul may grow bright
If fostered by love's warm ray;
Then love me a little, O, Beloved,
That I may be fair, some day."

"THE ISLANDERS."

It will be a surprise to the patrons of The Journal to be told that the most ignorant bunch of humanity known to America reside upon Manhattan Island, the terra firma whereon Greater New York is largely located.

But without regard to the effect which the information may have upon the public mind out west, such an assertion is actually made by no less a publication than the North American of Philadelphia—the publication which takes pride in being clean, conservative, progressive and up-to-date.

It is claimed also that the particular place upon Manhattan Island where ignorance is rampant is to be found in what has heretofore been believed to be the financial center of America—to-wit: Wall street!!!

In a double-column leader of full length, the North American talks thus under the caption of this article:

If American ignorance were marked on maps as illiteracy is, there would be gray and shaded spots scattered across the continent, but only the lower part of Manhattan Island would be altogether blotted black!

The only difference between these nearby islanders and the inhabitants of Lilliput before Gulliver landed, is that the imaginary physical pygmies knew their own country—but nothing of any other!

The actual mental dwarfs know some things of other countries—but nothing of their own!

On second thought, that statement is hardly fair to the well-fed, well-dressed, self-contented folk who form the bulk of the population of the financial district of the Manhattanes.

They know their own country fairly well. The trouble is that they persist in mistaking it for the United States.

In fact, since the yachts and motor cars have become common they have extended their travels to such distances that, at heart, they feel entitled to fellowships in the foreign geographical societies.

THEY GO AWA-A-Y DOWN ON LONG ISLAND TO THE RACE TRACK.

THEY VENTURE TOWARD THE ARCTIC AS FAR AS NEWPORT, AND SOME HAVE BEEN KNOWN TO TOUCH THE FARTHEST NORTH OF BAR HARBOR.

THEY BRAVE THE TERRORS OF THE TROPICS BY JOURNEYING SOUTHWARD TO THE SHREWBURY.

AND AS FOR THE PERILS OF THE BARBAROUS WEST—THEIR PRESENCE IN THE RECKLESS YEARS OF EARLY YOUTH IS RECORDED IN THE HOTEL REGISTERS OF NIAGARA FALLS!

Naturally, they know Bond street and the boulevards as well as they know Broadway.

Europe is part of their civilization.

To Europeans they discourse learnedly upon all things American.

And the saddest part of it all is that they believe they are Americans and know America.

They meet men constantly who might enlighten them in many ways.

But they are sincere in judging the talk of the frontiersmen of Pittsburg, Chicago, St. Louis and New Orleans to be merely the vaporings of untutored outlanders.

These are the men whose collective ignorance constitutes the sentiment of Wall street.

WITH NO GAMBLERS GRABBING IT, WHILE LAST YEAR IT WAS FOUGHT FOR AT 6 PER CENT.

THEREFORE, THE ISLANDERS PROCLAIM DEPRESSION AND DISASTER!

Naturally, the islanders denounce Rooseveltism as the cause of our civilization being a failure.

IT MEANS NOTHING TO TELL THESE MEN OF A \$2,500,000 PITTSBURG PAYROLL.

ALL THEY KNOW OF THAT WONDER-TOWN IS THAT TWO NEW YORKERS, CARNEGIE AND THAW, CAME FROM THERE.

Kansas? That name's familiar to them. That is the place they had mortgaged once.

Of late years they no longer receive the 15 per cent interest they formerly did.

What do they know of the twenty-five hundred million bushels of the corn crop?

The south? Of course they know the south. That is where cotton comes from.

Theodore Price tells them all about it every spring.

He tells them before the crop is planted.

But they do not know that.

So, in buying and selling "futures" they lose their money.

They do not think favorably of the south.

The are too much interested in that half a million gold engaged for export to notice that the south's cotton last year added \$641,000,000 to the nation's wealth, with \$300,000,000 from lumber products for good measure.

Tell them the country's mines gave a product of \$1,500,000,000 last year.

That means nothing compared to the weekly bank statement showing a decrease of \$100,000 in reserves.

Talk to them of Seattle moving a mountain to better its streets grades: numbering a population of 200,000 against 80,000 at the last census; the depository of all Alaska's gold and mistress of a harbor in which all the world's navies might lie at anchor.

The islanders listen as to one discussing the folk-lore of Kamshatka!

It would serve only to lose your reputation for veracity to tell them even how Philadelphia's factories consume raw materials worth more than \$325,000,000, and pay out more than \$111,000,000 in wages every year.

These men must see to believe.

We are not hopeful of their conversion.

But it is worth the effort.

Let the "Seeing America" tour be organized.

Despite the crass ignorance of the islanders, Americans like them.

Their power for harm is practically gone.

Their complaints and their advice alike are disregarded by the country which once heeded them and was deceived.

Let them be led in kindness through the land unknown to them.

Somewhere strange results may follow.

A glimpse of America's greatness may come into their vision as they stand beside Pittsburg's blazing forges.

Patriotism may be born within them as they watch the waving miles of wheat of the northwest.

As they stand on the levees banked with cotton, rice and sugar, or watch the whaleback ore-carriers of our inland seas, they may broaden into a better spirit than any that can be breathed in cramped Manhattan.

Let all Americans continue to laugh at their assaults upon the statesmen who represent and the people who compose the nation.

But let us not scorn the islanders in their blindness.

Let us lead them into the light by bringing them over to the mainland.

We may ultimately call them countrymen.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address F. J. Cheney & Co., Toledo, O. Sold by druggists, 75c. Take Hall's Family Pills for constipation.

A Most Valuable Agent.

The glycerine employed in Dr. Pierce's medicines greatly enhances the medicinal properties which it extracts from native medicinal roots and holds in solution much better than alcohol would. It also possesses medicinal properties of its own, being a valuable demulcent, nutritive, antiseptic and antiferment. It adds greatly to the efficacy of the Black Cherry-bark, Bloodroot, Golden Seal root, Stone root and Queen's root, contained in "Golden Medical Discovery" in subduing chronic, or lingering coughs, bronchial, throat and lung affections, for all of which these agents are recommended by standard medical authorities.

In all cases where there is a wasting away of flesh, loss of appetite, with weak stomach, as in the early stages of consumption, there can be no doubt that glycerine acts as a valuable nutritive and aids the Golden Seal root, Stone root, Queen's root and Black Cherry-bark in promoting digestion and building up the system, and in controlling the cough and bringing about a healthy condition of the whole system. Of course, it must not be expected to work miracles. It will not cure consumption except in its earlier stages. It will cure very severe, obstinate, hang-on chronic coughs, bronchitis and general catarrhal inflammation of the throat with hoarseness. In acute coughs it is not so effective. It is in the lingering hang-on coughs, or those of long standing, even when accompanied by bleeding from the lungs, that it has performed its most marvelous cures.

Prof. Finley Ellingwood, M. D., of Bennett Med. College, Chicago, says of glycerine:

"In dyspepsia it serves an excellent purpose. Holding a fixed quantity of the peroxide of hydrogen in solution, it is one of the best manufactured products of the present time in its action upon enfeebled, disordered stomachs, especially if there is ulceration or catarrhal gastritis, catarrhal inflammation of stomach. It is a most efficient preparation. Glycerine will relieve many cases of prostrated heartburn and excessive gastric (stomach) acidity."

"Golden Medical Discovery" enriches and purifies the blood curing blotches, pimples, eruptions, scrofulous swellings and old sores, or ulcers.

Send to Dr. R. V. Pierce, of Buffalo, N. Y., for free booklet telling all about the native medicinal roots composing this wonderful medicine. There is no alcohol in it.
