

Danderine

GREW MISS CARROLL'S HAIR
AND WE CAN
PROVE IT
Beautiful Hair At Small Cost.

During the last decade great and rapid strides have been made in Materia Medica. Many diseases that were considered incurable years ago are now cured in a few days, and in many cases prevented. The scientists of late years have been delving for the cause, the mechanism, the reason and the starting point of disease, fully realizing that the actual and true cause must be ascertained before the remedy can be applied. Hair troubles, like many other diseases, have been wrongly diagnosed and altogether misunderstood. The hair itself is not the thing to be treated, for the reason that it is simply a product of the scalp, and is dependent upon its action. The scalp is the very soil in which the hair is produced, nurtured and grown, and it alone should receive the attention if results are to be expected. It would do no earthly good to water the stem of a plant with a view of making it grow and become more beautiful—the soil in which the plant grows must be attended to. Therefore the scalp in which the hair grows must receive the attention if you expect it to grow and become more beautiful.

Loss of hair is caused by the scalp drying up, or losing its supply of moisture or nutriment, and when baldness or thinning of the scalp has simply lost all of its nourishment, nothing for the hair to feed upon (a plant or even a human scalp would die under similar conditions).

The natural and logical thing to do in either case is, to replenish the soil or scalp as the case may be, so that the hair will grow and multiply as nature intended.

Dr. Knowlton's DANDERINE

The only remedy for the hair ever discovered that is identical with the natural hair foods or liquids of the scalp. It feeds and nurtures the hair and does all the work originally carried on by the natural nutrients or life-giving juices generated by the scalp. It penetrates the pores of the scalp quickly and the hair grows with the effects of its wonderfully exhilarating and life-giving qualities.

A twenty-five-cent bottle is enough to convince you of its great value as a hair growing and hair beautifying remedy—try it and see for yourself. Now on sale at every drug and toilet store in the land. Price, 25c, 50c and \$1.00.

To show how quickly Danderine acts we will send a large sample free by return mail to any one who sends this advertisement to the Knowlton Danderine Co., Chicago, with their name and address and 10 cents in silver or stamps to pay postage.

MISS J. CARROLL
2307 Irving Ave., Chicago

WOMAN SAYS IT CURVES

Why Face Like a Flint At Woman
Why Anything But Angular

Why reason hips must go: The first step to the "immorality" of the modern woman is the loss of the natural curves of the body. The woman of today is a woman of angles. She is a woman of experience. I have seen all over the world and I have seen the women of the past. Young men are led to fall in love with the figures that women have been affecting for the last few years. It is only human nature, and the women are to blame. More than half the wrong could be remedied if all women would wear the new mode dress. Look at the women of the past. They were not affected by the exaggerated curves of the modern woman. Why, if we hadn't come here with our reform in dress, in five years the country would have been under the influence of the women of the past. It would have been demoralizing. A woman might as well wear a corset at all as go about in the modern dress. The modern dress is a tight fitting serpentine effect. It is all the rage last season. The new styles of the modern woman are toothpick figures. They are as beautiful as those with the curves of the past.

Beauty and Decency Are One. They will seem funny to you, but they will be modest and decent, and a thing can't be beautiful in my opinion, if it is indecent. The modern woman will be to get all the credit when they see that it is to save themselves from moral ruin, they will be a thing of the past. The modern dress effects that women's bodies have had on account of the modern dress and big pads will disappear. The busts will be as com-

pressed and straight as the hips. There will be no more of that sloppy wobbling when women walk, either. We are going back to the years of the past, when people had some modesty and respect for themselves. The new dress will much resemble the colonial costumes."

Endorsed by the Country.

"The most popular remedy in Otsego county, and the best friend of my family," writes Wm. M. Dietz, editor and publisher of the Otsego Journal, Gilbertsville, N. Y., "is Dr. Kings New Discovery. It has proved to be an infallible cure for coughs and colds, making short work of the worst of them. We always keep a bottle in the house. I believe it to be the most valuable prescription known for lung and throat diseases." Guaranteed to never disappoint the taker, by J. C. Perry's drug store. Price 50c and \$1.00. Trial bottle free.

Standard to Pay Dividend.

New York, Sept. 13.—Although recently sentenced to pay a fine of over \$29,000,000, the Standard Oil company of New Jersey, the parent concern, will pay the usual quarterly dividend of \$6 per share tomorrow.

This swells the dividend payments so far this year to \$30 a share. The dividend for the preceding quarter was \$9 per share, while the first disbursement of the year was \$15 per share. Tomorrow's dividend is the same amount as was paid at this time a year ago and in 1905, and the amount declared on the company's stock up to date this year is the same as that declared for the first three-quarters of 1906 and 1905.

For the full years of 1905 and 1906 the Standard Oil company paid \$40 a share. The company's highest record dividend rate was 48 per cent., which amount it disbursed in 1900 and 1901.

Attack of Diarrhoea Cured by One Dose of Chamberlain's Colic, Cholera and Diarrhoea Remedy.

I was so weak from an attack of diarrhoea that I could scarcely attend to my duties, when I took a dose of Chamberlain's Colic, Cholera and Diarrhoea Remedy. It cured me entirely and I had been taking other medicine for nine days without relief. I heartily recommend this remedy as being the best to my knowledge for bowel complaints.—R. G. Stewart, of the firm of Stewart & Bro., Greenville, Ala. For sale at Dr. Stone's drug store.

Tribute to Bill Nye.

Los Angeles, Cal., Sept. 13.—Princes of funny fellows will gather in Los Angeles next week, when the national convention of the Press Humorists' association will meet here.

The meeting, the fifth of the newspaper humorists, will be notable through the inauguration of a movement for the building of a monument to the late Edgar Wilson Nye, better known as "Bill," Laramie, Wyo., is a favorite location for the memorial, that town having been the scene of the humorist's earliest efforts and some of his best work. Asheville, N. C., where Mr. Nye died, has also been mentioned, but general sentiment apparently favors the Wyoming city.

One of the feature events of the convention will take place next Friday when a dozen humorists of national reputation will appear on the local stage in a performance to aid the Nye monument fund. Among those on the program are the Rev. Robert J. Burdette, now a resident of Los Angeles; Charles Battell Loomis, Eli Perkins, Strickland W. Gillilan, Edward Vance Cook, Wilbur D. Nesbit, S. E. Kiser, Sam Davis and Thomas A. Daly. Unless the distinguished visitors inexplicably fall down on their assignments, the Los Angeles public will be given its money's worth of laughter and tears.

Frank Thompson Searight, secretary of the association, assisted by Los Angeles newspaper men, have completed preparations to give the professional funny men the time of their lives in the city of Angels, and will be backed up in the attempt by the entire population. The only fly in the ointment will be the absence of Mark Twain, who has written that he will never again make a land voyage if it can be avoided, "honorably or otherwise."

CLOVER SEED WANTED

We pay cash for Red Clover and Alsike. Send us sample and state quantity you have to offer.

"MRS. TEMPLE'S TELEGRAM."

The Comedy Success of Two Continents at the Grand Opera House.

Tonight at the Grand opera house will be presented a comedy by Frank Wyatt and Wm. Morris entitled "Mrs. Temple's Telegram" which was originally produced at the Madison Square theater, New York city, season before last and afterwards at the Waldorf theatre, London. In both cities the play met with instantaneous success. Its run in New York extended over three hundred nights and in London it played for the greater part of the season. It is purely and simply a comedy and by many critics has been termed a farce but the success it has achieved lies in the fact that it is a mirth provoker of the first water. The fun begins after a few lines are spoken in the first act and from that minute until the final curtain the audience is in a continual fit of laughter. This may seem an extravagant assertion but nevertheless it is true. The great merit of the play is that it does not depend upon "horse play" in order to create the fun. In fact it has a great deal of literary merit. The cast is a short one only requiring nine people to interpret the play but every actor has to fit his part to a nicety consequently it is quality and not quantity that is required in the make up of the company.

Every member of the company which will be seen in "Mrs. Temple's Telegram" at the Grand opera house tonight has been selected with the utmost care their very personality fitting the part they portray.

The leading role is assumed by Franklyn Underwood a farcical of splendid reputation for his conscientious and painstaking portrayals in many eastern productions. He will be ably assisted by Edward Emery, Norval MacGregor, Joseph Dailey, Edward Lawrence, Miss Francis Slosson, Eleanor Gibson, Claudia Colona and Gwynne Sterling.

SAMMY CRAWFORD.
Famous outfielder of the Detroit club and one of the great batsmen of the American league.

The Allen Stock Company.

Commencing next Monday evening the Allen Stock company will play a week's engagement at the Grand opera house. The company is headed by the well known young actress, Miss Verna Felton, who will be supported by a well balanced number of players. The opening play will be "That Girl from Texas"—followed by such productions as "Whose Baby Are You," "Jim the Westerner," "Nell Gwynn," "Hearts of the Blue Ridge" and "The Bocom Friend of Boser." Popular prices will prevail, and the engagement promises to be an extraordinary one.

The old Pennsylvania Dutch Durdak recommends "Hickory Bark Cough Remedy." Guaranteed to cure your cough, and guaranteed to be pure. Made from the bark of the shell bark or white hickory tree. For sale by dealers everywhere.
