being general auditor of the company. This subpoena called for the production of the following records: Books of the trustees of the Standard Oil company, under the agreement dated January 2, 1882, and the amendment thereto, dated January 4, 1882, showing for the full time of its existence, and the proceedings at the several meetings of the said trustees.

The books, records and accounts kept by the said trustees, or under their direction, showing all stocks, bonds, and other securities of corporations and limited partnerships held by said trustees under and by virtue of said agreement! the dates of receipt of the same, and the final distribution and disposition made by said trustees, of said stocks and securities.

Record books of the liquidating trustees of the said oil trust, showing the proceedings of said trustees in liquidation at the various meetings of the date of the commencement of said liquidation, March 21, 1892, until the trust was completely liquidated and showing the process of liquidation.

Books or records of the trustees in liquidation, showing the person to whom the evidence of ownership in the property represented by the said trust was issued in exchange for trustees' certificates previously held by them, and showing the quarterly amount of interest so transferred, and the amount of interest so acquired in the various constituent companies by such transfers or exchanges by each person.

A subpoena has also been served demanding the appearance at the present hearing of Samuel A. Brown, president of the Tidewater Pipe company, commanding him to produce all the stockbooks and ledgers showing the ownership of the corporation's capital stock; also certain agreements made on October 9, 1883, between the National Transit company, the United Pipe lines, and the Tidewater company, together with other agreements made about the same time between the Standard Oil company of New York, the Standard Oil company of Ohio, the Standard Oil company of New Jersey, the Ocean Oil company, the Chester Oil company, and Ayers, Lombard & Co. The agreements, it is alleged, arranged for a division of the oil business.

William G. Rockefeller, together with Wesley G. Tilford, treasurer of the Standard Oil company of New Jersey and others, is directed to produce the stock books and stock ledgers showing the names of the owners of Standard stock; all books showing stocks, bonds and other securities owned or held in trust by the company, all certificates of stock of other corporations or limited partnerships held and records showing all securities acquired since January 1, 1899. Numerous alleged agreements between the Standard Oil company of New Jersey and other concerns throughout the country are also among the records demanded.

The examination of records will cover the operations of the oil trust for 25 years and will undoubtedly be the most thorough ever undertaken. While this mass of evidence will be presented in the form of transcripts prepared by experts employed by the oil company, the attorneys for the government have reserved the right to demand the production of the original books, if desired.

It is not expected that John D. Rockefeller, who is named as one of the defendants in the suit, will be called upon to testify, nor is it probable that Henry H. Rogers or John D. Archbold will be called, although all three of these men are said to be conversant with the facts

of the case. The government has warned the attorney for the defense that at the further delay, and it is that the taking of testimony proceed without an adjournment. During the hearing the oil company will submit statements from all its subsidiaries, and also that the secrets of the trust be barred as they have been at any previous court

What Ails You?
Do you feel weak, tired, despondent, have frequent headaches, coated tongue, bitter or bad taste in morning, "heart-burn," belching of gas, acid risings in throat after eating, stomach gnaw or burn, foul breath, dizzy spells, poor or variable appetite, nausea at times and kindred symptoms?

If you have any considerable number of the above symptoms you are suffering from biliousness, torpid liver with indigestion, or dyspepsia. Dr. Pierce's Golden Medical Discovery is made up of the most valuable medicinal principles known to medical science for the permanent cure of such abnormal conditions. It is a most efficient liver invigorator, stomachic, bowel regulator and nerve strengthener.

The "Golden Medical Discovery" is not a patent medicine or secret nostrum, a full list of its ingredients being printed on its bottle-wrapper and attested under oath. A glance at its formula will show that it contains no alcohol, or harmful habit-forming drugs. It is a fluid extract made with pure, triple-refined glycerine, of proper strength, from the roots of the following native American forest plants, viz., Golden Seal root, Stone root, Black Cherrybark, Queen's root, Bloodroot, and Mandrake root.

The following leading medical authorities, among a host of others, extol the foregoing roots for the cure of just such ailments as the above symptoms indicate: Prof. B. Bartholow, M. D. of Jefferson Med. College, Phila.; Prof. H. C. Wood, M. D. of Univ. of Pa.; Prof. Edwin M. Hale, M. D. of Hahnemann Med. College, Chicago; Prof. John King, M. D., Author of American Dispensatory; Prof. Jno. M. Scudder, M. D., Author of Specific Medicines; Prof. Laurence Johnson, M. D., Med. Dept. Univ. of N. Y.; Prof. Finley Ellingwood, M. D., Author of Materia Medica and Prof. in Bennett Medical College, Chicago. Send name and address on Postal Card to Dr. R. V. Pierce, Buffalo, N. Y., and receive free booklet giving extracts from writings of all the above medical authors and many others endorsing in the strongest possible terms, each and every ingredient of which "Golden Medical Discovery" is composed.

Dr. Pierce's Pleasant Pellets regulate and invigorate stomach, liver and bowels. They may be used in conjunction with "Golden Medical Discovery" if bowels are much constipated. They're tiny and sugar-coated.

that the prosecution desires to bring out.

If these defendants were allowed to testify in the present hearing, they would probably be immune from prosecution, and the government attorneys are desirous of preventing any possible immunity bath for the heads of the trust.

Frank B. Kellogg, the Harriman inquisitor, represents Uncle Sam at the hearing, and will likely push the prosecution with his customary vigor.

Chamberlain's Cough Remedy One of the Best on the Market.

For many years Chamberlain's Cough Remedy has constantly gained in favor and popularity until it is now one of the most staple medicines in use and has an enormous sale. It is intended especially for acute throat and lung disease, such as coughs, colds and croup, and can always be depended upon. It is pleasant and safe to take and is undoubtedly the best in the market for the purposes for which it is intended. Sold at Dr. Stone's drug store.

Bridging a Chasm in a Cave.
In driving the huge tunnel beneath Lookout Mountain, says the October Popular Mechanics, a serious obstacle was encountered. A huge cavern starts at the Tennessee side of the mountain, intersects the tunnel and emerges in Alabama at a point 18 miles distant. Efforts were made to fill across this cave with the blasted rock taken from the tunnel, but only a slight impression was made and the attempt was abandoned. It has now been decided to throw a bridge across the chasm, which, if successfully accomplished, will be a feat entirely new and novel in bridge construction.

Lame Back.
This is an ailment for which Chamberlain's Pain Balm has proven especially valuable. In almost every instance it affords prompt and permanent relief. Mr. Luke LaGrange of Orange, Mich., says of it: "After using a plaster and other remedies for three weeks for a bad lame back, I purchased a bottle of Chamberlain's Pain Balm, and two applications effected a cure." For sale at Dr. Stone's drug store.
