

A SQUARE DEAL

Assured you when you buy one of Dr. Pierce's Family Medicines—all the ingredients entering into them are printed on the bottle. Appers and their formula are attested under oath as being complete and correct. You know just what you are paying for and that the ingredients are gathered from Nature's laboratory, being selected from the most valuable native, medicinal roots found growing in our American forests. While potent to cure they are perfectly harmless even to the most delicate women and children.

Not a drop of alcohol enters into their composition. A much better remedy is used both for extracting and preserving the medicinal principles in them, viz.—pure triple-refined glycerine of proper strength. The agent possesses intrinsic medicinal properties of its own, being a valuable anti-septic and anti-ferment, nutritive and soothing agent.

Glycerine plays an important part in Dr. Pierce's Golden Medical Discovery in the cure of indigestion, dyspepsia and weak stomach, caused by sour risings, "heartburn," foul breath, coated tongue, poor appetite, gnawing feeling in stomach, biliousness and kindred derangements of the stomach, liver and bowels.

Besides curing all the above distressing ailments, the "Golden Medical Discovery" is a specific for all diseases of the mucous membranes, catarrh, whether of the nasal passages or of the stomach, bowels or urinary organs. Even in its ulcerative stages it will yield to this sovereign remedy if its use be persevered in. In Chronic Catarrh of the nasal passages, it is well, while taking the "Golden Medical Discovery" the necessary constitutional treatment, to cleanse the passages freely or three times a day with Dr. Sages Catarrh Remedy. This thorough course of treatment generally cures even in the worst cases.

In coughs and hoarseness caused by bronchial, throat and lung affections, except consumption in its advanced stages, the "Golden Medical Discovery" is a most efficient remedy, especially in those obstinate hang-on-coughs caused by irritation and congestion of the bronchial mucous membranes. The "Discovery" is not so good for acute coughs arising from sudden colds, nor must it be expected to cure consumption in its advanced stages—no medicine will do that—but for all obstinate hang-on, or chronic coughs, which, if neglected, or badly treated, lead up to consumption, it is the best medicine that can be taken.

If the sweet taste of the "Discovery," caused by the glycerine, is liked, a few drops of lemon juice, orange or lime juice, added to each will make it agreeable and pleasant and will not in the slightest interfere with its beneficial effects.

It's an insult to your intelligence for a dealer to endeavor to sell off upon you some nostrum of unknown composition in place of Dr. Pierce's world-famed medicines which are OF KNOWN COMPOSITION. Dealers recommend Dr. Pierce's medicines because they know that they are made of and that the ingredients employed are among the most valuable that a medicine for like purposes can be made of. The same is true of leading physicians who do not hesitate to recommend them, since they know exactly what they contain and that their remedies are the very best known to medical science for the cure of several diseases for which these medicines are recommended.

With tricky dealers it is different. Something else that pays them a little greater profit will be urged upon you as "just as good," or even better. You can hardly afford to get a substitute of unknown composition and without any particular proof of cures in place of Dr. Pierce's medicines which are OF KNOWN COMPOSITION and have a record of forty years of cures behind them. Know what you want and it is the dealer's business to supply that. Insist upon it.

FORTUNE TELLER A WINNER

Claimed That She Secured \$480 From Mrs. Jas. Anderson By Hypnotic Powers

The partial details of the securing of \$480 in gold coin by a fortune teller from Mrs. James Anderson came to light a few days ago, and the case is attracting great interest around town. The money was obtained about ten days ago by a lady fortune teller who operated around the hop yards during hoppedicking and after the season plied her trade around town with success.

The fortune teller visited various places about town and made at least three visits to the Anderson house. Mrs. Anderson, the victim, has been in a highly nervous condition since the occurrence, so much so that Dr. Ketchum was called one day the latter part of the week and it was then that the secret of the securing of the money by the fortune teller was divulged in the course of the consultation. A trunk in which the \$480 was secreted in a stocking was searched and the money was found missing. The members of the family firmly believe that Mrs. Anderson has been the victim of hypnotic influence and are endeavoring to secure the return of the money and the punishment of the party who is responsible.

About ten days ago while Mr. Anderson was away in California, the fortune teller visited his house and obtaining entrance proceeded to tell the fortune of Mrs. Anderson. The following day the fortune teller returned and insisted that in order to tell everything it would be necessary to go to her sleeping room where they would not be disturbed. It was then that her influence became so great over her victim that the money was turned over to the fortune teller. Whether the fortune teller knew there was money secreted in the house at the time is not known but she told Mrs. Anderson that she knew she had money in the house and worked upon her mind by stories of how she could invest the money and secure thousands of dollars in profit if she would turn it over. The influence obtained over Mrs. Anderson was so great that she not to tell of her giving up the money and turned it over to the fortune teller. Mrs. Anderson was cautioned not to tell of her giving up the money or as a result none of the things she had been told would come true. The following day another visit was made and Mrs. Anderson further cautioned not to divulge anything connected with the affair.

Mr. Anderson's two sons with their wives were living there at the time but knew nothing of what had transpired. Mr. Anderson returned from California but did not learn of the loss for a few days after his return. His wife was very nervous and stated to him that they were ruined. Such was her condition that Dr. Ketchum was summoned and since she has been receiving medical treatment.

Mr. Anderson, during hop picking when the family were away from town most of the time, purchased a money order at the postoffice, leaving \$600 for safe keeping. Just before his departure for California he withdrew the money being paid in gold coin. A part of this belonged to his son but \$500 in gold was placed in a stocking and secreted in a trunk. He thought that he might use the money in California and could have it sent to him if he decided to use it but finding nothing that suited him he returned here.

So firmly do Mr. Anderson and other members of the family believe that Mrs. Anderson was hypnotized that they have sent to Albany for a hypnotist who will be here today to bring her out of her present condition. She is in a highly nervous condition and appears to be dazed somewhat—in fact to such a degree that she has been unable to give the full and complete details of the occurrence that took place when the fortune teller made her visits to the house. She was alone with the fortune teller most of the time and other members of the family of course know little of what transpired.

The fortune teller was a member of a gang that was here during hop picking. Whether she knew there was money secreted in the house when she first went there is not known, but it is presumed that she obtained this information by using hypnotic influence over Mrs. Anderson upon her second visit when the money was secured.

A strange feature of the affair is that Mr. Anderson avers that he had a presentiment while in California that everything was not right at home and returned suddenly and earlier than he intended. He, however, did not learn of the loss until several days after his return.

Warrants have been issued for the fortune teller and the officers will endeavor to bring her back to Polk county to answer for the misdeed. Whether the money can be returned of course is problematical, but every effort will be made by the officials to secure not only the return of the money but punishment for the offender.—West Side Enterprise.

His Cigar Doesn't Taste Right

And Yet It is the Same He Was Smoking With So Much Relish After Dinner, Last Night—Out of the Very Same Box, Too.

IT ISN'T THE CIGAR—IT'S THE STOMACH.

Every smoker has experienced this peculiar condition of the stomach and liver, the result usually of imperfect digestion of food. And the blame is usually put on the cigar and not where it belongs.

Such men are usually high livered, hard workers mentally, living under high pressure and high draught, and it doesn't take a great deal to disorder the stomach or render the liver torpid.

They should make it a practice to use some tried and reliable remedy like Stuart's Dyspepsia Tablets, that will aid Nature and not force it and will take care of the sudden attacks of acute indigestion.

The use of these tablets is not to be confounded with the patent medicine habit. Stuart's Dyspepsia Tablets are not a patent medicine, but are composed of the very elements which nature provides the healthy stomach to do the work of digestion—pepsin, diastase, golden seal, etc. There is no secret in their preparation—they are absolutely pure and therefore all the world uses them.

No matter how disordered the stomach may be, it will right itself if given the chance. Stuart's Dyspepsia Tablets digest food where the stomach can't, give the abused stomach and intestines a rest, and offer renewed strength to the worn out glands and muscles.

Brain workers can rely on Stuart's Dyspepsia Tablets, no matter how tense the strain. All druggists carry them in the 50 cent packages, or if you prefer a free trial package can be had by sending your name and address today. F. A. Stuart Company, 159 Stuart Building, Marshall, Mich.

Disarmed Her.

"Do you remember, dear," murmured a sentimental wife retrospectively, "when you were courting me how you used to sit for hours holding my hand?"

"Oh, yes, I remember," replied her husband grumpily—"it was to keep you from playing the piano!" —Sloper's.

Rheumatism is caused by the improper working of the kidneys. The uric acid which should be removed from the blood remains in it. Hollister's Rocky Mountain Tea removes the cause and drives it from the system. 35 cents. Tea or Tablets. For sale at Dr. Stone's store.

HAS BIG BONDED DEBT

The Question Is What Became of the Money the Bonds Sold For

The Corvallis & Eastern railroad has a bonded debt of \$2115, those who remember the sheriff's sale in Corvallis when the property was bid in by E. L. Bonner for Bonner and Hammond of Montana for \$190,000, are doubtless surprised by the figures of the bonded debt. The facts were made public by the Oregon railroad commission, which is seeking to arrive at the value of the road, and other railroads in Oregon. D. A. Osborn was sheriff when the road was sold the last time. It went under the hammer three times. It was sold at sheriff's sale by William Mackey the first time, and Zephin Job was the buyer, and the figure was \$1,000,000. Mr. Job bid in the property for the Hogg faction of the roads New York bondholders. Hogg failed to put up the money and, after a long delay, the road was sold a second time. D. A. Osborn was then sheriff, and the buyer was the Blair faction of the bondholders. The price was \$200,000, and the bid was made by Attorney Hughes, now governor of the state of New York. The proceedings were in Judge Fullerton's court, and, on account of the price, he refused to confirm the sale. That necessitated another sale, and the property went in the next sale at only \$100,000, passing into the hands of Bonner & Hammond.

In the sale was included the steamer Willamette Valley, the held by libel proceedings to secure unpaid claims in the federal courts at San Francisco. Bonner & Hammond received \$25,000 from the court after the sale of this steamer. There was also included in the transfer, the river steamers, Bentley, William Hoag and Three Sisters, all of which were subsequently sold by Bonner & Hammond. Also, there went with the 135 miles of railroad, the tug Resolute, which was built at Yaquina bay, and which was also sold by the new owners.

It was in 1894 that Bonner & Hammond got the property. Immediately after they acquired it, the road was named the Oregon Central & Eastern, and turned over to a company by the same name, Mr. Hammond being the chief stockholder. Later, it became the Corvallis & Eastern, which name it still flies at its masthead. Its purchase by Mr. Harriman is the latest turn in the affairs of this road, which has been a career as checkered, perhaps as any road that was ever built. In its construction, it is asserted that \$14,800,000 worth of bonds were issued, from which proceeds of \$5,000,000 to \$6,000,000 were realized and spent.—Corvallis Times.

A Kansas editor who contracted the habit of going to church has this to say: "Ladies should take off their hats at church. It makes a sinner feel lost in the wilderness."
