THE WORLD'S DESIRE.

(Richard Burton in the November Century.)
 Beauty is like a star shamed in the hold daylight,
 But coming out of the far at the call of the mystic night.

Beauty is like a dream: we wake, and lo! it is flown;
 If we sleep again, 'twould seem, we may make it our very own.

Beauty is like a flower in a dusk garden set,
 That, reaved away, for an hour gives of her odor yet.

THE STANDARD OF AMERICAN LETTERS.

The Atlantic Monthly is the standard of American literary criticism. With a special anniversary issue the Atlantic Monthly will celebrate in November its semi-centennial.

The Atlantic is a magazine which MAKES A STRONG APPEAL TO THE READING PUBLIC of the United States.

In its long career it has shown that American journalism can, if it will, steer clear of the dangers of a sudden and flashy popularity.

Its breadth and scope is illustrated by the fact that in a single issue we find articles of permanent value on widely separated topics in politics and art.

In the course of twelve times fifty issues THE VARIETY AND THE VITAL QUALITY of its contributions have given the Atlantic Monthly a national significance unique in the history of American magazines.

With all its zest in dealing with popular topics, the Atlantic BETRAYS NO OVER-ZEALOUS FAULT-FINDING, but instead breathes from month to month a spirit of sane and healthy optimism.

AVOID SUBSTITUTES.

A person who wants Hazelwood butter will not take a substitute. It is the same with Ceylon tea, Salem beer, or any other distinctive product.

One of the greatest fake practices is the substitution of patented articles LIKE PROPRIETARY MEDICINES.

These remedies are advertised at great expense in this paper and when the demand is created, the dealer hands out something "just as good."

DOES THE DEALER KNOW BETTER THAN YOU WHAT YOU NEED IN YOUR HOME?

If not you owe it as a duty to yourself to insist on getting what you ask for when you try to buy an advertised article.

You are attracted by the advertisement in this paper; you read it and make up your mind that the goods advertised are what you want. YOU ENTER A STORE TO MAKE YOUR PURCHASE.

Be true to your conviction and get what you ask for. Avoid substitutes.

THE NOVEMBER CENTURY.

Two important serial features of the seventy-fifth volume of The Century begin in the November issue: Mrs. George Cornwallis-West's reminiscences of her life as Lady Randolph Church and Prof. Percival Lowell's papers on "MAIRS AS THE ABODE OF LIFE."

Probably no woman living has more memories of real interest to record than Mrs. Cornwallis-West, the talented daughter of the late Leonard Jerome, of New York.

She has traveled widely, she has been the friend of leading personages of Europe, she has entertained and been entertained by kings and queens, and, as the wife of Lord Randolph Churchill, she played A LEADING AND BRILLIANT PART IN THE POLITICAL AND SOCIAL LIFE of England and Europe.

These first chapters cover her childhood memories of Italy, her girlhood in New York, her life in Europe from 1867 to 1876, the family's experiences during the Prussian war, and many notable scenes, incidents and personages.

They are interestingly interspersed with portraits, including two charming ones of the writer by Rowse and by Tobin.

How to Cure a Cold.

The question of how to cure a cold without unnecessary loss of time in which we are all more or less interested, for the quicker a cold is gotten rid of the less danger of pneumonia and other serious diseases. Mr. B. W. L. Hall of Waverly, Va., has used Chamberlain's Cough Remedy for years and says: "I firmly believe Chamberlain's Cough Remedy to be absolutely the best preparation on the market for colds. I have recommended it to my friends and they all agree with me." For sale at Dr. Stone's drug store.

With Oregon bank vaults bulging with deposits there is very little excuse for selling Oregon city bonds in New York, and shipping the interest out of the state.

"For five years my family has not been troubled with the winter coughs; we owe this to Ballard's Horehound Syrup. I know it has saved my children from many sick spells." Sold by D. J. Fry.

Any Young Man

Who is really determined to get ahead, to accumulate something to be one of the solid and substantial men of the community, can do it.

Just a little self-denial and the careful conserving of your income until you have enough to make an investment—then keep your money working for you.

Even if your present income is small, you can start a savings bank account, and begin to accumulate a fund for future investment.

Ten Years without a Failure.

Mr. W. C. Bott, a Star City, Ind., A Certain Cure for Croup—Used for hardware merchant, is enthusiastic in his praise of Chamberlain's Cough Remedy. His children have all been subject to croup and he has used this remedy for the past ten years, and though they much feared the croup, his wife and he always felt safe upon retiring when a bottle of Chamberlain's Cough Remedy was in the house. His oldest child was subject to severe attacks of croup, but this remedy never failed to effect a speedy cure. He has recommended it to friends and neighbors and all who have used it say that it is unequalled for croup and whooping cough. For sale at Dr. Stone's drug store.

Senator Platt says that Root stands a better chance for the presidency than either Roosevelt or Hughes, but everybody knows that the antiquated Thomas is not the prophet that he used to be.—Philadelphia Telegraph.

Out of Sight.

"Out of sight, out of mind," is an old saying which applies with special force to a sore, burn or wound that's been treated with Bucklen's Arnica Salve. It's out of sight, out of mind and out of existence. Piles too and chilblains disappear under its healing influence. Guaranteed by J. C. Perry, druggist, 25c.

Secretary Cortelyou promises to stop the needless annoyance of liner passengers by customs inspectors. This will be unjustly called a bid for the favor of predatory wealth. Some critics are unreasonable.—Brooklyn Eagle.

Can you afford to trifle with so serious a matter as to neglect a bad cold or cough, when for a trifling amount you can secure a bottle of "Hickory Bark Cough Remedy," that is guaranteed to cure or money refunded. Price 25c, 50c and \$1.00 per bottle. For sale by dealers everywhere.

CLEANSES IMPURE BLOOD

Valuable Prescription, Which Takes Out Impurities, Is Easily Mixed

A leading health journal, in answering the question, "What is the best prescription to clean and purify the blood," prints in a recent issue the following: Fluid Extract of Dandelion one half ounce, Compound Kargon one ounce, Compound Syrup Sarsaparilla three ounces. Shake well and use in teaspoonful doses after each meal and at bedtime.

A well known local druggist who is familiar with this prescription states that it is harmless, being composed of simple ingredients which can be obtained from any good prescription pharmacy.

It cleans the blood of all impurities and nourishes the blood. In just a few days the skin begins to clear of sores, boils and pimples. It puts vigor and energy into run-down, debilitated men and women. For many years Sarsaparilla alone has been considered a good blood medicine. (But while it built up and made new blood, the impurities remained within and the good accomplished was only temporary. Sarsaparilla, however, when used in combination with Compound Kargon and Extract Dandelion works wonders. This combination puts the kidneys to work to filter and sift out the waste matter, uric acid and other impurities that cause disease. It makes new blood and relieves rheumatism and lame back and bladder troubles.

This prescription is better than the usual patent medicines, which are in the most part alcoholic concoctions. The ingredients cost but little and are easily mixed at home. Every man and woman here should make some and try it if they feel their system requires a good blood medicine and tonic.

The Kargon to clean the kidneys and vitalize them so they can clean the blood, Sarsaparilla to make new rich blood and Dandelion to tone the stomach, clean the liver and make it active and relieve constipation is the way the prescription acts and so mildly and gently that one does not consider they are taking a medicine.

Hard Times in Kansas.

The old days of grasshoppers and drouth are almost forgotten in the prosperous Kansas of today; although a citizen of Codell, Earl Shamburg, has not yet forgotten a hard time he encountered. He says: "I was worn out and discouraged by coughing night and day, and could find no relief till I tried Dr. King's New Discovery. It took less than one bottle to completely cure me." The safest and most reliable cough and cold cure and lung and throat healer ever discovered. Guaranteed by J. C. Perry's drug store, 50c and \$1.00 Trial bottle free.

His Dear Old Mother.

"My dear old mother, who is now 83 years old, thrives on Electric Bitters," writes W. B. Brunson, of Dublin, Ga. "She has taken them for about two years and enjoys an excellent appetite, feels strong and sleeps well." That's the way Electric Bitters affect the aged, and the same happy results follow in all cases of female weakness and general debility. Weak, puny children too, are greatly strengthened by them. Guaranteed also for stomach, liver and kidney troubles, by J. C. Perry, druggist, 50c.

Forest Grove will amend its charter and issue bonds for water and light.

JUST A FEW PERTINENT QUERIES

(By Eleanor Francis)

Do You Know—That ordinary whiting at two cents a pound is one of the most effective and easily obtained cleansers that exists? A small quantity on a damp cloth will remove grime from paint instantly, without wear or injury to the finest enamel, while bath tubs of porcelain, zinc, or those with painted finish, are cleansed as readily with whiting as with the more expensive preparations.

Do You Know—That since kerosene will not freeze it is the finest thing for cleaning windows in cold weather? Apply with soft paper or old cloths, and polish with newspapers made soft by rubbing. Be sure to burn all the papers and cloths as soon as the work is finished. Spontaneous combustion from oil soaked cloth or paper starts many a destructive fire.

Do You Know—That the same petroleum in the form of "Capsicum Vaseline" will ease pain including toothache better than any mustard plaster, and that it never blisters as mustard does, while the vaseline without the capsicum is one of the best hair tonics in existence?

Do You Know—That a small quantity of benzoin added to the water used for bathing the face—producing a milky liquid—is quite harmless to the most delicate skin and is an unexcelled beauty bath? The benzoin is the basis of most of the expensive skin foods used or sold by "beauty" specialists, and is a mild but effective astringent, stimulating the circulation of the tiny

blood vessels which supply nourishment for the skin and that the frequent use of this simple remedy keeps the skin smooth and fresh looking long after wrinkle time?

Do You Know—That work in some form is the greatest creator and preserver of happiness that exists; that half the ill health and unhappiness in the world are due to the fact that people have allowed themselves to become useless members of society? That no true dignity is possible to an individual who does not do something worth while, and that no useful work that any one does can be degrading if it is performed intelligently and with a will?

Do You Know—That if people realized the convenience of possessing a book of asbestos paper, which costs but a few cents, no home would be without it? As a non-conductor of heat it is useful in many different ways. A sheet of it slipped between the folds of holders made for ironing or for removing hot pots or pans from the stove, renders these useful articles less clumsy, doing away with any other stuffing. For a tea cosy this same paper makes a perfect interlining and allows of their being made up in much prettier shapes than were the old time padded affairs. A sheet of the asbestos paper covers cake or other articles in the oven to prevent too quick browning, and is more effective than ordinary paper while it can be used over and over again, as heat does not harm it.

Do You Know—That intelligent use of many simple, easily obtained conveniences that lighten labor in the home and give busy women time for some of the recreations which are a necessity for felbeing are paying investments? That useless labor is as foolish as well directed labor is healthful and dignified?
