300,000 DIVORCES IN 20 YEARS

Editor Says 4,000 Spaniards Are Held As Slaves

LEADERS SCRAP

IS A WINNER

Big Cattleman, Mine Banker Locks Horns

George Nixon, Banker, Miner

Face of Both U. S. Senator

San Francisco, Oct. 28.—The fight between the supremacy of Nevada, that has been years between United States Senator George Nixon and Thomas B. Nixon reached its climax in San Francisco today. The struggle has been on in a quiet fashion. Both employing a corps of stenographers, agents and attorneys, the wires between the two cities have been full of messages. Nixon came to carry his banks of the past week, and came to prevent him from doing so. He is now seeking a way to prevent him from doing so.

CHICAGO STORE

PEOPLES BARGAIN HOUSE

THE WONDERFUL BUSINESS

are doing prompts us on to give customers greater values all the time. Look at the prices we are now offering for standard reliable merchandise where can you beat them?

McEVROY BROS.

COMMERCIAL AND COURT STREETS, SALEM, OREGON.

Oklahoma a State November 16

Washington, Oct. 28.—President Roosevelt will proclaim Oklahoma a state on November 16. The President made this announcement today to Governor Frantz, who brought to Washington a certified copy of the constitution.

Astoria Wants Yards.

Astoria, Or., Oct. 28.—Astoria has taken steps to make a strong campaign for the location of the proposed American navy yard at that place. Representations are being made to all congressmen and senators and naval committees of both houses.

Cashier Was Short.

Akron, O., Oct. 28.—It has been discovered that Fred A. Berren, cashier and treasurer of the Dollar Savings Bank, who committed suicide Sunday, is short \$25,000.

Killed in Church Riot.

Budapest, Hungary, Oct. 28.—Sixteen persons were killed and many injured today in a church riot in Bosphog, South Hungary, owing to racial jealousy between the Slovaks and Magyars.

Reno Banks Open.

Reno, Nev., Oct. 28.—All the banks in Reno opened today. There were slight runs on all, but none of the banks were affected to any extent. Business men are making heavy deposits.

Issue Their Own Money.

St. Louis, October 28.—The banks here today adopted the clearing house certificates.

SPANIARDS HELD AS SLAVES

STORY OF A SAILOR

Claims the Natives on the Island of San Juan Del Norte Have 4000 Spanish Soldiers and Ship-Wrecked Sailors in Bondage

Madrid, Spain, Oct. 28.—The Spanish government may ask the United States department to take steps to investigate the story that 4000 Spaniards taken in battle or from stranded ships on the island of San Juan del Monte, of the Philippines, are held as slaves by the natives. The story has been brought here by shipwrecked Spanish sailors who escaped and reached Manila after much suffering.

THE PANIC FADING AWAY

New York, Oct. 28.—A general restoration of confidence was indicated this morning. The stock market opened strong under buying orders from London and advances from one to three points were made on all dividend-paying stocks. The engagement of \$9,000,000 in gold for immediate importation to New York from London added to this strength. The run on the Lincoln Trust Company of America has greatly diminished. The United Pacific showed strength and closed two points higher. Isolated selling eased the market off a bit, and then it relapsed into dullness and trading became lifeless with narrow fluctuations. During the final hour a sharp break occurred in some stocks, and the market closed generally weak.

TENTOW ADMITS KILLING

Seattle, Oct. 28.—A. H. Tentow, charged with shooting and killing Roy Adams, at Plymouth, Hood's Canal, yesterday, was arrested this morning by Detectives. When arrested Tentow still had the rifle which is claimed to be the one with which he shot Adams. Tentow asserts that he shot Adams because the latter was trespassing on state school lands.

Kidnaped Train Robbers.

Spokane, Oct. 28.—C. E. McDonald and Ed. Smith, suspected of the Great Northern train robbery, were taken out of Spokane last night to Kallispell, Mont., by detectives. McDonald fought furiously against going back without extradition papers, and had to be chained. Over 20 claimants are after the reward offered by Road for the capture of the men.

Trust Magnate Skips.

Kansas City, Oct. 28.—Following the disappearance of J. E. Brady today, a receiver was appointed for the Bankers' Trust Company, a Brady concern.

Burned or Drowned.

Marseilles, France, Oct. 28.—Three hundred persons perished by fire in Hakodote, Cochin China, and 1000 by flood along the west coast of Japan, according to news brought by last mail from Saigon, in French Cochin China.

More Forest Reserves.

Washington, Oct. 28.—The President has ordered the withdrawal of 34,965 acres of land in Trinity, Shasta and Glenn counties, California, along the east border of the Trinity national forest, and it is proposed to add this to the acreage of the forest.

JAPS' GOOD JOB. He Missed the Girl, But Killed Himself.

Los Angeles, Oct. 28.—After a futile attempt to kill his sweetheart, George S. Matsui, one of the wealthy Japanese of the city, fired two shots into his temple last night killing himself instantly. K. Noma, the pretty Japanese girl fell in a faint on the floor, and was still lying there when detectives forced their way into the room. The bullet Matsui aimed at her grazed her head and lodged in the wall.

Settling Riot Bills.

Vancouver, Oct. 28.—Hon. Rudolph Lomlux, minister of labor and special commissioner to Japan in the matter of immigration, will arrive in Vancouver this afternoon and proceed direct to Japan. McKenzie King, the deputy minister, who has been investigating the Japanese claims for damage due because of the September riots, went ahead and will meet his chief en route, and discussed the results of the sitting so far. The Japanese claims will be greatly reduced, probably over one-half. Each case is being heard separately, and being cut in each case. The first sentence was imposed in the rioting case Saturday afternoon, and the prisoner was given one month in jail.

PORTLAND GIRL SHOT BY ROBBER

Portland, Oct. 28.—Backed by a picked force of deputy sheriffs, Sheriff Stevens is beating up the Cornell road today in an effort to capture the lone highwayman who shot and painfully wounded Miss Susie Thompson last evening while she was returning to Portland from her home at Coxder Mills. This is the third holdup that has occurred in the vicinity of Portland within the last ten days. In every case shooting has occurred. One death and two serious injuries are the results. Miss Thompson had spent the day with her parents. Taking a buggy she was driving back to the city, when at a dark point in the road a man suddenly jumped out of the brushwood and ordered her to halt, and throw up her hands. The horse became frightened and plunged forward, and the highwayman fired. The bullet struck the girl in the shoulder and smashed her collar bone.

GREAT INCREASE IN VOTERS

Cleveland, O., Oct. 28.—With only one week coming for active work in the campaign, the Cleveland mayorality contest is overshadowing everything else in point of interest in connection with the election with a record-breaking registration. It has been a matter of surprise to political leaders generally, and election experts are now kept busy trying to analyze its meaning and probable effect on the interest respectively of Mayor Tom L. Johnson, who is seeking a fourth term, and of Congressman Theodore E. Burton, Republican nominee.

The registration has reached a total of 93,000, which is nearly 30,000 in excess of the normal vote in city elections. The predictions being made by political leaders as to the result of the election vary according to the political feelings of those making them. Republican politicians are sanguine that the big registration augurs that Republicans hitherto out of line with their party, locally, who did not vote at all, are back in line and ready to vote. They point to the fact that the biggest increase in registration has been in the heavy Republican wards.

Mayor Johnson and his assistants however, are equally sanguine that the increased interest in municipal affairs, as shown by the big registration, is due to his position on the question of lower street car fares.

Also Left His Money.

Sacramento, Cal., Oct. 28.—Captain Ruhstaller, a well-known brewer on the Pacific coast, died here this morning. He was worth \$1,000,000. He leaves a wife, daughter and two sons.

TWENTY YEARS' HARVEST OF DIVORCE COURTS

Census Bureau Shows the Number of Cases Will Reach 1,300,000, and of These About 1,000,000 Were Successful—50,000 a Year

Washington, Oct. 28.—An aggregate of 1,300,000 divorce cases during the last 20 years will be shown by the investigation of the census bureau. A total of 2900 clerks and special agents have been at work gathering this data, and about 140 are still engaged in summing up the work of these men. There are in all 40,000 cases to be investigated. It is estimated that two-thirds of those seeking divorce have been successful.

SALEM HIGH IS DEFEATED

Handsome Willamette Giants Have An Unusual Run of Good Luck—Eugene High Defeats Albany

The high school went down to defeat at the hands of Willamette Saturday by the large score of 29 to 0. The Willamette team proved too much for the high school boys, although they made the heavier team work for every bit of straight yardage down the field, which was not as much as it might appear to be by the large score. The varsity played in great luck Saturday, making only one of their touchdowns by a straight march over the line. The high school repeatedly held them, and they were forced to punt. The game was made interesting by the frequent punting of both teams, and in this Niles, for the high school, plainly had the best of his opponent, booting the ball from 30 to 40 yards at every kick. Booth did all of Willamette's punting, and used good judgment at quarterback in running his team. The high school did not expect to win this game from Willamette, neither did they expect to lose by such a large score, but their coach, Bishop, is well pleased with the showing his team made, especially on the defensive work, and he intends now, after seeing his men in real action, to work out the weak points, and put the team in much better shape for a hard game.

Although the Willamette team has been greatly changed since their last game, some said that they put up a stronger game Saturday than when they were defeated by Washington a few weeks ago. "Dynamite" Cummings played a great game for Willamette at fullback, making big yardage on line smashes and smashing the high school plays. Leach played a fast game at end, at one time picking up a quarterback kick and making a 25-yard run for a touchdown. The Willamette halfbacks, Low and Shanks, played good ball and made excellent interference. Their line played in a good form that repulsed most of the high school attempts at smashing through it.

For the high school Niles and Kay at ends did very fast playing, both doing good work on recovering punts. Captain Farmer at quarterback ran his team in good style, although using very few of the numerous trick plays which the team has been working up. This was due mostly to the fact that the high school played most of the time a defensive game. A man showing up well was Krebs, who has just recently entered the high school, and who only played through a part of the game. Krebs did some brilliant work while he was on the field.

Richardson also played a good game at halfback. Smith at fullback played a smashing game, while Jones, at right half played his usual good game. Although the high school line received a greater part of Willamette's pounding it stood

up to it in pretty good shape. Keene played a strong game at right tackle.

The Game.

Willamette kicked off and the high school was forced to punt by failing to make yardage. Willamette failed to make yardage and punted, Leach securing the ball and making a 25-yard run for the first touchdown. Booth kicked the goal. Richardson kicked off for high school and Willamette was held and forced to punt. Willamette blocked a punt and bucked the ball for several gains, but was forced to punt. High school punted, and smashed up several plays. Willamette punted to Jones for a fair catch. Niles kicked 35 yards. Both got away in next play for 55-yard run and second touchdown. Failed at goal. During the rest of this half the high school played a fighting game to keep Willamette from scoring again, and it ended with the score 11 to 0 in favor of Willamette.

In the second half Willamette started a steady march for the goal, which ended by Low making a 15-yard gain off tackle for a touchdown. Failed to kick goal. The high school was again put on the fight, but Willamette worked near enough to their goal to score a place kick. In the last part of the game the high school took a brace and made a number of gains, and the whistle blew with the ball about the middle of the field and the final score about 20 to 0 for Willamette. Although the game was one-sided it was enjoyed by those witnessing it.

TO TAKE TIBURON ISLAND

San Diego, Oct. 28.—A report is current here that an expedition has been organized to take possession of Tiburon Island. The present owner is Mrs. Guadalupe Blinn, widow of General Trade Blinn, who died recently in Los Angeles. Blinn claimed the island, and made one fruitless attempt to get possession from the Indians. It is under nominal Mexican jurisdiction, and is located near the center of the Gulf of California.

AUDITORIUM RINK OPENED.

Salem's Skating Pavilion More Popular Than Ever.

One of the largest crowds witnessed the grand opening of the Auditorium roller rink last Saturday night. By 8 o'clock, when the band struck up the first inspiring two-step, the floor resounded with the merry click of hundreds of little rollers, and from that time until the hour of midnight there was not a dull moment or an incident to mar the pleasure of the evening.

The rink is conducted in a manner that is drawing the patronage of the best people of Salem, and the management have taken every precaution to prevent rowdiness. In addition to the regular sessions of the rink an Halloween party is being arranged for Thursday evening, which promises to be of unusual interest.

Christmas Baskets.

Charming effects can be obtained from old baskets (provided they are sound) by treating them about two weeks in advance of Christmas with two coats of common white paint, supplemented, when thoroughly dry, by a coat of delicate green enamel and tinting the rims and handles a cream ivory white. A bow of white satin ribbon should be fastened securely to the handles, through which is thrust a spray of mistletoe. Equally pleasing results may be obtained by using dark green and white enamel, with a vivid scarlet ribbon and cluster of holly, a festive touch being given to the contents of homemade candy by wrappings of crape paper printed in holly design. A delicate paper napkin laid neatly over the top and a card bearing the season's greeting and your own personal good wishes completes the hamper.

A Novel Hatpin Holder.

To make a pretty hatpin cushion take an old coffee tin, remove lid and stuff tightly with wool or rags. Then cut out two rounds of pretty colored satreen (lined) for top and bottom of the tin. Place the satreen in position and tack with long stitches down tin from one to the other. After this put a piece of the material neatly round and make pretty muslin or lace cover in a similar way, with the addition of frills to go over top and bottom of satreen. Tie round with ribbon, top and bottom.
