No Extra Session.
(United Press Leased Wire.)
Washington, Nov. 4.—There will be no extra session of congress. That was decided on at the cabinet meeting Friday. That there is to be no extra session is due to the fact that the cabinet members fell on the proposition tooth and nail. They did not all oppose for the same reason, but each of them had such an array of arguments, all spontaneous, that the President was convinced. He closed the meeting by promising definitely not to call an extra session.

To Combine Great Fleets.
(United Press Leased Wire.)
London, Nov. 4.—It is announced that a combination of two big cargo steamship enterprises is in contemplation by the firm of Furness Whiteley & Co. The company proposes to acquire the fleets of the British Maritime trust and the Chesapeake Ohio Steamship Co., thus becoming the owner of not less than 505,582 tons of steam shipping. Such a fast fleet of cargo steamers under single control would be unprecedented.

Killed Dead Mute.
(United Press Leased Wire.)
Orilla, Wash., Nov. 4.—Edward Jones, of Spokane, was run over and instantly killed by a Northern Pacific passenger train from Olympia yesterday afternoon.

National Bank Fails.
Aurora, Ind., Nov. 4.—The Aurora National Bank was forced to close its doors this morning.

ROOSEVELT IS DEEPLY CONCERNED RESENTMENT DEAD

BETTER FEELING AND UNDERSTANDING PREVAILS BETWEEN THE PRESIDENT AND THE GREAT FINANCIERS, AND NOTHING WILL BE DONE TO ADD TO TURMOIL.

(United Press Leased Wire.)
Washington, Nov. 4.—While President Roosevelt does not admit that he has in any way contributed to the present financial situation, he has become convinced that he is a very important factor in it, so far as it may be improved, and the cause for irritation and excitement removed. That he is deeply concerned that the tendency to unsettle values does not go on is impressed on all who have discussed any phase of the matter with him.

One of the most hopeful signs is that there has been created already much better feeling and a fuller understanding between Roosevelt and the great financiers of the country. This is regarded here as the most substantial progress that has been made toward bettering things financially.

In the face of the great danger which was threatened week before last, much of the President's resentment has died out, and there are evidences that he will do nothing to keep alive the turmoil and excitement.

Washington, Nov. 4.—The gravity of the financial situation was emphasized today by a two hours' conference between the President, Chairman Garr, of the finance committee of the United States Steel Company; Henry Frick and Secretary Root. It is believed the visitors brought with them certain recommendations agreed upon by financiers, at a meeting with J. Pierpont Morgan last night. After the conference Frick and Garr departed hurriedly, refusing to talk to reporters. It is reported that the President will issue a statement on the conference.

GRAFTERS IN HIGH PLACES

(United Press Leased Wire.)
Vancouver, B. C., Nov. 4.—The investigation into the influx of Japanese into Canada has suddenly stopped, and those on the inside claim that the reason is that many higher up would have been found implicated in this Oriental graft.

REPORTS SCHOONER AS LOST

(United Press Leased Wire.)
Port Townsend, Wash., Nov. 4.—Captain McNeill, master of the fishing schooner Daisy, has arrived from Clayoquot sound, and reports that, during a severe storm on the coast Saturday, the schooner Mary, Captain Rhinohart, and a crew of nine men is believed to have been lost.

Odds 2 to 1 on Johnson.
(United Press Leased Wire.)
Cleveland, O., Nov. 4.—The odds on the election of Mayor Johnson over Congressman Burton lengthened today, 2 to 1 being freely offered on Johnson with few takers.

Holiday Continues.
Governor Chamberlain has renewed his proclamation declaring a bank holiday, and will continue to do so from day to day. All banks in the Willamette valley are running, and no demands are being made upon them. The bankers of the Northwestern cities met at Seattle and decided to issue certificates on wheat in warehouses and other good securities, payable in cash February 1st.

MARRIED NEARLY A BILLION

A French Journal Says American Heiresses Have Taken Across the Pond to Purchase Titled Husbands Nearly a Billion Dollars in Recent Years.

(United Press Leased Wire.)
New York, Nov. 4.—A French journal, Le Petite Parisien, declares that American girls who married abroad, mostly for foreign titles, had carried with them to Europe the astonishing sum of \$900,000,000. The Paris writer did not associate this rather startling statement with the reports of "tight money" in America, yet on this side of the Atlantic the fact that hundreds of millions of dollars have gone out of the country with the title-hunters may well occasion a little fanciful as well as social speculation. Upward of 400 American girls have married in Europe within comparatively recent years. A local newspaper prints today the names of 359 American women who have married titles. It adds a list of 20 heiresses who have carried off sums reputed to be upwards of a million.

HINDUS TO HAVE EVERETT

(United Press Leased Wire.)
Everett, Wash., Nov. 4.—Saturday night a demonstration was made against the Hindus, and today they have concluded to leave the city forever. There are about 100 of them. British Consul Pelly, of Seattle, wired the chief of police declaring that he expected proper protection for the British subjects.

Trouble About Over.
(United Press Leased Wire.)
New York, Nov. 4.—Leading financiers fail to agree on the question whether the financial situation necessitates a special session of congress. E. H. Harriman thinks a special session would be a great mistake. James Stillman says a special session is not necessary, and that the trouble will be over by Wednesday. Henry Clews says nothing could be accomplished by a special session.

Another Small Bank Quits.
(United Press Leased Wire.)
Leontonia, O., Nov. 4.—The First National Bank of this city, with a capital of \$100,000, closed its doors today. The bank was organized in 1855, and C. N. Schmick, of Cleveland, O., was its president.

Killed Whole Family.
(United Press Leased Wire.)
Stuttgart, Germany, Nov. 4.—Christian Baitti, a carpenter, suddenly became insane last night, killed his wife, three children and his sister, and then committed suicide.

Adopt Certificate Plan.
(United Press Leased Wire.)
Seattle, Wash., Nov. 4.—After an all-day session, which continued far into the night, the Seattle bankers yesterday decided to adopt the clearing house certificate plan, beginning today and until the present crisis is passed. The banks are considered perfectly solid, but outside points were drawing heavily on currency.

CAR RAN SIXTEEN BLOCKS UNDER FULL POWER

MOTORMAN BECAME CONFUSED AND TURNED ON FULL CURRENT AND CAR RUSHED DOWN THE LONG HILL, STRIKING BIG MEAT WAGON WITH TERRIFIC FORCE.

(United Press Leased Wire.)
San Francisco, Nov. 4.—Rendered uncontrollable by the failure of the air brakes and a new motorman in charge, a car on the Eighteenth St. line this morning, swept 16 blocks down the hill from Sixteenth Avenue south and ended its mad career by crashing into a meat wagon at First avenue and Kentuck St., killing one man, injuring a dozen others, and crushing the lives out of two big draught horses attached to the wagon.

The dead man is Peter Delligman, 28 years old, a laborer. The ill-fated car was inbound from South San Francisco, and was crowded with laboring men. Beginning the descent of the long grade at Sixteenth avenue Motorman Robert Cottman found that his brakes would not operate properly, and that he was unable to control the speed. Slowly the car gained headway and plunged several blocks before the carman tried his reverse lever. Such speed had been obtained by the car that it failed to stop it.

The motorman became confused and excited, and, in attempting to again throw the reverse current, applied full speed. At First avenue a large meat wagon started to cross the track just as the runaway car reached the corner. The car struck the wagon with terrific force, scattering the load of mutton from curb to curb, killing the two horses instantly and smashing the wagon to splinters. By a miraculous circumstance, the driver escaped without a scratch.

Delligman, the man who was killed, was riding on the front platform of the car and received the full impact. He was fearfully crushed. The car was shattered and torn apart. The more seriously injured were taken to the Potrero hospital. Motorman Cottman was arrested and charged with manslaughter.

THE GIRLS GO BACK TO DENVER

(United Press Leased Wire.)
Seattle, Wash., Nov. 4.—Bert Lustig, 22, and David Lewis, elaborately dressed, are in the city jail, and two very pretty girls, Bertie Lawrence and Daisy Ackerman will soon be on their way back to Denver, from where the four eloped several days ago. The two men have been charged with enticing the girls away from home for immoral purposes. The four were arrested by the police at the Federal Hotel last night. There has been no marriage here.

(United Press Leased Wire.)

Big Vote Expected.
(United Press Leased Wire.)
Salt Lake, Utah, Nov. 4.—Tomorrow's election is expected to bring out the heaviest vote in the history of the city. There are four tickets in the field, and it is practically conceded that the American party (anti-Mormon) will elect the mayor. The rest of the ticket is in doubt.

(United Press Leased Wire.)
Little Rock, Ark., Nov. 4.—Five men were killed and 20 injured in a head-on collision between a north bound passenger train and a south bound freight train on the Iron Mountain railroad, eight miles from here, last night.

FRISCO HAS FIAT CURRENCY

(United Press Leased Wire.)
San Francisco, Nov. 4.—A new brand of money was placed in circulation in San Francisco this morning, when the cashiers of the local banks paid off every check presented in clearing house certificates. Thousands of dollars' worth of bills in five, ten and twenty-dollar denominations, printed on "safety" paper, and bearing the signature of Homer S. King, chairman of the San Francisco Clearing House Association, were passed out and will remain legal tender until the flood of gold now pent up in the East reaches this city.

Governor Gillette says that the situation is brighter, but he will continue to declare legal holidays until money arrives from New York and becomes plentiful. All banks will be closed tomorrow on account of election.

(United Press Leased Wire.)
Oregon City, Or., Nov. 4.—What is claimed to be the original plat of the city of San Francisco has been found here in the files of the county clerk. It was filed February 1, 1850. At that time the only government recording officer on the coast was located at Oregon City. The map was made by Alex. Jabvoscelski, a Polish army officer from notes "made by W. M. Eddy, civil engineer." The plat shows 284 blocks, 68 of which are south of Market street.
