## DREAMING.

Last night, when my tired eyes were shut with sleep,  
 I saw the one I love, and heard her speak—  
 Heard, in the listening watches of the night,  
 The sweet words melting from her sweeter lips;  
 But what she said, or seemed to say, to me  
 I have forgotten, though, till morning broke,  
 I kept repeating her melodious words.  
 Long, long may Jami's eyes be blest with sleep,  
 Like that which last night stole him from himself—  
 That perfect rest which, closing his tired lids,  
 Disclosed the hidden beauty of his love,  
 And, filling his soul with music all the while,  
 Imposed forgetfulness, instructing him  
 That silence is more significant of love  
 Than all the burning words in lovers' songs!  
 —Richard Henry Stoddard.

## THE FINANCIAL SITUATION.

Money affairs are getting straightened out everywhere, says the San Francisco Chronicle.

Within a short time currency will again flow unimpeded and in the meantime business is adjusting itself by various devices to existing conditions.

**NO PROPERTY HAS BEEN DESTROYED. FEW INCOMES HAVE BEEN IMPAIRED.**

The coast at this season is a large creditor in the money market and will soon begin to receive cash instead of credit for the trainloads of consumable commodities which we are daily sending away.

We have just finished the year's shipment of citrus fruits, which yielded about \$22,000,000 to the growers and their employes and some millions more to transportation operatives, and are just beginning upon a new year.

The deciduous fresh fruit season is nearly over and the canned fruit shipments are well under way.

To some extent credits instead of cash for these products have been piling up in New York for the last two weeks, which is the cause of the local scarcity of money.

The east, however, is beginning to liquidate by depositing cash in the sub-treasury in New York which is telegraphed here.

The banks all over the country are doing their best.

In Pittsburg, where the aggregate pay roll is about \$1,000,000 a day, the employers are paying in small checks, which can be used for daily purchases.

**THE NATIONAL BANKS ARE DEPOSITING BONDS AND TAKING OUT MORE CURRENCY, WHICH WILL ADD MANY MILLIONS TO THE CIRCULATION.**

**WE ARE IMPORTING GOLD FROM EUROPE IN LARGE SUMS IN RETURN FOR GRAIN AND COTTON.**

The secretary of the treasury is depositing public money wherever most needed.

We are doing well enough and shall come out all right in a few days.

## CHINESE STUDENTS.

There is no question that there is an awakening in China and an earnest desire among the Chinese for the acquirement of western civilization.

There is no more question that the presence in our schools of some thousands of Chinese students would be of as much material advantage to us as to them.

Wherever they go for education they will open avenues of trade which will be as valuable to us as to them.

The young students whom China is now sending out will some day be the officials and merchants of that country.

We desire them to come here and they will be made heartily welcome.

**WE DO NOT WANT EVEN CHINESE COOLIES, WHO ARE BY FAR THE BEST OF ALL ORIENTAL COOLIES, AND WE WILL NOT HAVE THEM.**

**ALL OTHER CLASSES ARE, AND ALWAYS HAVE BEEN, HEARTILY WELCOME.**

There is no difficulty whatever, in most cases, in distinguishing the real student from the real coolie.

Nevertheless, we know that young Chinese of the coolie class will try to get in under the pretense of being students.

Consequently we must of necessity scrutinize.

Chinese officials can greatly help us if they will. So can all Chinese of the classes entitled to enter.

One or two cases occurred some years ago when Chinese, evidently entitled to enter, were subjected to certain indignities at the hands of the authorities because their papers were irregular.

We do not think it will occur again. Public opinion would not favor any precautions to prevent it.

In doubtful cases the presumption should be in favor of the right to enter of any Chinese of suitable appearance, and in case of irregularity requiring detention or heavy bail a good deal of discretion should be allowed our higher authorities.

At any rate, such persons should never be herded in the detention shed.

In other words, while strictly guarding against coolies who might seek to unlawfully gain entrance, we should exercise marked civility to all entitled to come.

They will do us good and we shall do them good.

## A SCAPEGOAT VERDICT.

On finding Walter R. Gillette guilty of perjury in testimony in connection with the "yellow dog" fund of the Mutual Life THERE HAS UNDOUBTEDLY BEEN NO MISCARRIAGE OF JUSTICE, AND THERE MAY BE A SALUTARY WARNING IN IT TO THOSE WHO MIGHT OTHERWISE BEAR FALSE WITNESS.

Nevertheless, says the New York Commercial, there is a deal of sympathy for the former vice president of this insurance company both on personal account and from the very general suspicion that the doctor has been made, if not a scapegoat, at least a make-weight for the district attorney.

The circumstances of the case are sufficiently familiar to all through our news columns.

The perspective which shows the case in its general relations to the entire Hughes investigation of insurance companies is quite as interesting and certainly pertinent at this time.

Of all the criminal prosecutions suggested, threatened and undertaken in connection with High-handed insurance company deeds, this is the first to result in a verdict which, unless set aside by the courts, takes the offender to prison and for a ten-year term.

With all the greater offenders developed by the insurance investigation who have gone unpunished and have thereby subjected the district attorney to no end of criticism, THE CASE OF DR. GILLETTE IS REMARKABLE ONLY FOR ITS INSIGNIFICANCE; and his conviction is sure to be taken as a make-weight eagerly seized upon by the district attorney to make the scales of justice assume a little more semblance of balance than would otherwise obtain in the insurance prosecutions.

# Catarrh

Whether it is of the nose, throat, stomach, bowels, or more delicate organs, catarrh is always debilitating and should have attention.

The discharge from the mucous membrane is because this is kept in a state of inflammation by an impure condition of the blood. Therefore, to cure, take the best blood purifier,

## Hadn't Met That Kind.

"According to this paper," said Homer, "there are three varieties of dogs that never bark."

"That may be true," replied Vanmove, "but I never had the luck to live next door to one of 'em."—Pennsylvania Grit.

**A Methodist Minister Recommends Chamberlain's Cough Remedy.**

We have used Chamberlain's Cough Remedy in our home for seven years, and it has always proved to be a reliable remedy. We have found that it would do more than the manufacturers claim for it. It is especially good for croup and whooping cough.

REV. JAMES E. LEWIS, Pastor Milaca, Minn., M. E. Church, Chamberlain's Cough Remedy is sold at Dr. Stone's drug store.

## Not Surprising.

"Is Billy real dead?" asked Alkali Ike.

"Sure," replied Cactus Cal, "shot plumb through the heart."

"Oh! then I ain't surprised. His heart was always weak."—Philadelphia Press.

## LINGERING COLD.

**Withstood Other Treatment But Quickly Cured by Chamberlain's Cough Remedy.**

"Last winter I caught a very severe cold which lingered for weeks," says J. Urquhart, of Zephyr, Ontario. "My cough was very dry and harsh. The local dealer recommended Chamberlain's Cough Remedy and guaranteed it, so I gave it a trial. One small bottle of it cured me. I believe Chamberlain's Cough Remedy to be the best I have ever used." This remedy is for sale at Dr. Stone's drug store.

## On the New Building.

Denny—"What are ye t'inkin' about now, me mon?"

Larry—"Faith, luk ut th' automobiles. Some kin go motorin', whole we have to be satisfied wid mortharin'."—Chicago News.

## A Good Lintment.

When you need a good reliable lintment try Chamberlain's Pain Balm. It has no superior for sprains and swellings. A piece of flannel slightly dampened with Pain Balm is superior to a plaster for lame back or pains in the side or chest. It also relieves rheumatic pains and makes sleep and rest possible. For sale at Dr. Stone's drug store.

# NORMAL'S MONTHLY REPORT

IT SHOWS SPLENDID ATTENDANCE

**STATE SUPERINTENDENT ACKERMAN VISITS TRAINING CLASS OF SALEM HIGH SCHOOL — OTHER HIGH SCHOOLS PREPARE TO FOLLOW EXAMPLE.**

Secretary Starr has compiled the first monthly reports of attendance at the state normal school, showing 469 normal students enrolled in the four institutions, and 450 in the training departments of these schools. Weston leads with 154 students, and Drain has the lowest number, 70. Monmouth has 128, Ashland, 122.

All these students under the rules of the board are taking at least four studies and one study in pedagogy. All are receiving work in the training departments, which are made up of classes from the public schools is enrolled as a training department, and this is true of Monmouth. Total tuition collected for first term was \$2552.

The normal schools are making a good business showing of earning tuition fees, dormitory fees, and for use of pianos and chemical and physics laboratories. Fees for these latter purposes are not yet reported, but will go far to make the schools more acceptable to the people. From the standpoint of actual work done the capacity of the normal schools has been very much increased, and there is still room for nearly as many more students as they have now enrolled. It is the ambition of the presidents, the regents and of Secretary Starr to have a thousand students enrolled the first year in normal studies.

## High School Normal Course.

Before the year is up the state board hopes to have a teachers training class organized in each high school in the state. That would double the number of school teachers now given normal training each year. State Superintendent Ackerman visited the Salem class and says:

"This morning I took occasion to spend the whole of the recitation period in observing the work of the teachers' training class recently organized in the Salem high school. I found 19 members present, and the splendid spirit manifested by each member of the class and the thoroughness of the work as evidenced in a thorough review by the teacher in charge and my questions leaves no doubt in my mind as to the practicability and advisability of training classes in high schools. I am also sure that any observer interested in the training of teachers would have been likewise impressed. Were the several high schools of the state, that is the larger ones, to organize classes of this kind, the problem of furnishing trained teachers for our country schools would be partially solved."

With nearly a hundred high schools running in the state if only the best ones take up this work the problem of securing better trained school teachers will be partially solved.
