

Women Avoid Operations

When a woman suffering from female trouble is told that an operation is necessary, it, of course, frightens her.

MISS ROSE MOORE

Lydia E. Pinkham's Vegetable Compound

Made from native roots and herbs, have escaped serious operations, as evidenced by Miss Rose Moore's case, of 307 W. 26th St., N. Y. She writes: "Dear Mrs. Pinkham:—Lydia E. Pinkham's Vegetable Compound has cured me of the very worst form of female trouble and I wish to express to you my deepest gratitude."

Mrs. Pinkham's Standing Invitation to Women

Women suffering from any form of female weakness are invited to promptly communicate with Mrs. Pinkham, at Lynn, Mass. From the symptoms given, the trouble may be located and the quickest and surest way of recovery advised.

X-RAYS

District Attorney Langdon has been in the lime light along with light house Heney long enough. He should now get down to business and prosecute a few of San Francisco's worst criminals—Patrick Calhoun, for instance.

Death Valley Scotty has again come to life. He dug up money enough to pay for a telegram congratulating Langdon on his re-election.

The Honorable Mrs. Secretary Metcalf, the dispatches say, is walking 15 miles a day to keep from getting a grass—what horses get when they are turned out on the bunch grass.

If Langdon will quit prosecuting the supervisors and others long enough to try President Calhoun for murder in running his cars with incompetent men and mowing down pedestrians as he pleases, there will be a feeling that Mr. Langdon's election is a good thing.

A man named Brown was arrested in Georgia yesterday for attempting to shoot Father Gunn, a Catholic priest. In most countries it is no crime to try to shoot a Gun.

Detective McParland who detected Orchard and incidentally caused some comment by not going on the stand in the Haywood case is in Pendleton. He may be as the East Oregonian describes him, a very clever gentleman, but he did not gain an enviable reputation in Idaho.

Dr. Taylor is re-elected mayor of San Francisco by a handsome majority on a "good government" ticket. It is hoped his administration will be entitled to bear the name at its close—but Schmitz was elected on a reform ticket, and is only now being reformed.

Would Hang Him, Anyway. The peculiarities of human nature are many and varied. There probably is never a crime committed but what a number of strange ideas possess a certain class of people to the extent that they will write or in some way communicate them to the officers. No better illustration can be given of this than a letter recently received by Sheriff Rand relative to the murder of Harvey K. Brown.

The letter bears the date of Spokane, Washington, and the contents follow: "The murderer of Sheriff Brown is here, and we think you can get him in Idaho. We have adjoining farms to him, and he was away, and his boys say he made a lot of money when away by killing men in Montana and here, too. He was a gambler in Idaho and was mad at Brown. We will say nothing here, but if you don't kill him here, or if he is not lynched when taken to Baker we will swear hard enough to hang him. He goes by the name of Elk, Spokane county. Don't ask us anything here, for we fear our lives. Just take him to Idaho; it is only about six miles. If he don't go shoot him, and we will clear you. Don't let those fellows in Spokane know anything. We were to post this letter sooner, but were afraid."—Baker City Herald.

Deafness Cannot Be Cured by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free. F. J. Cheney & Co., Toledo, O.

Fish That Live Long. The salmon is said to live about ten years, but pike and carp sometimes reach 150 years.

A Methodist Minister Recommends Chamberlain's Cough Remedy. We have used Chamberlain's Cough Remedy in our home for seven years, and it has always proved to be a reliable remedy. We have found that it would do more than the manufacturers claim for it. It is especially good for croup and whooping cough.

REV. JAMES E. LEWIS, Pastor Milaca, Miss., M. E. Church. Chamberlain's Cough Remedy is sold at Dr. Stone's drug store.

ONE TROUBLE AFTER ANOTHER

Nervous Breakdown Followed Functional Disturbance and Mrs. Gleason's Life Was Miserable Until Dr. Williams' Pink Pills Cured Her.

Neglect or improper treatment of woman's ills almost inevitably leads to a train of unfortunate results and frequently to a lifetime of misery. In time almost every organ of the body becomes affected, the nervous system is broken down, the digestion is weakened and symptoms of kidney trouble develop.

This was the experience of Mrs. J. Gleason, a well-known resident of Penfield, Monroe county, N. Y. "I had suffered for years with weaknesses which many women have," she says, "and this in time led to nervous prostration. I was often hysterical and would sometimes faint away two or three times a day.

"My stomach became so weak that there was hardly a thing I could eat and keep down. There were heavy leaden pains through my abdomen, I was troubled with gas and my stomach was so tender that it seemed raw. For two weeks I could not walk on account of weak kidneys and a lame back.

"My heart jumped and occasionally skipped a beat. During the dreadful fainting spells I would have to be taken out of doors. When I came to I would be weak and helpless for a long time. The least bit of noise upset my nerves and I was all the time imagining all sorts of impossible things. I had severe headaches and was in bed for two months.

"I employed a doctor off and on for several weeks, but when I failed to get any better, I gave up taking his medicine. Dr. Williams' Pink Pills were recommended by a friend and they helped me at once. I took the pills until entirely cured and recommend them very highly."

Those who are interested in the treatment which cured Mrs. Gleason may obtain information by writing for the booklets "Plain Talks to Women" and "Nervous Disorders" which we send free on request.

Dr. Williams' Pink Pills are a tonic for the blood and nerves and have proved especially helpful to women and growing girls. They were used extensively in private medical practice and, proving efficient in a wide range of diseases and absolutely safe in all cases, were placed upon general sale with directions for use prepared by the doctor himself. Their merit has made them the most widely used family medicine in the world today.

Dr. Williams' Pink Pills are sold by all druggists or will be sent post-paid, on receipt of price, 50 cents per box; six boxes for \$2.50, by the Dr. Williams Medicine Co., Schenectady, N. Y.
