## SPLENDID HOLIDAY ISSUES

The Capital Journal will issue a fine Thanksgiving number and a fine Christmas number. These papers will be devoted to writing up the Capital City and its industries and the products of the Willamette valley and its towns.

Our solicitors are now in the field for advertisements, sketches of men and matters suitable for such papers. We shall appreciate any favors shown them in getting out these advertising editions. Such newspapers cost a printing office about as much as it gets out of them, and we hope a large number of them will be taken for advertising purposes, for the Board of Trade, Boosters' Club and Business Men's League, to advertise Salem.

The local paper speaks for the up-building of the community as does no other form of publication, and deserves the support and encouragement of all citizens who stand for progressive policies.

In placing extra advertising remember the Thanksgiving Journal and the Christmas Journal.

### Badly Mixed Up.

Abraham Brown, of Winterton, N. Y., had a very remarkable experience; he says: "Doctors got badly mixed up over me; one said heart disease; two called it kidney trouble; the fourth, blood poison, and the fifth stomach and liver trouble; but none of them helped me; so my wife advised trying Electric Bitters, which are restoring me to perfect health. One bottle did me more good than all the five doctors prescribed." Guaranteed to cure blood poison, weakness and all stomach, liver and kidney complaints, by J. C. Perry, druggist, 50c.

### Dorris Making Converts.

Victor Dorris changed his theme last night to that of the parable of the Good Shepherd, and opened up some interesting and fertile ideas that are not generally heard from the ordinary teacher of today. The sermon was interspersed with sufficient humor and illustration to make it pithy and pointed, and his hearers were appreciative to the end. The appeal to men and women to accept Christ was responded to by a husband and wife, and others expressed keen desire concerning the question as to whether they were in the fold of the Good Shepherd. Tonight Mr. Dorris will have for a theme "Justified by Faith Alone," and the evangelist promises a full discussion of that important question. There have been 48 added since the meeting began, and among them are some of the best citizens of the city, and others are interested. Some who had prejudices in the beginning are ready to admit that when the evangelist is understood that he is next to unanswerable, and that his knowledge of the scripture, together with a mind stored with historical and logical facts, make him a most delightful teacher. A gentleman who confessed his bent toward skepticism told the evangelist yesterday that, while he could not yet see things as others did, he was glad to hear a man that knew how to handle great questions in a great way. Meetings continued during the week.

### The Forty-Sixth Star.

A new white star will shine in the blue field of the flag November 16. The president has assured an Oklahoma delegation that he will then sign the constitution and proclaim the state. It will be the forty-sixth in order of admission. Mr. Roosevelt does not indorse the very radical constitution of Oklahoma, but his duty under the act of congress is to admit the new state when satisfied that it has provided a government "republican in form." He will hand the state over to Democratic officials already chosen. Political and sectional considerations have always ruled in the admission of states. At first southern and northern states were admitted in

pairs or alternately, five of each joining the union up to 1821. In that year Missouri's admission marked the movement westward. The longest gap in state making ended when Arkansas was admitted fifteen years later. Michigan followed. Then Florida and Texas were offset by Iowa and Wisconsin. Wisconsin in 1848 brought the total up to eight northern and nine southern states admitted, and Texas had the right to divide into four states, a right which will probably never be claimed.

With 1850 began the admission of debatable states. California was safely neither southern nor northern. Minnesota and Oregon gave the admitted northern states a majority of one; Kansas, admitted January 29, 1861, had been claimed both by the slavery and anti-slavery men, and the latter had won. West Virginia was admitted as a war measure in 1863.

Since then no state has been admitted south of the line defined by the Missouri compromise. Oklahoma will be the first in 44 years.—New York World.

### Properties of Galalith.

Consul John E. Kehl, writing from Stuttgart, tells of a new German product as follows:

The new composition called "Galalith" is said to possess the characteristics of vulcanized India rubber and celluloid, excepting that it is odorless and not inflammable. The article is manufactured from skimmed milk, freed from water, undergoes a process of vulcanization, after which

the plastic material is placed under heavy pressure for the purpose of securing desired forms. From sixty quarts of skimmed milk about eighteen ounces of "Galalith" are produced. The pure article is transparent and can be colored with the aid of an acid, the name of which I have been unable to procure, in imitation of ivory, tortoise shell, vulcanized rubber, amber, marble, coral, etc. The composition is a thoroughly warmed state (by an immersion in water of 212 F.) can be formed and will retain its shape. It is further claimed that "Galalith" can be worked the same as natural horn, in the way of sawing, cutting, polishing, etc., and that it is not affected by coming in contact with oils, greases, eth r, benzine, etc. "Galalith" sells at 45 cents to 90 cents a pound.

### A Methodist Minister Recommends Chamberlain's Cough Remedy.

We have used Chamberlain's Cough Remedy in our home for seven years, and it has always proved to be a reliable remedy. We have found that it would do more than the manufacturers claim for it. It is especially good for croup and whooping cough.

REV. JAMES E. LEWIS, Pastor Milaca, Minn., M. E. Church, Chamberlain's Cough Remedy is sold at Dr. Stone's drug store.

**Confusion of Terms.**  
"What the public needs," said Mr. Dustin Stax, "is confidence."  
"Yes," answered Farmer Corntosel; "but the trouble is that whenever you say confidence, so many of us associate it with 'gold brick' and 'bunco.'"—Washington Star.

### Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free. F. J. Cheney & Co., Toledo, O.

Sold by druggists, 75c. Take Hall's Family Pills for constipation.

**OFFICERS ELECTED**  
Large Membership and Is in Strong Financial Condition

Salem Elphree (hospitality) held its annual election Tuesday, and chose the following for the ensuing year:  
McCornack, president.  
Breyman, vice-president.  
Meredith, secretary.  
Baumgartner, treasurer.  
Gilbert, Fred Steusloff, Millers, Harry Olinger and Dr. Byrd, trustees.

Financial statement of the club, made by the secretary, was very complimentary, showing \$9000 receipts, and nearly 1000 members. Mr. Meredith has been first-class officer, and his reelection by acclamation was a great compliment to his ability as an officer. The retiring president, J. A. Breyman, was given a number of evidences of the confidence and esteem in which he is held by the members for the grand work he has done in keeping the club's affairs in shape, and rendering valuable service as its executive officer.

A. N. Gilbert, in nominating Mr. Meredith, paid that man a high meed of praise for his work on the committee on furnishing the house when it was first built. Mr. Meredith and the other members of the committee went into their pockets for about \$100 to buy the furniture and fit up the house in the present elegant manner, which is a great credit to the club. The election of Mr. Meredith was received with great satisfaction, and was unanimous on motion of Mr. Breyman, seconded by Squire Farrar. A lunch served at the house during the business session. The expense was very large.

**Illness and Constipation.**  
Years I was troubled with biliousness and constipation, which made life miserable for me. My appetite failed me. I lost my usual vitality. Pepsin preparations and cathartics only made matters worse. I do not know where I have been today had I not Chamberlain's Stomach and Bowel Tablets. The tablets relieve me of all feeling at once, strengthen digestive functions, helping me to do its work naturally.—Rosa Potts, Birmingham, Ala. Tablets are for sale at Dr. Stone's drug store.

**A Real Wonderland.**  
North Dakota, with its rich silver and bonanza farms, wide range of strange natural formations, is a real wonderland. At Mound in the home of Mrs. E. D. Clapp, a wonderful case of healing occurred. Her son seemed to die with lung and throat trouble. "Exhausting coughing spells occurred every five minutes," writes Clapp, "when I began giving Chamberlain's New Discovery, the great medicine, that saved his life and completely cured him." Guaranteed to cure coughs, colds, throat and lung troubles, by J. C. Perry, druggist, 50c and \$1.00. Trial bottle free.

The odds of 10 to 7 on Mayor Johnson in the Cleveland mayoralty race against Secretary Loeb's candidacy may be due to a lack of funds on the part of the Burton forces. Is the contest worth the attention of some Ohio voters? The contest is a contest for the attention of campaign contributors?—New York World.

The old remedies are the best. Chamberlain's Cough Remedy has been in use for over one hundred years by the old Dutch Dunkards of Pennsylvania, and is still in use by the old families of western Pennsylvania. It is absolutely pure; made from the bark of the white or shell banyan tree. The bark is imported from the east, and manufactured in Salem, Oregon. For sale at all dealers everywhere.

The press is printing columns of news at the expense of the New England society girl who rises at daylight to milk five cows. Certainly it is the young woman's credit that she prefers playing the dairymaid to attending at monkey dinner.—Hochester Post-Express.
