HERE'S A HEALTH TO GOOD FELLOWS.

Jolly good fellows who die for the death of it, Fight for the fun of it, live for the breath of it; Catch at the instant and drink of the minute, Thinking not, caring not what may be in it.

Foolish good fellows (and all of us know it), Washing their midnights in being a poet, Giving their lives to the lives of humanity, Dreaming of fame—the extreme of insanity.

Silly good fellows who labor for science, Lighting the way for the race's reliance, Bearing their burdens with mien of a stoic, Dreaming of gratitude—myth unheroic.

All the good fellows who think not of wages, Foreign, in part, to the thing that our age is, Giving no heed to the weight of the coffer, Taking what fate and not men have to offer.

They and the like of them, here's a health to them! Taint of our lower aims never undo them! They will survive us all, passed through the portal; Life often jests at what death makes immortal!

—New Orleans Times-Democrat.

HANGING TOGETHER.

After John Hancock had signed the Declaration of Independence, his name being the first on that document, he argued the necessity of union and remarked: "WE MUST ALL HANG TOGETHER."

Whereupon the ready wit of Benjamin Franklin said: "Yes, or we shall all hang separately."

They hung together, and we all know the result. There is a lesson in this for the present situation.

If we hang together by showing confidence in each other and in the country as a whole, we shall soon issue from the temporary financial flurry stronger and better than ever.

If we express distrust among our associates and hide away all the dollars that come into our hands thus depriving business of the element on which it lives, and grows, some of us are pretty sure to hang separately.

THE BANKS OF THE COUNTRY HAVE SET A GOOD EXAMPLE BY HANGING TOGETHER.

They have not tried to get the best of each other in a perplexing situation, but have joined hands to tide over the period of stringency and sustain the credit of the country.

In this they deserve the hearty co-operation of depositors, and generally have received it.

A few there are who figure that they can be gainers by withdrawing their money from the channels of trade, but for the most part the depositors in Salem banks are standing patriotically by the institutions of Salem and for welfare of Salem and the entire country.

Business lives and thrives on confidence. It furnishes and dies on distrust.

The citizen that goes about preaching distrust is harming himself as well as the city and country.

There is no sound reason for a loss of confidence. We have had great crops this year.

There is plenty for all to eat and to wear, and great quantities left for sale to other nations.

THE OTHER NATIONS NEED MORE OF OUR WHEAT THIS YEAR THAN THEY DID LAST BECAUSE THE WORLD'S CROP IS SMALLER.

They need our cotton, as usual, and they must have our beef and our corn-fed pork.

In 1893 we did not have the stuff to sell we have this year. Let us suppose the nation to be one business man operating various enterprises.

In 1893, when he struck a balance of imports and exports, he found he was behind about \$35,000,000.

In 1907 it is estimated that he is between \$350,000,000 and \$400,000,000 to the good.

There is a vast difference between 1893 and 1907. No occasion for him to go around with a long face.

Possibly he has been so prosperous this year that he got mixed up a bit in handling his enormous interests, and thus was the temporary delay brought about.

But keep your eye on him. He will shortly have everything running smoothly again, and the sunshine will be reflected in the faces of everybody.

U. of O. Relay Races.

University of Oregon, Eugene, Nov. 15.—Considerable interest is being taken by the students in the coming inter-class cross-country and relay races, to be held in the latter part of December.

There are two events, a two-mile cross-country run and a five-mile relay race. Each class will be represented by a team of five men. In the two-mile cross-country run the winning team will receive a beautiful silver cup, while the first, second and third men will receive a gold, silver and bronze medals, respectively.

In the five-mile relay race a silver cup is offered to the winning team, and gold medals to the members of that team. The teams will be composed of five men each, each man to run a mile.

The Columbia football team, of The Dalles, competes for honors with

the U. of O. second team on Kincaid field Saturday afternoon. Both teams anticipate a close contest. The varsity team won from The Dalles aggregation last year at The Dalles by a score of 6 to 5.

LINGERING COLD.

Withstood Other Treatment But Quickly Cured by Chamberlain's Cough Remedy.

"Last winter I caught a very severe cold which lingered for weeks," says J. Urquhart, of Zephyr, Ontario. "My cough was very dry and harsh. The local dealer recommended Chamberlain's Cough Remedy and guaranteed it, so I gave it a trial. One small bottle of it cured me. I believe Chamberlain's Cough Remedy to be the best I have ever used." This remedy is for sale at Dr. Stone's drug store.

Catarrh

Whether it is of the nose, throat, stomach, bowels, or more delicate organs, catarrh is always debilitating and should have attention.

The discharge from the mucous membrane is because this is kept in a state of inflammation by an impure condition of the blood. Therefore, to cure, take the best blood purifier,

SMILES

Push for Salem.

Perhaps, if Salem had a new charter, some one could be held responsible for such things as the North Commercial street bridge and the South Commercial street paving.

The intercollegiate oratorical contest at Albany was very tame. If four states had contested at football the town would not have held the people.

Saturdays are exciting days for mothers in November. Football.

Salem needs pay rolls more than technical objections and injunctions. But some must live, even on the precarious diet of technical objections.

Pave State street this fall yet.

Sending your son to the army or navy would not be safer than sending him to college. They play football there, too.

Willamette vs. Corvallis.

The Willamette University pigskin booters accompanied by a loyal bunch of rooters left last evening for Corvallis, where they will meet the enthusiasts of O. A. C. this afternoon in what promises to be one of the most interesting games of the season. The local team is going over to visit the farmer boys with the determination to put up the "fight of their lives" and as the Benton grid-ironers have gained some reputation for bravery and hitting the line hard there will probably be something doing when the forces meet. If Willamette wins the game the local team will be again in line for the championship.

A Notre Dame Lady's Appeal.

To all knowing sufferers of rheumatism, whether muscular or of the joints, sciatica, lumbago, backache, pains in the kidneys or neuralgia pains, to write to her for a home treatment which has repeatedly cured all of these tortures. She feels it her duty to send it to all sufferers FREE. You cure yourself at home as thousands will testify—no change of climate being necessary. This simple discovery banishes uric acid from the blood, loosens the stiffened joints, purifies the blood, and brightens the eyes, giving elasticity and tone to the whole system. If the above interests you, for proof address Mrs. M. Summers, Box R, Notre Dame, Ind.

ANNIVERSARY OF WHITMAN MASSACRE

Walla Walla, Nov. 16.—(Special.)—Friday, November 29th, is the sixtieth anniversary of the Whitman massacre, and elaborate preparations are being made for its commemoration. At half past one on the afternoon of the 28th an excursion train will leave Walla Walla for Waillatpu, the old mission station of Dr. Whitman and the scene of the massacre. Governor Mead of Washington, Gooding of Idaho and Chamberlain of Oregon representing the three state that Whitman saved to the Union by his famous winter ride to Washington, have been invited to speak at Waillatpu and will be there or send official representatives. The Fourteenth cavalry and the excellent cavalry band of Walla Walla will take part in the exercises.

In the evening the memorial services will be continued at the big tabernacle on Poplar street. Two addresses will be given: An historical address by the Hon. Edwin Bells of Tacoma, and a memorial oration by the Rev. Dr. M. A. Matthews of Seattle, who is one of the most eloquent speakers on the Pacific coast. A large chorus choir under the direction of Professor Jackson of the Whitman conservatory of music will sing.

Encouraged by Whitman's brilliant victory over Washington last Friday, the people of Walla Walla and the student body of the college are clamoring for the championship, and a special excursion train is to be run to Moscow Saturday to carry a big crowd of rooters to back Whitman in the Whitman-Idaho game. Idaho has beaten W. S. C., so the game Saturday has taken on the importance of a championship contest. The excursion train will leave Walla Walla Saturday morning and will return late the same night.

Whitman will send a great team against Idaho. R. V. Peringer, the veteran line man, is back in college and will be able to play in the Idaho game, probably at center. Whitman expects to win from Idaho, and has higher hopes than ever for the northwest championship.

After having played tie games for two years, Whitman college and the University of Washington settled the football supremacy between the two institutions here last Friday, Whitman winning from the university by the score of 12-8. Neither team was able to make a touchdown, although Whitman nearly carried the ball over two or three times; all the scores were the result of field goals. Brubaker and Borleske for Whitman kicked three successful ones, Washington getting two. Whitman had nine chances for goal, but Brubaker was not kicking as well as usual, and most of them went wide. Whitman clearly outplayed Washington, advancing the ball 640 yards to their 140 yards.

A crowd of about two thousand people saw the game, and the whole town was wild with enthusiasm all day. The town never caught the college spirit as they did last week. Every business house in the city was closed, and the men of the Commercial club were at the game in a body to root for Whitman.

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free. F. J. Cheney & Co., Toledo, O.

Sold by druggists, 75c. Take Hall's Family Pills for constipation.
