NO. 265.

## 150,000,000 GOVERNMENT BONDS ISSUED

### EAT STATE TRIALS POWERS JURY

James Bradley Will Not Assail Character of ex-United States Senator and Seems to Be Less Critical.

(United Press Leased Wire.)

London, Ky., Nov. 18.—After court this morning in the trial, Judge Morris permitted the jury to view the defendant of both avowal of the deed and the prosecution's counter-claim concerning the pardon granted by Governor Taylor. The testimony of the defendant was that he was sane and that the court adjourned.

The list of defense witnesses has been lengthened to 30, helping the insanity defense. James Bradley is loath to assail the character of the stand. He seemed much brighter upon the court room this morning.

James Bradley Insane.

London, Nov. 18.—James

Hay, a reporter, was the first witness. He told of the peculiar actions of the defendant when he was interviewing her just after the tragedy. He strengthened the impression that the defendant was mentally unsound. The testimony of Chas. Cottrell, another reporter, confirmed that of Hay.

Cottrell said that Mrs. Bradley had a "wild look," but that he did not believe her to be insane. The defendant told Cottrell: "I asked Brown if he intended doing the right thing, and he started to leave the room. Then I shot him."

Police officers next testified that Mrs. Bradley was erratic when she was arrested, but that they did not believe she was insane. Dr. T. W. Whitney, of Salt Lake, attended the defendant when Arthur Brown, Jr., was born, and declared that the blood poisoning for which he treated her often affected the brain.

Louis McMahon, reporter, said that the defendant was so nervous that a puff of wind would disturb her mentally.

Mrs. Mary Madison, a little woman, 64 years of age, mother of the defendant, testified that when she was a child Mrs. Bradley was struck on the head with a hoe and was severely injured. Until she was 16 years of age she suffered with severe headaches. Other witnesses were unable to say that they thought the defendant was insane, and the court adjourned.

**The Walsh Trial.**

Chicago, Nov. 18.—Judge Anderson, in the Walsh trial today rebuked Auditor Williams, of the Southern Indiana Railway, who was identifying on the stand some entries in the company's books. Prosecutor Dobyns protested against Williams' quibbling. Judge Anderson said to Williams, "your tactics will not be tolerated any longer."

### PANAMA BONDS ARE ISSUED 3 PER CENT NOTES

Money Market to Be Relieved in a Roundabout Manner by Increasing Government Debt.

(United Press Leased Wire.)

Washington, Nov. 18.—Secretary Cortelyou last night made the important announcement that, as a means of affording relief to the financial situation, the treasury would issue \$50,000,000 of Panama bonds and \$100,000,000 certificates of indebtedness, or so much thereof as may be necessary. The certificates will run for one year, and will bear 3 per cent interest. The secretary's action in coming to the relief of the financial situation meets with the President's heartiest approval, and the plan is the outcome of the White House conferences which have been held within the last few days, when the financial situation was under consideration.

Secretary Cortelyou says that the Panama bonds will afford substantial relief, as the law provides that they may be used as a basis for additional bank circulation. He also states that the proceeds from the sale of certificates can be made directly available at points where the need is most urgent, and especially for the movement of crops, which, he says, "if properly accelerated, will give the greatest relief and result in the most immediate financial returns."

The secretary calls attention to the attractiveness of the bonds and certificates as absolutely safe investments.

Secretary Cortelyou adds that these relief measures will enable him to meet public expenditures without withdrawing for that purpose any appreciable amount of the public moneys now deposited in national banks throughout the country. Two treasury circulars, one inviting proposals for the issue of bonds, and the other asking for the certificates, will be sent out under date of November 18.

**Bonds Will Help Situation.**

San Francisco, Nov. 18.—A representative of the San Francisco clearing house said this morning: "When President Roosevelt wrote yesterday to Secretary Cortelyou expressing his approval of the plan to issue Panama canal bonds he struck the keynote of the financial situation, national and local in his final sentence: 'All that our people have to do now is to go ahead with their normal business in a normal fashion and the whole difficulty disappears, and this will be achieved if each man will act as he normally does act, and as the real condition of the country's business fully warrants his now acting.'"

As for the local money market everything points to a speedy adjustment of affairs here and a resumption of normal business in a very short time. The direct effect of the government bond issue is manifest here in an increased feeling of confidence on the part of the bankers and a lessening of the tendency to tie up coin.

The action of the treasury department has had an even more powerful effect locally through its quieting effect on New York banking business. Entire confidence was so promptly restored there that before 10 o'clock this morning the sum of \$1,500,000 had been deposited in the New York sub-treasury, and a corresponding sum paid out by Assistant Treasurer Ralston to San Francisco bankers.

**Stock Market Stronger.**

New York, Nov. 18.—The aggressive short covering that characterized Saturday's final trading was carried over into today's early market, and the exchange opened with brokers loaded with bid orders for short accounts. The result was a gain, on the initial quotation, averaging two points in the principal securities, and before this demand was satisfied the market had scored a still further advance. Union Pacific showed a total gain of four points from Saturday's close. The higher range of prices brought out numerous realizing orders from small holders, and for the remainder of the session trading was done at fractional declining prices. The close was firm.

**Good Effect in Chicago.**

Chicago, Nov. 18.—President Roosevelt's relief measure had such a good effect on the stock exchange board today that the local financiers think it marks the beginning of the money stringency's end. Stocks went booming two dollars a share and wheat went up a cent and a quarter.

**Some Doubt Panama Bonds.**

New York, Nov. 18.—The new government relief measure decided upon by President Roosevelt last night was the chief topic of conversation in financial circles today. Some authorities are inclined to doubt the success of the three per cent treasury certificates, though the plan has every tendency to strengthen the stock market. Advances of from one to four points at the opening of the exchange is attributed to the government relief. The premium on currency was as low as 1 1/4 per cent.

### MOBS ARE STORMING STREET CARS

(United Press Leased Wire.)

Louisville, Ky., Nov. 18.—Two policemen were injured by bricks, five men arrested and a number of persons clubbed, as the result of a riotous demonstration by striking street car employees and their friends yesterday afternoon.

An address by the wife of a discharged conductor, at a mass meeting, so worked on the assemblage that an impromptu parade of over 2000 persons, was formed and marched about the business district.

There was a large sprinkling of women in the line, and they incited the crowd to stone the cars. Four cars were stoned, and, although no one on board was seriously hurt, several women passengers fainted.

### EAGLE TAKEN ALIVE

(United Press Leased Wire.)

North Yakima, Wash., Nov. 18.—To have an immense eagle gripped tightly between his strong hands and not be able to release his hold because he feared the consequences, is the strange plight which befell E. D. Palmer, of Nob Hill a few days ago in a hunting experience.

Palmer was hunting grouse when he saw a flock, also an eagle in pursuit. He fired and one of the shots grazed the eagle's head, and it fell. Thinking it dead, Palmer picked it up, when the eagle came to life and a battle which lasted 30 minutes followed. With his face and hands lacerated, he finally strapped the legs of the eagle together and brought it to town, where it is on exhibition.

### CLEARY CITY IS BURNED

Fairbanks, Alaska, Nov. 18.—Cleary City, 17 miles distant, was practically destroyed by fire Saturday, only four of the business blocks and a few small shops and residences remaining. The fire started from defective wiring in the Totem saloon and swept with fury through the many frame buildings. The loss is estimated at \$250,000. The city will not be rebuilt, the business men moving to Chatinika, the railroad terminal at the mouth of Cleary creek.

**PLUCKY FIREMEN FALL BENEATH WALLS.**

(United Press Leased Wire.)

Fargo, N. D., Nov. 18.—Firemen White and Hartman were killed last night by falling walls at a fire attacking the five-story plant of the J. I. Case Threshing Machine Company. Loss, \$200,000.

**Chicago Grain Market.**

(United Press Leased Wire.)

Chicago, Nov. 18.—Cash wheat, \$1.04; closed, \$1.03 1/2. Cash corn, opened, 56 1/2; closed, 56 1/2. Cash oats, opened 50 1/2; closed, 50 1/2.

### STEVE ADAMS DEFENSE ATTACKS ORCHARD

Tearing to Shreds the Alleged Confession Which the Notorious Harry Orchard gave to the Public.

(United Press Leased Wire.)

Rathdrum, Idaho, Nov. 18.—The defense in the Steve Adams case brought out again this morning the fact that the notorious Harry Orchard was in the Marble creek region in October, 1905, after the skeleton of Fred Taylor had been found, and that he was in a position to know all the circumstances surrounding the killing, thereby being able to furnish Detective McParland with the details necessary for the alleged Adams confession. Frank Price, a pioneer settler in that region, testified to seeing Adams at the town of St. Joe on the morning of August 8, while the defendant was en route out of the region. The killing of Tyler is alleged to have occurred on August 10. Mrs. Nellie Killdee testified to seeing Orchard and Simpkins going into the Marble creek region in October, 1905. O. H. Todd, a civil engineer, testified that it would be impossible to go over the trail from the river to Marble creek in less than eight hours. Mrs. Minnie Hanson testified to seeing Adams in the town of St. Joe on the morning of August 8.

### PIERCED THE WILD REGION

(United Press Leased Wire.)

Seattle, Wash., Nov. 18.—Two thousand miles through the wild region north of Edmonton, with only two Indians for her companions much of the time, is the journey completed recently by Countess Menerche de St. Pierre de St. Brieux, Brittany, France, who is now a guest in this city. The trip consumed the greater part of three months, during which time the French countess traversed treacherous streams in canoes, penetrated vast forests on foot, climbed barren mountain slopes and performed numerous other difficult feats that fall to the lot of those who answer the call of the wild, and get close to nature.

Tiring of the continuous round of social duties that fall to the lot of a titled woman in gay Paris, the countess determined to make a journey through the practically unexplored part of North America.

From Seattle the countess goes to San Francisco and thence to Mexico. Before returning she will pay her respects to President Roosevelt, and, at his request, give him a brief account of her journey.

**Robbed a Poor Tailor.**

(United Press Leased Wire.)

Los Angeles, Cal., Nov. 18.—Two men backed a wagon up to the rear of L. L. Levin's tailor establishment at 714 South Spring street, about 1 o'clock this morning, and, breaking out a window, looted the store. A stock of goods amounting to \$1500 was carried away. The theft was discovered about ten minutes after, but the thieves escaped.

**HE FOUGHT STRANGE WOMEN OF THE STREET.**

Chicago, Nov. 18.—Frederick W. Vanderpool lost his right eye, his wife was stabbed several times and Chas. Webers and his face lacerated late last night in a fight with four strange women on the street. The Vanderpool party had just alighted from a car when a strange woman tried to induce Webers to leave Vanderpool. Webers refused to do so and the strange woman was joined by three others who gouged Vanderpool's eye out. They stabbed Mrs. Vanderpool several times in the breast with hat pins and scratched Webers' face. The quartet escaped.

**Northwestern Grain Market.**

Tacoma, Wash., Nov. 18.—Wheat, steady. Bluestem, 85; club, 83.

Portland, Nov. 18.—Wheat, Bluestem, 86; club, 84.

**TENTH ATTEMPT TO BURN CITY.**

(United Press Leased Wire.)

Enid, Okla., Nov. 18.—Following the tenth attempt to burn this city in the past three days, Clyde Caulfax, a nightwatchman, was arrested, and narrowly escaped lynching by a mob of 400 angry citizens. The fire was started in a box car.

**MISSING STEAMER SENDS A WIRELESS.**

(United Press Leased Wire.)

San Francisco, Nov. 18.—The following wireless message from the steamer Governor, en route to Seattle, was received: "Sunday, 4 p. m. Off Cape Foulweather. All is well."

### TRUSTY PRISONER ESCAPES

(United Press Leased Wire.)

Walla Walla, Wash., Nov. 18.—A. C. Hunt, serving four years for forgery, committed in King county, escaped from the penitentiary about 3 o'clock yesterday afternoon. Hunt, whose true name is Fuller, was a trusty, working as clerk in the prison offices, and was supposed to report at 4:30. When this hour arrived he was not to be found. Guards with prison dogs are in search of him. He was committed to prison about one year ago, and, with good time off for good behavior, would have had two more years to serve.

### BUYING COFFIN NAILERS

(United Press Leased Wire.)

New York, Nov. 18.—Notwithstanding the report of Surgeon-General Rixey, to the effect that cigarette smoking is becoming a serious impediment to robust health in the navy, the department is now loading a reserve supply of cigarettes on board the Culgoa in the Brooklyn navy yard.

The consignment consists of 4000 packages of 48,000 cigarettes. This is a reserve supply of four cigarettes for every man in the fleet.

In addition to these cigarettes, a goodly supply has been laid in for every separate "canteen" in the fleet.

Fifteen thousand pounds of assorted chocolates have been laid in reserve.

### A COAST LABOR COUNCIL

(United Press Leased Wire.)

Seattle, Wash., Nov. 18.—Organized labor in Seattle has started a movement that is expected by prominent union men to result eventually in the formation of a Pacific coast labor council, which will direct union matters on the coast, and have a large share in the work of the American Federation of Labor. The Bakers' union gave definite direction to an agitation that has been in evidence for months by voting Saturday night in favor of a Pacific federation of all the unions embraced in this trade. This action will be followed by a vote on the question of a coast federation of the bakers' union in all the large cities, at least, and probably in all cities where the bakers are organized.

**GRAIN LOADING ON PUGET SOUND.**

(United Press Leased Wire.)

Everett, Wash., Nov. 18.—The British ship Brablock, Captain Baxter, was docked at the new Great Northern grain wharf yesterday. The Brablock comes to take the first cargo of wheat from Everett bound for Queenstown.

There are 100,000 bushels of No. 1 hard Washington wheat in the warehouse to go into the ship, which will begin loading Wednesday, or as soon as the hold is cleaned and tinned.

## CHICAGO STORE

PEOPLES BARGAIN HOUSE

### Are Spot Cash Buyers

Is the reason you can come to our store now and get such Bargains for your money. The prices on Dress Goods, Coats, Suits, Millinery, Flannels, Blankets, Clothing, Shoes and other goods are cut to the quick to induce rapid selling.
