# SMILES

Salem business men are to have another jolly before long.

Our city has two debating societies, and the country is safe.

Some one says if the city always got as good a man for mayor as Geo. Rodgers the new charter would be all right. We might get a better looking one, but it is not always looks that count.

What must I do to be saved? You can do a little in that direction by going to church on Sunday, and paying your bills on week days.

Turkeys are going to be cheaper this year, and some of our first families will want to buy carving knives.

## A Methodist Minister Recommends Chamberlain's Cough Remedy.

We have used Chamberlain's Cough Remedy in our home for seven years, and it has always proved to be a reliable remedy. We have found that it would do more than the manufacturers claim for it. It is especially good for croup and whooping cough.

REV. JAMES E. LEWIS, Pastor Milaca, Minn., M. E. Church. Chamberlain's Cough Remedy is sold at Dr. Stone's drug store.

## IMPROVEMENTS IN THE NATIONAL FOREST IN OREGON

The government will soon begin construction of a trail and two wagon roads in the Fremont national forest, Oregon.

The trail will lead from Timothy Meadow ranger station to the top of Bald mountain, a distance of three and a half miles. The two roads are to be known as the Timothy Meadow and Forest Wagon Roads. The former will be extended from the terminus of the sawmill road leading from Silver lake and will connect with the Bald mountain trail at Timothy Meadow ranger station, a distance of approximately four miles.

This is a very important road in that it will give access to the Timothy Meadow ranger station, which is one of the most important headquarters in the Fremont national forest owing to the fact that it is situated on top of a mountain with an altitude of 8000 feet from which the entire forest can be seen.

The proposed Fremont forest road will run from the sawmill road near Silver lake and run in a general southerly direction to its intersection with the proposed forest road across Goose lake national forest. This road will be 37 miles in length and will tap a heavily timbered and grazing country and will connect five ranger stations. It will be of great assistance to stockmen in getting supplies to their camps and will shorten the distance between Silver lake and Lakeview by ten miles.

Be Charitable to your horse as well as to yourself. You need not suffer from pain of any sort—your horses need not suffer. Try a bottle of Ballard's Snow Liniment. It cures all pains. J. M. Roberts, Bakersfield, Mo., writes: "I have used your liniment for ten years and find it to be the best I have ever used for man or beast." Sold by D. J. Fry.

OREGON FRUITS ARE WORTH MILLIONS Crop This Year the Largest on Record.

On the basis of reports from county inspectors, the value of Oregon's fruit crop this year is officially estimated at \$4,275,135. This figure, far in excess of any previous year, is based on amounts actually received by growers, and represents an increase of 53 per cent over the fruit crop valuation of last year.

To the prices now paid for Oregon fruits is partly due the increase in this year's total, but the larger acreage set out in orchards in response to eastern demand is also a factor. The heavy plantings of the last few years are beginning to bear, and the further increase in the value of the crop will probably be very rapid in the future.

The apple crop forms the largest item in the list with total value of \$1,423,000. Prunes paid Oregon growers this year \$1,590,625; pears, peaches and cherries all in excess of \$230,000, and strawberries over \$400,000. Oregon pears this year have sold at wholesale in the east at ten cents a piece, apples as high as \$3.75 a box. At these prices, with cheap land, good transportation and a steady market, Oregon is attracting settlers and prospective fruit growers from all sections of the country.

There's No Use Talking, you can't beat Herbine for the liver. The greatest regulator ever offered to suffering humanity. If you suffer from liver complaint, if you are bilious and fretful, if your liver, and Herbine will put it in its proper condition. OUR HOLIDAY EDITIONS. The Capital Journal has two talented writers in the field preparing for the illustrated Thanksgiving and Christmas numbers of this year.

These young men are Wallace ... of the Willamette University ... class, and Claud G. Hornberger, ... has been one of the specials on the Pacific Monthly. Both are experts in their line.

The two holiday numbers of The Capital Journal, with its new United States leased wire telegraph service, will be a splendid advertisement of our enterprise, and will be sent in large numbers by private citizens and the commercial bodies to advertise the city. Other towns and industries of the Willamette valley will be represented.

A Good Liniment. When you need a good reliable liniment try Chamberlain's Pain Expeller. It has no superior for sprains and swellings. A piece of flannel lightly dampened with Pain Balm is superior to a plaster for lame backs or pains in the side or chest. It also relieves rheumatic pains and makes sleep and rest possible. For sale at Dr. Stone's drug store.

### A Real Wonderland.

South Dakota, with its rich silver mines, bonanza farms, wide ranges and strange natural formations, is a veritable wonderland. At Mound City, in the home of Mrs. E. D. Clapp, a wonderful case of healing has lately occurred. Her son seemed near death with lung and throat trouble. "Exhausting coughing spells occurred every five minutes," writes Mrs. Clapp, "when I began giving Dr. King's New Discovery, the great medicine, that saved his life and completely cured him." Guaranteed for coughs and colds, throat and lung troubles, by J. C. Perry, druggist. 50c and \$1.00. Trial bottle free.

### NEW FORM OF A TRACTION ENGINE

Within the next ninety days there will be in operation between Sunset and Brazier borax mines a cable locomotive that will do away with the 20-mule borax team. The unique feature of the new enterprise is the method of applying power. In the center of the road for the entire distance, some 35 or 40 miles, will be laid a wire cable, one and one quarter inches thick.

Beneath the four-ton engine are two sprocket wheels upon which runs an endless chain, made up of links, each one of which grips the cable in turn, 16 links between the front and hind wheels having a hold at once. The engine thus fairly pulls itself over the ground, and so great is the power that grades of 50 per cent can be traversed. The engine is similar to that on an automobile and is 200 horsepower.

### LINGERING COLD.

Withstood Other Treatment But Quickly Cured by Chamberlain's Cough Remedy.

"Last winter I caught a very severe cold which lingered for weeks," says J. Urquhart, of Zephyr, Ontario. "My cough was very dry and harsh. The local dealer recommended Chamberlain's Cough Remedy and guaranteed it, so I gave it a trial. One small bottle of it cured me. I believe Chamberlain's Cough Remedy to be the best I have ever used." This remedy is for sale at Dr. Stone's drug store.

### A Dangerous Shot.

A shot that came within two inches of striking one of the waiters of the White House restaurant was fired from the alley back of the establishment last Saturday night, crashed through the kitchen and buried itself in a 4x6 post at the end of the west counter of the popular eating house.

The shot is thought to have been fired by accident as it came from a point much lower than if the revolver had been aimed. Officer Murphy, who was in the building at the time immediately went to the rear of the building but could find no trace of the person who had fired the shot.
