

MONEY GETTING EASIER PANAMA BONDS GO

Sub-Treasuries Will Increase Holdings of National Depositories—Country Banks Will Get Coin and Increase Circulation.

(United Press Leased Wire.)
St. Louis, Mo., Nov. 20.—Subscriptions aggregating approximately \$11,000,000 were announced today for three per cent treasury certificates. Sub-Treasurer Adkins was informed that bids aggregating \$2,000,000 will be made for the capital bonds.

The effect of the sales of these government securities will be to turn money into the national treasury, which will be placed in government depositories, and enable the large Eastern banks to replace balances with country banks. On the basis of the new bonds country banks will issue circulation, thus adding to the supply of the currency.

LOSSES PRODUCE SUICIDES

(United Press Leased Wire.)
New York, Nov. 20.—Losses in Wall street caused Charles O. Kahler to commit suicide yesterday by cutting his throat with a razor in his expensive and finely furnished offices on Fifth avenue. Kahler, who is 55 years old, was a well-known chiropractor. He had many rich patrons, and made a great deal of money. When financially ruined lately by Wall street investments, he took to drink. Yesterday morning he told a cafe proprietor near his office that he was dead broke, and he asked for 50 cents. With the money he bought whiskey, after drinking which he ended his life. It is said Kahler's father originated a certain type of shoe, and his grandfather made boots for President Lincoln.

William H. Lawson, confidential man for the real estate firm of Stephen Tyng & Company, committed suicide yesterday by shooting himself in the head on account of losses in speculation.

BURIAL ALIVE IS RENDERED IMPOSSIBLE.
(United Press Leased Wire.)
Paris, Nov. 20.—A new death test which absolutely precludes the possibility of burial alive has been discovered at the Lariboisiere hospital in this city. Experiments have been shown that radiographs of bodies taken even a few minutes after death reveal clearly the outlines of all the organs, whereas, if the radiographs are taken during life, the organs are not revealed.

COULDN'T BEAR TO BE TALKED ABOUT.
New York, Nov. 20.—Angered because the neighbors had said she was seen with other men, Mrs. Lottie Hitchcock shot and instantly killed her husband, Robert, while he was sleeping this morning. Then she shot herself, dying instantly.

Every Month in the Year Brings its current bills. One way to pay them is to go from place to place, carrying the money with you, at the risk of loss and the chance of overlooking the taking of a receipt, and having some of it to pay over again. The convenient business-like way is to pay all bills by check, no matter how small. A check is the best receipt you can have. Paying out money in this way insures correctness and gives you a complete record of all money paid out.

PERFIDY OF FAIR WOMAN

Conversant With Plan to Murder. She Betrays Her Lover and Queers Detectives

(United Press Leased Wire.)
Hoquiam, Wash., Nov. 20.—The text of the last letter written by Ralph Steele, the murderer of Frank Todd, to the murdered man's wife, made public today by the district attorney, has thrown a flood of light upon the mysterious killing of the lumber camp foreman, and implicates Mrs. Todd not only in the killing of her husband, but in a series of pitiless betrayals of trust that cause even the most hardened officers to gasp. The letter shows that Mrs. Todd was almost certainly conversant with Steele's plan to kill her husband, and that she did not attempt to interfere while the dreadful work was going on to its grim completion. She then turned from Steele after the murder and coolly entered into a plot with the officers to trap him into a confession. Then she betrayed the detectives to Steele and plotted with him to save him from the officers with whom she was supposedly working. Steele's suicide last Sunday morning in the Montesano jail is attributed to his discovery of the woman's double treachery. Apparently he was madly infatuated with her. Mrs. Todd has not been arrested as yet.

AGITATE FOR A NEW STATE

Would Make It From Washington, Oregon, Idaho and Montana.

(United Press Leased Wire.)
Muskogee, Okla., Nov. 20.—Delegates from the Northwest to the Trans-Mississippi Congress are today working on a proposition of a new state to be called Lincoln, composed of parts of Washington, Oregon, Idaho and Montana, with Spokane as the capital.

The proposition is fathered by N. W. Durham, of Spokane, who gave reasons for the new state between the Rockies and the Cascades. Resolutions were introduced calling for the establishment by the government of a bureau of mining and agricultural colleges, experimental stations and postal savings banks in every congressional district.

ENGINE FAMINE TO SOUTH

(United Press Leased Wire.)
Los Angeles, Cal., Nov. 20.—This city is suffering from a locomotive famine, and train loads of freight are tied up in the local yards without engines to move them. Yesterday there were about 150 cars and only one available locomotive. The orange season is near at hand, and the situation might be very serious, but measures have been taken to relieve the traffic congestion. The trouble is laid to the movement of crops throughout the San Joaquin valley requiring an unusual amount of rolling stock.

COFFEE
Good is so good and poor is so poor; have Schilling's Best tomorrow.

Your grocer returns your money if you don't like it; we pay him

NORWAY STEAMSHIP IS IN DISTRESS.
(United Press Leased Wire.)
Honolulu, Nov. 20.—The Norwegian steamship Admiral Borreson has arrived here in distress. She was struck by a terrific tidal wave, probably following a submarine earthquake, November 2, when 2500 miles northwest of Honolulu. Her steel masts, stacks, rails, stanchions and upper works were carried away. Her escape from destruction is regarded as miraculous.

Catarrh Invites Consumption
It weakens the delicate lung tissues, deranges the digestive organs, and breaks down the general health. It often causes headache and dizziness, impairs the taste, smell and hearing, and affects the voice. Being a constitutional disease it requires a constitutional remedy.

Hood's Sarsaparilla
Radically and permanently cures. In usual liquid form or in chocolate tablets known as Sarsatabs. 100 doses \$1.

FIGHTING 'FRISCO MEMBERS

Come to Blows After Gambling All Night. For Clearing House Certificates

(United Press Leased Wire.)
Sacramento, Cal., Nov. 20.—Peter Kelley and his colleague, Dennis Barry, both members of the assembly from San Francisco, fell into a heated argument in the Capitol house barroom at an early hour this morning, which is reported to have ended in a merry fist fight between the two law tinkers.

Barry and Kelley were engaged in whiling away the night hours by throwing dice for clearing house certificates. It was only make-believe gambling, they said, as the paper they held was only make-believe money. But all money is desirable even to affluent legislators, and at the witching hour of 2 a. m. the Honorable Barry claimed, with some show of passion, that the Honorable Kelley owed him four of the said certificates in the denomination of \$1 each.

The lie was passed, and then Barry pulled Kelley's nose. This did not mend matters, and the on-lookers had to take a hand to untangle the legislators.

Martin Kelley, who was a witness of the encounter, claims that it was all in fun and that the merry solons "were only acting like happy school boys."

CANADIAN CROPS ARE SERIOUSLY CONGESTED.

Winnipeg, Man., Nov. 20.—Despite the Ottawa reports that the Dominion government will at once distribute ten million in currency to help the movement of grain in Western Canada, it was announced today that the government has no cash to loan, and has failed so far in getting a supply from the bank to help the farmers. In the meantime, the frozen grain must be moved. The congestion at the head of the lakes is becoming serious.

To Cure Cold in One Day.
Take LAXATIVE BROMO Quinine Tablets. Druggists refund money if it fails to cure. E. W. GROVE'S signature on each box. 25c.

USING SAWED-OFF SHOTGUNS

To Protect Citizens and Teams At Los Angeles Against Avalanche of Criminal Elements

(United Press Leased Wire.)
Los Angeles, Cal., Nov. 20.—Such a crisis has been precipitated by the criminal element that the city jail is constantly packed with suspected highwaymen and crooks of all descriptions, and the municipality is about to build an immense stockade in the riverbed for the overflow prisoners. A hundred arrests a day are made, and there would be many more if they could be cared for. The proposed corral will cover four acres, and the hoboes, yegg-men and riff-raff of all kinds gathered up by the police will be made to construct it, under strong guard.

Chief of Police Kern says there may be 1000 men at a time confined in the place before the winter is over. The authorities are puzzled in dealing with the desperadoes. Car after car has been held up and trams and passengers robbed. Today it was decided to have veteran patrolmen, armed with sawed-off shotguns, guard all trolley terminals. The Los Angeles Railroad Company made arrangements today to arm all conductors.

MRS. PATRICK CAMPBELL.
Who is to tour America in "Electra," the famous Greek drama.

FLAG RAISING AT SCOTTS MILLS.

A party of young Salem men is being made up under the lead of Hal D. Patton to conduct a flag raising Friday at Scotts Mills.

Chapped hands are quickly cured by applying Chamberlain's Salve. Price 25c. For sale by Dr. Stone's drug store.

FEDERAL OFFICERS SILENCED

CAMPAIGN ORDER

Governor Haskell, of Oklahoma, Being Considered as Cold Water Candidate for President.

(United Press Leased Wire.)
Washington, Nov. 20.—President Roosevelt has instructed First Assistant Postmaster-General Frank H. Hitchcock not to permit any federal office-holders in the southern states to go to the Republican national convention next summer under instructions, or otherwise favoring the nomination of the President for a third term.

This fact which came to light today is by far the most interesting piece of Republican political news that has developed in the last several months.

It came as the probable result of the convention of the Georgia Presidential Postmasters' Association today at Macon, Ga.

Hitchcock is to address the convention and some wild third-term talk was looked for on the part of the enthusiastic Southern delegates and office-holders. The President does not wish any man who holds a position as a result of presidential appointment working for any third-term movement.

Chicago, Nov. 20.—As a prohibitionist Governor Haskell, the new governor of Oklahoma, is acceptable as a presidential nominee to the prohibition party. As a Democrat he is not considered. This is the sentiment of the prohibitionists attending the national committee in meeting here to select a city and time of the next convention. Charles Brown, a delegate from Carmen, Okla., said: "Haskell came out hatfooted for prohibition, but the fact that he was elected as a Democrat hurts his chances. The Democrats are not opposed to the licensing of liquor."

A. R. Heath, editor of the People's National Monthly, declared that he did not favor Governor Haskell, because he affiliated with the Democrats.

Los Angeles, Kansas City and Omaha are among the cities seeking the convention.

Bank Clearings.
Tacoma, Wash., Nov. 20.—Clearings, \$663,014; balances, \$43,841.
Seattle, Wash., Nov. 20.—Clearings, \$1,314,379; balances, \$107,890.
Portland, Nov. 20.—Clearings, \$719,424; balances, \$102,875.

MAYOR OF SUNDAY Says Peruna is a Medicine.
Hon. C. C. Brooks, Mayor of Columbus, Ohio, also Attorney for Farmers and Sunbury Building and Loan Association, writes:
"I have the strongest faith in the virtue of Peruna. It is a great medicine. I have used it and I have known of my friends who have obtained official results from its use. I praise Peruna too highly."

HON. C. C. BROOKS.
THERE are a host of physicians which are the direct result of weather. This is more true of the summer of summer and the intense heat, but is partly true of all weather. Whether it be a cold or a tarrh of the head or bowels, whether the liver be affected, the cause is very liable to be the same. The weather slightly deranges mucous membranes of the nose, the result is some functional disorder. Peruna has become a household name for thousands of homes in all parts of this soil.

Albany business men employed two night watchmen to the streets of the business district.

A Dangerous Dilemma
that sometimes terminates in the stoppage of liver and intestines. To quickly end this without disagreeable results, King's New Life Pills should be your remedy. Guaranteed to be entirely satisfactory in every money back, at J. C. Perry's store. 25c.

Three boys from Oregon ran away from home and were taken to custody at The Dalles.

Here's Good Advice.
O. S. Woolver, one of the known merchants of La Grange, N. Y., says: "If you are troubled with piles, apply Buckle's Salve. It cured me of them 20 years ago." Cures every wound, burn or abrasion. J. C. Perry's drug store.
