GOVERNOR SUGGESTS THAT STEELE RESIGN

YOU BE PEANUT POLITICS

CHAMBERLAIN SUGGESTS STEELE RESIGN

(United Press Leased Wire.)
Salem, Or., Nov. 22.—"If it be peanut politics to work to get the state the money lost through deposits in bad banks then I am guilty of the crime," stated Governor Chamberlain this morning, when asked charges made against him by a representative of the American Surety Company, which is in interest on the amount of the state from the surety company of State Treasurer Steele's deposit in the Title Guarantee and Trust Company, which is crippled for lack of funds.

The only thing that Steel can do now is to resign."
The governor then intimated that criminal proceedings against Steele would be instituted at once if the treasurer did not resign.

Leased Wire Flashes.
The Royal Columbia hospital at New Westminster, B. C., has been attacked with epidemics, the old disease which carries off pretty nurses.
A. R. Exley, an insane man, of Tacoma, contracted for 100,000 shares of wireless telegraph stock, paid \$1 down and gave a note for the balance. The stock is now held up, and will remain so until the note expires, as the man was not declared insane until after the contract was made.

At Santa Monica beach the 18-months-old baby of Mr. and Mrs. T. J. Jackson was drowned by being swept into the sea by a high wave.

CONFESSION IMPLICATES MRS. TODD

DRUGGED HUSBAND

And Then Killed Him Is Statement of Norman—Had Made Several Attempts.

(United Press Leased Wire.)
Montesano, Wash., Nov. 22.—Attorney Abel, who acted as Herbert Norman's, alias Frank Steele, legal advisor until his suicide and to whom Norman made a complete confession, published an extract of that confession today which decidedly implicates Mrs. Todd with the murder of her husband. Attorney Abel issued that statement on the request of the dead murderer's father, who arrived here this morning. In brief the Norman statement to Abel is as follows:
"Steele stated," declared Abel, "that on a number of occasions Mrs. Todd had tried to kill her husband by administering laudanum, by smothering him while he was drunk and by administering powdered glass."
He also gave the names of drug stores in Hoquiam and approximate dates upon which she purchased these poisons. Steele further stated that this was done to get rid of Todd so that he and Mrs. Todd could get married; that on the night of Todd's death, Mrs. Todd induced her husband to drink beer, drugged with laudanum; that this made Todd sick, whereupon she gave him some whiskey and had him lie down, and that he fell asleep; that she then administered chloroform, and when he was insensible the two of them carried him out of the house into the woodshed, and she struck the blows which caused his death."

DEMOCRATS ARE GETTING READY.
French Lick, Ind., Nov. 22.—It has been practically decided that a full meeting of the Democratic national committee will be held in Washington about the middle of December, when it will be finally decided on a time and place for the next Democratic convention. Denver is making the hardest fight for the convention. Sentiment is growing favorable towards the selection of Tom Johnson as Taggart's successor as chairman of the national committee. Th members arriving today were Fred Dubois, of Idaho;

T. E. Ryan, of Wisconsin; J. C. Dahlgren, of Nebraska, and M. J. Wade, of Iowa.

MOBILIZATION OF UNLOYAL TROOPS.

(United Press Leased Wire.)
Lisbon, Nov. 22.—King Carlos orders the concentration in Lisbon of all the loyal regiments. All regiments thought to be unloyal are to be sent to the provinces. A republican uprising against the crown and the Premier of France, who refuses to call a session of parliament, is imminent. The government is prepared to meet force with force. Trade is paralyzed and many of the financial institutions have suspended, and many papers have been suppressed. Two men were killed by the accidental explosion of a bomb in a revolutionist's house.

EVIDENCE OF MURDER IN POLK COUNTY

Former Chemawa Student in Jail at Dallas Charged With Killing a Squaw.

(United Press Leased Wire.)
Sheridan, Or., Nov. 22.—Evidence of a foul murder has been uncovered by Polk county authorities when the dead body of Adaline Bond, an Indian woman of 30, was found with her skull crushed in by the blade of an ax. Enoch Storck, an Indian, who gave the information which led to the finding of the body, in jail at Dallas, charged with murder.
There were no witnesses to the tragedy. Adaline Bond was the wife of Frank Bond, but had left her red-man spouse to live with Storck. It is believed that a quarrel took place while the two were chopping wood, and that in the heat of passion Storck struck the blow that resulted in the woman's death.
Storck was at one time a student at the Chemawa Indian school.

MARIE CAHILL COMING

Marie Cahill's "smart" musical play, "Marrying Mary," is said to be more like the musical comedies of Augustin Daly's production than any which have been seen since the death of the eminent manager. She will be seen at the Grand, December 5th.

SAN FRANCISCO CHOSEN BY OVERWHELMING CHOICE.

Muskogee, Okla., Nov. 22.—San Francisco has been chosen, as the meeting place of the next session of the Trans-Mississippi congress. When the cities were fighting for the honor of the next annual meeting, President Loveland, in a voice choked with sobs, told of his sitting with the committee of 50 appointed to receive the messages of sympathy which flashed from all corners of the earth to the stricken city of San Francisco on the days that followed the great horror, and he asked that the honor be given to the metropolis of the West. San Francisco had won before the cheers that answered President Loveland's address had died from the hall.

ELECTRIC CARS IN HEAD-ON COLLISION.

Sandusky, O., Nov. 22.—Twelve persons were injured in a head-on collision between a Lake Shore electric car and a local soldiers' home car, just outside the city limits here this morning. John Holzhauser and Fred Horn, of the crew, are probably fatally injured. The soldiers' home car was telescoped.

ENGLISH VIEW OF SITUATION

NEED CONFIDENCE

Robert Balfour, English Merchant, Says Americans Have Too Much Money.

(United Press Leased Wire.)
Seattle, Wash., Nov. 22.—"More money? The whole trouble with the American people is that they have too much money already. What you Americans need is not more money, but more confidence. If the money being withdrawn from banks for hoarding or left in safe deposit boxes and idle accounts were only put into business use, the entire sit-

German Firm Fails.

Hamburg, Nov. 22.—The firm of J. F. C. Moeller suspended yesterday. The liabilities are reported to be from \$1,750,000 to \$2,000,000. The most important Hamburg and other German banks, as well as a number of English firms, are involved in the failure. The assets are reported to be \$500,000. It is supposed that speculation in stocks caused the failure.

Railroad Men Refuse Checks.

Reno, Nev., Nov. 22.—Railroading east of Sparks is practically at a standstill, and not a wheel turned nor a hammer sounded in the big shops at Sparks yesterday afternoon, as a result of the Southern Pacific Company paying the employees in checks, which the men are unable to cash. The pay car arrived

yesterday. The men accepted their checks, on the bottom of which was printed "Payable at the option of the holder through any bank in funds of the San Francisco Clearing House Association."

The men attempted to cash their checks at the banks in Sparks and Reno, but none of the banks would take them, as the banks could not handle the \$60,000 worth of checks without jeopardizing the funds of depositors.

The men got together and refused to work until they were given cash. Last night arrangements were made with the Reno clearing house banks and the Bank of Sparks to cash the checks upon the basis of 10 per cent cash and the balance in Reno clearing house certificates. The employees will probably agree to this plan today.

OFFICER IS CENSURED FOR ALLOWING FIGHT

Captain in Iowa National Guard Will Be Court-Martialed for a Breach of Discipline.

(United Press Leased Wire.)
Des Moines, Ia., Nov. 22.—Governor Cummins took a hand in the Davenport's widely-advertized Hermann-McFarland prize fight last evening; and with the aid of a company of militia, ordered it stopped, even before it began. Later a compromise was arrived at, whereby the contest should be for points, and the militia remained on the scene.

McFarland had the better of the contest and when the fifteenth round ended, Hermann was hanging on to the ropes.

Adjutant-General Thryft, of the Iowa National Guards, will arrest Captain Kulp, of Davenport, and court-martial him for disobeying the order, by not preventing the fight. His conviction means a dishonorable discharge, so the governor has told Kulp. Some of the soldiers witnessed the fight.

WAIIF IS TRAITOR TO HIS FRIEND

Young Lad Holds Up Artist Who Rescued Him From the Slams.

(United Press Leased Wire.)
Long Beach, Cal., Nov. 22.—Miss Fannie Bixby, an artist and member of the well-known wealthy pioneer family of that name, was held up in her studio yesterday and robbed of \$11 by Willis Rhoades, a one-legged boy, whom she rescued from the streets six months ago, and befriended in many ways. Boldly entering the studio, while Miss Bixby was alone, he snapped the lock behind him, threatened her with a pair of scissors and compelled her to give up the money. Then he smashed the telephone transmitter, cut the wires and escaped, leaving his victim a helpless prisoner. She attracted a policeman after an hour.

Rhoades was born a cripple. His deformed leg was amputated while he was a baby, and soon afterwards his parents died. A waif of the town, he was noticed by Miss Bixby, who engaged him to pose for her. The artist became interested, and hearing him express a desire for a course in a business college, paid his tuition. In other ways, too, she aided him, but to no purpose.

LUSITANIA CLIPS OFF ANOTHER FIVE MINUTES.

Liverpool, Nov. 22.—The steamer Lusitania, which is docking here today, made a new eastbound record of 4 days, 22 hours and 59 minutes from New York.
