## Boston Banker Says His Life Has Been Hopeless For That Length of Time

Carleton H. Hutchinson, a leading banker and broker of Boston, with offices at 8 Congress street, in that city, has recently come out with a very strong statement.

In the widespread discussion over Cooper's new theory and medicines which has spread over the country so rapidly, Mr. Hutchinson has taken the side of those who say that Cooper's theory is correct and his medicine all that he claims.

Mr. Hutchinson's emphatic statement is as follows: "Anyone afflicted with chronic ill health and a general run-down condition caused by stomach trouble, who does not try this man Cooper's medicine, is very foolish. I say this after a most remarkable experience with the medicine.

"I heard of Cooper's success first when he was in Chicago, as I have a private wire to that city in connection with my business. Later, when he came east, I learned more of him and his theory that stomach trouble causes most ill health. I have had no faith in anything not prescribed by a physician for each particular case after careful diagnosis, but after eight years of constant

suffering, during which time I spent over \$1500 with absolutely no relief, I felt that it would at least do no harm to try the medicine which I was hearing so much about.

"During these eight years I have been forced to go without solid food for five and six weeks at a time. I always had a sour stomach, was troubled with formation of gas, and led the usual miserable life of the dyspeptic. I was dull, tired, nervous and gloomy all the time, and was always constipated.

"I have taken Cooper's medicine a comparatively short time. For the past month I have not had the slightest sign of stomach trouble. I can eat anything with no bad effect whatsoever. I have a fine appetite, am gaining flesh very rapidly, am cheerful, full of energy, and my nervousness has disappeared. My bowels are in perfect condition for the first time in eight years.

"I don't hesitate to say that I would not take \$50,000 and be back where I was. My belief and thankfulness is beyond description."

We sell Cooper's famous preparation described in the above statement.—J. C. Perry.

### He Knew.

There is a well known federal official at Washington whose family stoutly maintains that he is absolutely color blind, a contention as stoutly refuted by the official himself.

One occasion at table his wife remarked a new tie her husband was wearing. "I'll wager you don't know what color the tie is," she teasingly suggested.

"It is blue," said the husband. "Right! But how on earth did you know?"

"Well," said the husband with the same assurance, "when I bought it yesterday I told the clerk that if he didn't give me blue I'd throw him out of the window."—Harper's Weekly.

### How Diphtheria Is Contracted.

One often hears the expression, "My child caught a severe cold which developed into diphtheria," when the truth was that the cold had simply left the little one particularly susceptible to the wandering diphtheria germ. When Chamberlain's Cough Remedy is given it quickly cures the cold and lessens the danger of diphtheria or any other germ disease being contracted. For sale at Dr. Stone's drug store.

### Reggio in Oregon.

Count Selvatore Reggio, the celebrated globe-trotter of Palermo, Italy, was a city guest at the Roseburg hotel over Sunday. It will be remembered that the count was the recent winner of the \$20,000 globe-trotting contest which closed only a few months ago. This large prize was offered by a rich Italian to the person who would finish first in a tour on foot across nine countries. The count entered the race as a diversion, with the promise that the prize would be devoted to charity should he win. The count won over six other contestants, all of whom entered the race without any money whatever. In fulfillment of the promise certain children's home of Italy are the wealthier by \$20,000 and the winner has been brought before the attention of the sporting world, because of his remarkable feat.

The count is now on a second tour of the world, this time traveling in the conventional manner with his recently wedded wife. His observations of foreign life are this time being recorded and the count will soon issue a book both in English and Italian. His objective point at present is Seattle, where he will stop for some time in order to catch up with

his journal records. The count is being accorded a cordial reception in all the larger places where the Italian government is represented officially.—Roseburg Review.

### Pepper Cured Hiccoughs.

A new and immediate remedy for hiccoughs was discovered at the Hahnemann hospital Friday evening by Dr. Peters, by whom George McClellan was cured of hiccoughs, which began two days ago, by means of a pinch of pepper.

McClellan had tried all kinds of remedies before coming to the hospital, but without avail. Two hospitals were visited, but the treatment he received was apparently as little good as the drugs he had taken at home. He became weaker and weaker, and could not eat or sleep.

It was in this condition that he appeared at the Hahnemann hospital last evening.

"Here is something that you never tried," said Dr. Peters. He gave the man a pinch of pepper. The man was hiccoughing violently at the time, but managed to inhale the stimulant. Tears came from his eyes as he did, and he sneezed violently. He sneezed again, and when he was through sneezing the hiccoughs were gone.—Philadelphia Press.

### Badly Mixed Up.

Abraham Brown, of Winterton, N. Y., had a very remarkable experience; he says: "Doctors got badly mixed up over me; one said heart disease; two called it kidney trouble; the fourth blood poison and the fifth stomach and liver trouble; but none of them helped me; so my wife advised trying Electric Bitters, which are restoring me to perfect health. One bottle did me more good than all the five doctors prescribed." Guaranteed to cure blood poison, weakness and all stomach, liver and kidney complaint, by J. C. Perry druggist, 50c.

### Women Shopwalkers.

Women are fast replacing men as shopwalkers in millinery and dress shops, says the Daily Mail. In the large and fashionable West End drapers' establishment the tall, imposing frock coated man still reigns supreme as shop sentry, but in the smaller shops all over London the woman "walker" is rapidly gaining ground, says Home Chat.

It costs much less to employ feminine shopwalkers and it is said that a woman establishes more friendly and confidential relations with the customers than is possible in the case of a man. By reason of this intimacy she can offer very valuable advice to proprietors as to the class of goods which is popular.

### MAKES WORK EASIER.

### Salem People Are Pleased to Learn How It Is Done.

It's pretty hard to attend to duties with a constantly aching back; with annoying urinary disorders. Doan's Kidney Pills make work easier. They cure backache. They cure every kidney ill. W. H. Wood of 250 Cottage St., Salem, Or., says: "A good many years ago I got badly kicked by a mule right over the kidneys and at another time while digging a well it caved in on me also injuring my back and since then I have had more or less annoyance from my kidneys. Change of weather caused my back to ache and when I worked hard it became so lame that I could hardly straighten up after stooping. I procured Doan's Kidney Pills at Stone's drug store, and since taking them altogether I have continued to work hard and even exposed to severe weather not an ache or other symptom of my former trouble remains. This clearly proved that Doan's Kidney Pills act up to the representation made for them. I also know of other people who have derived great benefit from their use. I am glad to let others know the merits of Doan's Kidney Pills for backache and kidney troubles." For sale by all dealers. Price 50 cents.
