BRITISH COLUMBIA HAS ITS GRAFTER
DUNSMUIR THE MAN
GOVERNOR OF BRITISH COLUMBIA WAS SECRETLY ENGAGED IN IMPORTING JAPANESE LABORERS, AND OF ATTEMPTING TO CONTRACT THEIR LABOR.

(United Press Leased Wire.)
Vancouver, B. C., Dec. 7.—That the late Lieutenant-Governor, Dunsmuir, of British Columbia, was engaged in the importation of Japanese coolies, which has been the subject of the people of this province. His connection with the Japanese immigration, which has been the subject of the people of this province, is being investigated by the British Columbia contractors, was being investigated by the British Columbia contractors, was being investigated by the British Columbia contractors.

ply company for 500 laborers for employment in the Wellington Coal Company's mine, of which he is president. The fact that Dunsmuir was engaged in negotiations with the Japanese for the importation of coolies at a time when the majority of the citizens were involved in a strenuous fight against their immigration has set the popular mind against him.

Mackenzie King, deputy minister of labor, who has acted as chairman of the immigration commission, left Vancouver last night to lay the results of his work before the authorities at Ottawa.

Portland Beats Tacoma.
(United Press Leased Wire.)
Tacoma, Wash., Dec. 7.—Tacoma's golf team lost the first match in the Northwestern tournament to the Portland team yesterday afternoon, on the links of the Tacoma Golf and Country Club by a score of four games to two.

Corvallis Will Not Play.
(United Press Leased Wire.)
Corvallis, Or., Dec. 7.—The report that the Oregon Agricultural College will play a post-season game in Portland with Washington state college is erroneous. The request for the game came after Manager Greenhaw and his team left for Los Angeles, and as the men had gone out of training after the Thanksgiving game, it was considered impossible to accept the challenge from Pullman.

BETTER MUZZLE MONNETT TALKING TOO MUCH

MINER WHO MADE FORTUNE IN MOHAWK LEASE SAYS TROOPS ARE CALLED OUT BECAUSE MINERS REFUSED BANK CHECKS.

(United Press Leased Wire.)
Los Angeles, Cal., Dec. 7.—M. J. Monnett, president of the Los Angeles Nevada Mining Exchange, and one of the big operators of Goldfield, in an interview yesterday laid the whole blame for the present situation in Goldfield upon William D. Hayward. Mr. Monnett is quoted as follows:

"All of the present trouble at Goldfield is due to the activity of William D. Hayward, secretary-treasurer of the Western Federation of Miners. It was due solely to his influence that the Miners' union there refused to accept checks on the Goldfield banks in part payment of their wages some time ago and at a meeting of the miners urged them to refuse these checks.

"I am satisfied that 75 per cent of the members of the union were not in sympathy with him in this move, but they seemed to be so thoroughly under the control of a few leaders they have been afraid to take independent action. Many of these men are anxious to return to work, and in my opinion there will either be a split in the union in Goldfield or the open-shop rule will prevail in all the large mines there. The Mineowners' association is determined that it will no longer submit to the arbitrary dictation of a few union agitators."

Goldfield, Nev. Dec. 7.—The first troop train is due here at 11 o'clock this morning. The city is quiet. Scores of miners gathered at their hall early and while the hotheads indulged in fiery talk, the majority counseled peace.

Salt Lake, Utah, Dec. 7.—A dispatch from Sparks, Nev., says that a bulletin received by the Southern Pacific operator reported that several buildings had been dynamited by strikers in Goldfield. The Southern Pacific has lost track of troop trains owing to wire trouble.

Tonopah, Nev., Dec. 7.—Many miners, those of the better element, are leaving Goldfield, those looking for trouble stay. Tonopah is filling up with them, many covering the 28 miles on foot.

Holdups and robberies are numerous at Goldfield and have been for some time, but the news is suppressed. Tonopah mines are working and all miners are to be paid in coin. There is talk of the miners going out in sympathy with the Goldfield men but it will not materialize.

Goldfield, Nev., Dec. 7.—Contrary to expectations the first train bearing soldiers ordered to Goldfield, has not arrived having been delayed at Reno. The city is quiet but a general feeling of apprehension is due to the fiery talk of the hotheads among the miners, although the conservative element seems in the majority. Scores of miners gathered early in the miners' headquarters and some repaired to the depot in anticipation of trouble when the first train came in, it having been announced that it would arrive at 11 a. m. It developed today that enough dynamite to blow up the entire town and every mine in the camp had been stolen from works of the Goldfield Consolidated mine.

THE PUGS BUSY.

Trying to Arrange a Match Between Nelson and McFarland.
(United Press Leased Wire.)
San Francisco, Dec. 7.—In order to force an issue, and to prove that he is willing to bet his money, Jim May, the Reno man, who is endeavoring to get a match for Battling Nelson, last night deposited \$500 in gold coin with Jack Welch. This sum is to cover the \$500, which, according to a telegraph dispatch, has been deposited by Gans with the sporting editor of a Chicago paper to bind a match between "Packey" McFarland and the "Battler" May, in putting up his money, stipulates that the weights shall be 131 pounds, stripped, at 6 o'clock, and does not care where the fight takes place.

There is no change in the odds on the Ketchel-Thomas fight. Ketchel is ruling a 10 to 8 favorite, and it is not expected there will be any change in the odds, at least until the betting opens up more briskly the first of the week.

There was plenty of action at both training camps, in spite of the rainy weather. The storm interfered a bit with the road work, but there was nothing to hinder the usual boxing in the gymnasiums.

WOMEN CRAZED BY GRIEF ALL MINES CLOSED

RELIEF POURING IN FROM EVERYWHERE AND BODIES ARE BEING SENT WHEREVER RELATIVES DESIRE—PROBABLY 425 DEAD.

(United Press Leased Wire.)
Monongah, W. Va., Dec. 7.—It was established today that there were at least 425 men in Fairmont mines Nos. 6 and 8 when the explosion occurred Friday. Up to 10 o'clock this morning 125 bodies had been taken out and the rescuers report as many

JAPAN WANTS NEW TREATY.

Does Not Want Her Feelings Hurt by Discussion of Jap Immigration.

(United Press Leased Wire.)
Washington, Dec. 7.—Coincident with Viscount Aoki's summons to Tokio comes information indicating that Japan insists upon coming to a definite understanding on the immigration question, and strongly urges an entirely new immigration treaty with the United States as the remedy. Thomas J. O'Brien, American ambassador to Japan, has informed the state department that it should begin studying the conditions and the Japanese demands, with a view to framing "some new agreement." This indicates that Japan's efforts to check immigration are a failure; that Japan does not wish to be humiliated by having different phases of the present agreement threshed out in congress, and the Tokio government insists upon some new agreement, which will be satisfactory to both nations. Viscount Aoki's return is closely connected with the solution of these questions.

MURDERERS MURDERED.

Infuriated Mob Throw Assassins Under Trolley Car.
Genoa, Dec. 7.—Giuseppe Quattrocchi and wife brutally murdered their landlord, Anthony Bianchi, his wife and nursing baby, and strangled three older children, and were themselves held by a maddened mob in front of an electric car and ground to bits today.

The wholesale butchery followed a trivial quarrel over rent. The mob captured the fleeing couple, still dripping with blood, and forced them to confess, after which they put them to death under the trolley car, to prevent a rescue by the police. The wife watched her screaming husband killed first, and then coolly met death. The bodies of the murderers were scattered along the track.

Chicago Gets Convention.
Washington, Dec. 7.—Chicago gets the Republican national convention, which will be held June 16. The vote on the convention city was as follows: Chicago 32, Kansas City 17, Denver 4.

Until Thursday Kansas City was in the lead for the convention. Representative Lowden presented Chicago's claims, personally guaranteeing the proposition to pay the expenses. Senator Warner represented Missouri and former Mayor Neff acted for Kansas City. W. F. R. Mills represented Denver. There were no other nominations.

The national committee this afternoon declared to give the state power to define the method of selecting delegates and alternates to the convention. This action was made necessary by the new primary laws in Wisconsin and other states.

Trying to Intimidate Him.
Spokane, Wash., Dec. 7.—"The authorities are not trying to take Steve Adams to Colorado to try him for the murder of Collins. Their object is to take him there and keep him in solitary confinement until he is willing to go on the stand and corroborate Orchard's testimony against Pettibone in the latter's trial."

This statement was made by Fred Miller, counsel for the Western Federation of Miners and one of Steve Adams' attorneys in the recent trial at Rathdrum, for the murder of Fred Tyler.

The Church Militant.
Chicago, Dec. 7.—Churches today declared war on Satan, and announced plans for the biggest commission ever undertaken against the hosts of sin in the history of the world. Every night of the month of January the ramparts of hades will be bombarded from 500 Chicago churches simultaneously. The laymen's evangelical council will direct the assault, and will organize the meetings, appoint the preachers, take care of the advertising and raise the necessary funds.

Skating Rink Opens TONIGHT

A BOLD BAD ROBBER.

Members of the Maude Fealy Company Among the Victims.

(United Press Leased Wire.)
Olympia, Wash., Dec. 7.—A sensational holdup took place last night at Paul's saloon in Olympia. About 1 o'clock this morning a young man entered the saloon and began playing pool with the bartender. An hour later he suddenly pulled his gun, and, covering the bartender, commanded the occupants of the place to line up against the wall. Among those in the room at the time were several members of the Maude Fealy Company. The robber then forced the bartender to open the till, and, taking the money, made his exit.

He was recognized later by two of his victims on the train from Olympia, and the conductor wired to Tacoma for officers to meet the train. At Lakeview the robber became suspicious, jumped off and ran toward Lake Stellacoom.

A GUILTY MINDED DESPERADO

(United Press Leased Wire.)
New York, Dec. 7.—A wild-eyed, stockily-built young man stood late Friday in front of a bachelor apartment house on West Forty-third street and, as he flourished an open-clasp knife, shouted, "I'm going to kill Howard Gould. I'll have his blood. My wife is in that house and I'm going to see her. They can't keep me away from her."

Slipping the open knife into the pocket of his coat, the man ran up the steps and pushed his way through the vestibule. He took a bunch of keys from his pocket and was about to fit one into the lock of an inner door when it opened and a man barred the way. He seized the intruder and threw him down the steps. Almost before the man had reached the sidewalk his assailant had disappeared within, closing the door.

"I'll come back here again, and blow off Howard Gould's head," the man muttered as he started toward Broadway.

more in sight, which they will get within a few hours.

No. 8 the rescuers are just getting started, gases delaying them. President Wilson telegraphed the governor today denying the report that some of the rescuers had been lost. Offers of assistance are pouring in from outside cities. Two American women attempted suicide at the entrance of the mine this morning. King's daughters and volunteer workers are caring for hundreds of women and children.

State Mine Inspector J. W. Paul and deputies arrived here this morning and took charge of the rescuers. They will make an investigation regardless of whom it hurts.

The Fairmont company is furnishing relief to miners' families and the necessary money is furnished them to send the bodies to their homes in any part of the country. The efforts of the authorities to keep the frenzied women from the entrance is fruitless. Several have gone insane. All 56 mines of the Fairmont company are idle and the miners prefer to assist in the rescue work. It will be weeks before the mines resume.

POWERS PLANNED MURDER

(United Press Leased Wire.)
Georgetown, Ky., Dec. 7.—Wharton Golden, a lieutenant in the John T. Powers military company, was the most important of the state's witnesses today. He was among those indicted for complicity in the Goebel murder, but was never jailed or arraigned. He testified today that he frequently discussed with Powers the best way to kill Goebel and said he wanted to shoot him in the street. Powers suggested a sham battle in the hotel dining room and to kill Goebel supposedly accidentally.

It May Be Culbertson.
Washington, Dec. 7.—Senator Culbertson, of Texas, is being talked of in connection with the chairmanship of the Democratic National Committee. The resignation of Thomas Taggart is expected at the meeting to be held on Thursday.
