### JUST RUMOR.

Sing ho! for the thrill of the shimmering dawn  
When the heart of the morn is aqulver;  
When the hilltops are kissed by the reddening mist  
That slowly creeps up from the river,  
The blood's newly stirred by the song of the bird,  
Though scoffers may scorn and deride it,  
To rise with the sun is most glorious fun,  
I have heard—but I never have tried it.

Sing hey! for th' joy of hard, health-giving toil;  
Of setting the pace for your neighbor,  
Of tending a cow till your sweat-beaded brow  
Is set with the diamonds of labor,  
Of hustling in hay through the hot Summer day;  
When once you have fairly begun it,  
A working career fills the heart with high cheer,  
I have heard—though I never have done it.

Sing hi! for the sternly abstemious life,  
When one has the courage to risk it  
There is never a food that is nearly as good  
As water and steel-wire biscuit.  
No wise man would eat either pie, cake or meat;  
They injure one's conscience and credit,  
The old anchorite lived a life of delight,  
So I've read—though I never have led it.  
—New York American.

### THE WONDERFUL REBUILDING OF SAN FRANCISCO.

Twenty months ago came the disaster that made San Francisco the best-known city in the world.

Never has there been a more marvelous recovery FROM WHAT SEEMED AT THE TIME UTTER ANNIHILATION.

Figures of reconstruction, as a rule, convey little to the mind, but in connection with the reconstruction that has taken place in San Francisco in twenty months the figures are startling.

The fire consumed 28,188 buildings, the value of which was \$105,000,000.

There have been erected in round numbers, 6000 buildings, and THERE ARE IN COURSE OF ERECTION 3000 OTHERS.

The estimated value of these 9000 buildings is \$104,000,000, or just one million dollars less than the value of three times as many buildings which were destroyed.

These figures give some idea of the character of the buildings which are being erected to replace the destroyed city.

But there is even more significant features to these new buildings. The floor space of 9000 new buildings is estimated to be GREATER THAN THE FLOOR SPACE OF ALL THE BUILDINGS DESTROYED.

According to these figures, which have been carefully compiled by the California promotion committee, the new city will be three times as good, so far as buildings go, as was the old.

The class of construction is 200 percent better than that which was burned, so far as value is concerned, and from a fire proof standpoint is so much higher than that there is no basis of comparison.

As the city emerges from the chaotic condition which has enveloped it during all the reconstruction it is AS IF SOME BEAUTIFUL PIECE OF STATUARY WERE BEING UNVEILED.

The scaffolding and building debris is being removed, the streets are being repaved, and the city is blossoming out with such beauty as to cause expressions of admiration from the most stoucal.

According to the calculations of builders the entire burned district will be rebuilt by the time the fourth anniversary of the fire comes around.

This event is to be celebrated BY THE MOST MAGNIFICENT DINNER THAT CAN BE DEVISED, at which are to be invited notables from all over the world.

The California promotion committee is working out the details of this dinner and promises to have a celebration in connection with it that will be unique in the history of celebrations.

An entire week is to be devoted to this affair, culminating in the dinner, which will mark not only the rebuilding of the city but also the rebuilding of the Palace hotel, AT WHICH HOSTELRY THE DINNER IS TO BE GIVEN.

The present rate, which is a steady progress, devoid of all stress of urgency, is pushing operations ahead at a wonderful rate.

There has been no slackening, notwithstanding the many stories to the contrary that have been sent out BY THOSE WHO CAN SEE NOTHING BUT EXTERNALS.

The sum of \$104,000,000 is enormous, and that is being increased at the rate of about two millions a month, with numerous plans already drawn ready to be put forward as soon as the present prevailing conditions are over.

### TO ENCOURAGE NEWSPAPER ADVERTISING.

Realizing the necessity and value of newspaper advertising, a Chicago magazine called The Office Outfitter, devoted to the interests of manufacturers, dealers and users of office machinery and supplies, IS OFFERING A SET OF EIGHT READY MADE ADVERTISEMENTS free to those who read that publication.

These ads are on different subjects, designed for newspaper use and were written by Edward C. Thurman, one of the best known advertising men in the United States.

It is a fact that a great many business men do not know HOW TO PREPARE PRODUCTIVE ADVERTISING COPY, and the publishers of this magazine believe that merchants do not make proper use of the local newspapers.

The supplying of these ads really gives those who receive them, the services of an expert advertising man free of expense.

This is done to popularize the magazine and TO ENCOURAGE THE USE OF NEWSPAPERS IN BOOMING BUSINESS.

The January number will contain a number of other vital talks, how to advertise successfully as well as a number of other vital talks.

This is the season of decay and weakened vitality; good health is hard to retain. If you'd retain yours, fortify your system with Hollister's Rocky Mountain Tea, the surest way.

## SOCIAL GOSSIP

### Liston-Lenon.

One of the prettiest weddings which has occurred in this city for some time was that of Miss Lydia Francis Liston and Mr. Arthur J. Lenon of Portland, which took place last Tuesday evening at 7 o'clock at the home of the bride's parents in Englewood addition.

Miss Lorena Meadows of Portland received, and at the hour of seven, the bride and groom unattended to the sweet strains of Lohengrin's wedding march, beautifully rendered by Miss F. Liston, took their places beneath a gorgeous bell of chrysanthemums and smilax near the large double windows in the drawing room where Rev. B. C. Black pronounced them man and wife.

The bride was daintily gowned in white taffeta trimmed in point lace while the groom wore the conventional black. The bride's bouquet, a large cluster of white carnations was caught by Miss Blanche Liston, a sister of the bride.

The rooms were prettily decorated for the occasion with large clusters of chrysanthemums intermingled with narcissus and smilax.

The color schemes were red and white for the dining room and white and green throughout the drawing room.

The Misses Blanche Liston, Cora Hopkins and Helen Mercer served in a graceful manner during the wedding supper, after which the happy young couple took the train for Portland where they will reside.

The bride is the second daughter of Mr. and Mrs. W. A. Liston of this city. She is a member of the First Christian church and is very popular among her many friends. Mr. Lenon was formerly of Salem and is now employed in a large book binding establishment in the metropolis. Both young people have many friends in this city who wish them every happiness.

### A Pleasing Concert.

Chester J. Catlow, reader and pianist, with Frank E. Churchill, pianist and Archibald Strang, baritone, gave a concert at the Leslie M. E. church, Wednesday evening, December 18.

Mr. Catlow, as an impersonator of the humorous is a decided success. He enters into his characters and makes them live. With his presence and his voice and the vim and life that stamps his work he gained complete control of his audience swaying the emotions of his hearers at will. Mr. Catlow is a graduate of the musical college and is no novice at the piano. He also possesses somewhat of a literary turn, being a writer of ability.

As a pianist Mr. Churchill ranks high among the musicians of Salem. His playing is free from mannerisms and affectations, his interpretations being broad and manly. He has a clear smooth touch and a technique that can only be acquired by long study and practice.

As is usual the audience was well pleased with the solos rendered by Mr. Strang. His voice is rich and resonant and he sings with a feeling that is far above the average amateur vocalist.

The Novello quartet sang a double number which was greatly appreciated. The program as a whole was a success and was deserving of the applause and appreciation which it received.

## HOW HE HAS MADE A SUCCESS

### L. T. Cooper Tells Chicago Reporter Why He Accomplishes So Much

No man in recent years has been more successful in restoring human health than L. T. Cooper. During his stay in Chicago, and while he was meeting thousands of people daily, he gave the following reasons for the remarkable demand for his medicine to a reporter.

Mr. Cooper said: "My New Discovery is successful because it corrects the stomach. My theory is that few can be sick if the digestive apparatus is working properly. It naturally follows that few can be well with a poor digestion.

"I know from experience that most of the tired, half-sick people that are so common now-a-days have half-sick stomachs. Put the stomach in shape, and nature does the rest. The result is general good health. My medicine does this. That is why fifty thousand people here in Chicago they are using it who never heard of me until a month ago."

"Among the fifty thousand mentioned by Mr. Cooper who used his medicine in Chicago is Mrs. Hilda Pfueger, living at 1203 Ainslie avenue. This is the statement she makes concerning her experience with the medicine:

Gen. Pass. Agt., Albany, Ore.

"I have been sick for some time with stomach trouble. I was hungry, but did not dare eat much, as I had severe pains in my stomach, and also through my side. I could not sleep at night and was very restless. I was also very nervous, and would have serious aches. I was constipated, and felt bloated after eating.

"I had tried many remedies, but could secure no relief, until I noticed in the newspapers wonderful results Cooper's medicine were accomplishing in Chicago. I decided to try them, and shortly commencing the treatment. I began to feel better. I did not have severe pains in my stomach, and could sleep at night; my appetite improved, and I can now eat with a feeling like a new woman.

"I am very thankful to Mr. Cooper for what his remedies have done for me. They have restored my good health, and I would advise any one who suffers as I did to try them. We sell the Cooper medicine. They are easily the most reliable preparations ever introduced in this country, growing in popularity daily.—J. C. Perry.
