## Taste Gone; Eats by Sight.

McKeever, N. Y., Dec. 28.—This town boasts a man who eats with his eyes. Charles E. Dale has developed what he calls a "chromatic appetite." Some time ago Mr. Dale, who is past middle life, had a bad attack of scarlet fever, which destroyed his sense of taste. For a time he despaired of ever enjoying again the pleasures of the table, but eventually he began to notice that foods of different colors produced different sensations. He takes a bit of food, and then gazes intently on what is left on the plate. His theory is that his sense of taste has somehow been blended with his sense of sight. Red being his favorite color, the red foods give him the keenest pleasure. Therefore, he always saves these for the last, making his dessert either of raw beef, chopped fine; beets, tomatoes or red berries when in season.

## TEA

If the tea is good you ask for a second cup; if not, you ask for the money.

## BOY WON OUT.

Got the Shotgun and His Work Was First-Class.

(United Press Leased Wire.)  
Wallace, Idaho, Dec. 28.—A shooting affray took place at Taft yesterday, in which a teamster by the name of Gibson was killed outright. It seems that Gibson came home drunk. He began to abuse his wife and brutally beat her and her children. There was present a 16-year-old boy employed by Gibson, who tried to interfere and protect the women and children. This infuriated Gibson, who picked up a butcher knife, and made a murderous attack upon the lad. The boy was quicker than the man, and managed to get hold of a shotgun. The lad opened fire and shot his pursuer. Death resulted instantaneously.

When the doctor is called he asks: "How are the bowels?" They are generally wrong. His visit might have been saved by a timely dose of Lane's Family Medicine.

## No More Men Wanted.

(United Press Leased Wire.)  
Washington, Dec. 28.—The chairman of the isthmian canal commission has sent the following message to the Washington Interstate Commerce Commission:

"Discourage vigorously any applicants from working their way to the isthmus without appointments. All positions filled and no increase contemplated. Unemployed men without funds source of embarrassment."

Applications for work on the isthmus are received at the Washington office at the rate of \$300 a day, an increase of about 33 per cent. This is due, it is thought in Washington, to the curtailing of various enterprises in the United States, and the more settled and healthful conditions which now obtain on the isthmus.

## Piles Cured in 6 to 14 Days.

PAZO OINTMENT is guaranteed to cure any case of Itching, Blind, Bleeding or Protruding Piles in 6 to 14 days or money refunded. 50c.

## FACTS ABOUT NEW THEORY SECURED BY INTERVIEWS

People Tell the Reason for Their Faith in Cooper's Belief

An article from the Nashville, Tenn., Banner, published during L. T. Cooper's visit to that city, throws some light on the remarkable success of the young man's theories and medicines in various cities visited by him during the past year. The article is as follows:

"In view of the enormous sale of Cooper's preparations now going on in this city and the intense interest which Mr. Cooper has stirred up since his arrival, a representative of the Banner spent Thursday afternoon at the young man's headquarters, watching the swarm of humanity come and go.

"During the afternoon the reporter interviewed many of the callers and obtained statements from all who cared to give them as to their experience with Cooper and his preparations.

"The following are selected from those statements as being typical of the general expression of the people seen:

"Mr. P. B. Lasater, living at 1224 North Fourth avenue when interviewed, said: 'I have been troubled with my stomach for the past two years, and have had rheumatism for more than five years. Sometimes I could not walk, and there were times when I could not even move in bed. Hard knots would form on my muscles, which caused me intense pain. Gas formed on my stomach after eating, which gave me much pain and distress, and often I was restless and tossed all night, losing much sleep and rest.'

"Hearing of Mr. Cooper and the great work his medicine was accomplishing for others, I decided to try

it. I have taken it about two weeks, and find myself in a greatly improved condition. My stomach is in good shape, and does not trouble me at all. My rheumatism has nearly disappeared, and I expect to resume work shortly, for the first time in twelve months. Mr. Cooper certainly has a wonderful medicine, and I am grateful for what it has done for me.'

"Another caller was Mrs. T. J. Smith, of 505 Hudson street. She said: 'I have been a sufferer from bladder and kidney trouble for twenty-five years. In that time I have tried many prescriptions and various kinds of medicine, but received little or no benefit from them. I seldom had a sound night's sleep, my rest being broken at intervals throughout the night. I had pains in my back and burning sensations.

"I heard so much of Mr. Cooper that I came to the conclusion he might be able to afford me some relief. I have now been taking the medicine about a week, and feel better in every way. The pain has disappeared, and I have no distress whatever. I have come here today to express my appreciation to Mr. Cooper for his wonderful medicine and what it has done in my case. I will take pleasure in recommending it to others.'

"In spite of assertions by various physicians that Cooper is a fad who will soon die out, the young man seems to be gaining even greater headway as his visit draws to a close."

The agency for Cooper's celebrated medicines has been given to us. We are making a fine record with them.
