

REMARKABLE RECORD MADE IN NORTHWEST

Young Man with New Theory Is Astonishingly Successful in Minneapolis.

The remarkable success that has attended L. T. Cooper during the past year has not been confined to one locality, but it is widespread. The young man is now a well-known figure in most of the leading cities of the country.

Mr. Cooper believes that the stomach is the foundation for most ill health, and claims that his preparation, by regulating the stomach, is a specific for most disease. The following extract from the Tribune of Minneapolis gives an idea of the surprising number of people who are accepting Cooper's theory. The article was one of many that appeared during Cooper's stay in Minneapolis, and is as follows:

"The sale of Cooper's preparation is now phenomenal in this city, and estimate made today seems to indicate beyond all doubt that it will reach the large figures reported from

Pittsburg during the 30 days Mr. Cooper spent in that city.

"During the past 23 days Mr. Cooper has been in Minneapolis, the sale of his preparation has averaged about 2000 bottles a day. When the amount of medicine disposed of throughout the state is added to this, the amount will be doubled. Therefore, the young man has sold in 22 days 85,000 bottles of his medicine in the state of Minnesota alone, which is a truly remarkable record.

"During the past week so many hundreds of Minneapolis people have been calling to thank Cooper for the good he has accomplished with his medicine, that it is safe to say that his visit will long be remembered by the sick of the city."

We sell the famous Cooper preparation which has made a similar record to the above wherever introduced. —J. C. Perry.

A Nurse's Story

If you are a sufferer from headache, neuralgia, or pain from any cause you should read the following letter from a nurse.

"For sometime I have felt it my duty to write you, having my doctor twice every week for headache. All he did for me was to give something to ease the pain. Sometimes the pain was so severe that I could not speak, and members of my family stood over me and gave me medicine every fifteen minutes until I was relieved. A sample of Dr. Miles' Anti-Pain Pills fell into my hands, I read the circular very carefully, and found my case described exactly. The next time my head began to ache I took the Pain Pills according to directions and I felt I was getting better, so I sent to the druggist for a box and took them until I was so much better that I was about the house all the afternoon. I have not had a doctor for headache since. When he met me sometime after he wanted to know how I was, and I told him what I had done, and he replied: 'If you have found anything that will help you, stick to it,' and so I have. Being a nurse I have recommended them to a great many grateful people. One case I will mention. I saw a doctor go to a neighbor every week for months because she had such awful headaches; but for a long time I dared not suggest anything to her. One day I met her and I gave her a half a box of Anti-Pain Pills and she used them and has had no doctor since. She says they are a great blessing to her and said, 'why didn't you tell me about them before?' I could tell you of many similar cases."
