

DON'T BLAME HER

For she cannot help it. Women are often cross, irritable, hysterical, and declare they are driven to distraction at the slightest provocation.

Men cannot understand why this should be so. To them it is a mystery because in nine times out of ten this condition is caused by a serious feminine derangement.

A remedy is necessary which acts directly upon the organs afflicted, restoring a healthy normal condition to the feminine system, which will quickly dispel all hysterical, nervous and irritable conditions. Such is

LYDIA E. PINKHAM'S VEGETABLE COMPOUND

The following letter serves to prove this fact.

Mrs. Mattie Copenhaver, 315 So. 21st St., Parsons, Kans., writes: "For two years I suffered from the worst forms of feminine ills, until I was almost driven frantic. Nothing but morphine would relieve me. Lydia E. Pinkham's Vegetable Compound brought me health and happiness and made me a well woman."

FACTS FOR SICK WOMEN.

For thirty years Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, has been the standard remedy for female ills, and has positively cured thousands of women who have been troubled with displacements, inflammation, ulceration, fibroid tumors, irregularities, periodic pains, backache, that bearing-down feeling, flatulency, indigestion, dizziness, or nervous prostration. Why don't you try it?

Mrs. Pinkham invites all sick women to write her for advice. She has guided thousands to health. Address, Lynn, Mass.

If Men Were Insects.

Out of every five animals in the animal kingdom four are insects, of which there are 200,000 species. In a human world of that sort for every gigantic man there would be four pygmies and of the pygmies 200,000 distinct races. These pygmies would be made up of a head, a middle body and a hind body, each of which would be composed of hard, shell-like rings, and because their bodies were thus divided or insected they might be called insects. Their legs would grow out of either the middle body of the hind body. They would breathe through holes in the middle body and eat, drink, see, smell, with all kinds of apparatus made for the purpose in various and often widely separated parts of the body. If some of these pygmies were young, weighed a pound and ate like a silkworm, they would in two months devour 45 tons of food. It is scarcely remarkable, therefore, what millions of grasshoppers will do to a cornfield or gypsy moths to an apple orchard.

Why Suffer From Rheumatism?

Do you know that rheumatic pains can be relieved? If you doubt this just try one application of Chamberlain's Pain Balm. It will make rest and sleep possible, and that certainly means a great deal to any one afflicted with rheumatism. For sale

Polished and Vigorous.

Observing a passenger with the unlighted butt of a cigar in his fingers, the street car conductor requested him to put it out.

"It is out, you chump," responded the passenger.

"Pardon me," resumed the conductor, "if I have failed to make myself clear. The condition to which I had reference was not one of mere temporary non-combustion, but of elimination, the eradication, I might say, of the physical presence of your nicotine laden remnant, this process followed necessarily by cessation of the odor now permeating an atmosphere already somewhat deficient. I fear, in the essential element of ozone. I'm a humble conductor, and my aim is to please; but, you big porcine stiff, you throw that cigar through the door or I'll throw you and it both. See?"

"Excuse me, professor," replied the passenger meekly, and the incident was closed. — Philadelphia Ledger.
