**THE AURORA BOREALIS NOW THE HOP GROWERS' REPORTER**  
 The Aurora Borealis whose bright lights have been reflected from the skies down about the north county line will shine no more. H. H. Palmer the all around newspaper man and wide awake hustler, who has been switching the juice for the Borealis, has tired of reflections from the sky and has come down to get within reach of the solid things of the earth. Hereafter the Aurora newspaper will be known as "The Hop Growers' Reporter," and will, as its name implies be devoted almost exclusively to the hop industry. Aurora is the center of one of Oregon's best hop districts and the paper is happily placed. With the change also comes enlargement, it being an eight page 5-column paper. If kept up to the high standard of excellence of the initial number, the Reporter will prove a valuable exponent of the trade market and conditions.

**Worn Out**  
 That's the way you feel about the lungs when you have a hacking cough. It's foolishness to let it go on and trust to luck to get over it, when Ballard's Horehound Syrup will stop the cough and heal the lungs. Price 25c, 50c and \$1.00 per bottle. Sold by all dealers.

The whole Sluslaw valley is producing fine specimens of winter apples.

**IF YOU KNOW.**  
 The merits of the Texas Wonder, you would never suffer from kidney, bladder or rheumatic trouble. \$1 bottle, two months' treatment, sold by S. C. Stone drug store, or by mail. Testimonials with each bottle.

During 1907 a Brownsville man's 15 cows yielded a total of \$1175.

**Arrested**  
 a cough that has been hanging on for over two months by taking Ballard's Horehound Syrup. If you have a cough, don't wait—stop it at once with this wonderful remedy. Splendid for coughs, colds on chest, influenza, bronchitis and pulmonary troubles. Price 25c, 50c and \$1.00. Sold by all dealers.

About 175 linden trees will be planted along an avenue in East Eugene.

**Chamberlain's Cough Remedy a Favorite.**  
 "We prefer Chamberlain's Cough Remedy to any other for our children," says Mr. L. J. Woodbury of Twining, Mich. "It has also done the work for us in hard colds and croup, and we take pleasure in recommending it." For sale at Dr. Stone's drug store.

Onion sets are being sent out by the carload from Hubbard to all parts of the coast.

**For Rheumatic Sufferers.**  
 The quick relief from pain afforded by applying Chamberlain's Pain Balm makes it a favorite with sufferers from rheumatism, sciatica, lame back, lumbago, and deep seated and muscular pains. For sale at Dr. Stone's drug store.

There will be a great many fine potatoes for the spring market around Echo.

**Baby Hands**  
 will get into mischief—often it means a burn or cut or scald. Apply Ballard's Snow Lintment just as soon as the accident happens, and the pain will be relieved while the wound will heal quickly and nicely. A sure cure for sprains, rheumatism and all pains. Price 25c, 50c and \$1.00 a bottle. Sold by all dealers.

During the last two weeks two Ir-rigon men shipped 49 dozed jack rabbits to Portland and Seattle. They get about \$3 a dozen for them.

**Keeping Open House.**  
 Everybody is welcome when we feel good; and we feel that way only when our digestive organs are working properly. Dr. King's New Life Pills regulate the action of stomach, liver and bowels so perfectly one can't help feeling good when he uses these pills. 25c at J. C. Perry's drug store.

The range of the western division of the Blue Mountain forest reserve will be apportioned May 1.

**Suffering and Dollars Saved.**  
 E. S. Loper, of Marilla, N. Y., says: "I am a carpenter and have had many severe cuts healed by Bucklen's Arnica Salve. It has saved me suffering and dollars. It is by far the best healing salve I have ever found." Heals burns, sores, ulcers, fever sores, eczema and piles; 25c at J. C. Perry, druggist.

**OREGON ALUMNI SOCIETY**

**File An Argument for the State University Tax Measure.**

Members of the University of Oregon Alumni association who are interested in the passage of the Eaton bill, which carries an appropriation of \$125,000 for the support and maintenance of the state university and which has been held up for a referendum vote, upon the demand of Linn county grangers and others, Saturday filed with the Secretary of States Frank W. Benson a 2000-word argument in support of the bill. This argument will be printed in pamphlet form, along with arguments advocating the adoption or rejection of other initiative and referendum measures, and a copy will be mailed by the secretary of state to every registered voter in Oregon. A law requiring the secretary of state to furnish these pamphlets to the voters was enacted by the last legislature.

The argument filed by the Oregon alumni is a plea for a better state university. It shows that the university attendance has increased 23 per cent since last year, despite the referendum, and that there are now 400 students in the departments at Eugene, exclusive of the department of music and all other side issues.

**Lowest Appropriation in Union.**  
 Figures are cited to show that the present appropriation of \$47,500 per year is the smallest in any state in the union for the support of its state university. A table of figures shows that the entire cost per student to the state is less in Oregon than in any other state in the union, with the single exception of Iowa. The salaries of the president and members of the faculty are compared with the salaries received by college presidents and instructors in other states, showing that Oregon pays smaller salaries than are paid in other states.

In the matter of equipment and building it is shown that Oregon is at the foot of the list, the total value of land, buildings and equipment at Eugene being \$350,000.

The present condition of the university is dwelt upon, showing that classrooms and laboratories are overcrowded and that no relief can come until new buildings are erected.

The effect of a veto of the appropriation bill by the voters of the state upon prospective immigrants is dwelt upon at some length, as is the tendency of Oregon's young men and women to attend colleges in other states. It is urged that a well-equipped and well-supported state university would keep within the borders of the state some 200 young men and women who yearly go elsewhere for their higher education.

The state university is spoken of as an institution of the whole people, where rich and poor alike can secure an education. Statistics show that 65 per cent of the young men at Eugene are earning their own way through college, and that the institution is a poor man's school.

**Head of Public School System.**  
 The relation of the university to the public school system is dwelt upon at considerable length, it being shown that the university is nothing more nor less than the head of the state public school system.

The arguments advanced by the enemies of the university in their campaign for signatures to the referendum petitions are combated in a most vigorous manner. A strong argument is made for the lump sum of \$125,000 per annum, without segregation, and a statement is made as to the intention of the board of regents in the matter of the expenditure of money. The continuing non-segregated appropriation, says the alumni committee, has been tried in other states and has served to take state institutions out of politics and to prevent the necessity of their friends from running to the legislature every time a small appropriation is wanted.

It is shown that in the event of the Eaton bill becoming a law, the cost to the man who pays taxes on \$500 worth of property will be 12 1/2 cents per year, while the man who pays taxes on \$4000 worth of property will pay but \$1 per year.

**A Simple Trick.**  
 It's an easy matter to keep your joints and muscles supple—no matter what your age may be or how you have suffered with rheumatism. Rub yourself night and morning with Ballard's Snow Lintment. Cures rheumatism, stiffness, cramps, crick in the back, side, neck or limbs and relieves all aches and pains. Sold by all dealers.

**THE WRONG WAY. SHINGLE MILLS READY TO START**

Many Physicians Try to Cure Dyspepsia by Having Their Patients Starve Out the Disease.

**This Method May Ruin the Stomach.**  
 To become a physician one must study medical literature for a long time and attend several years at a medical college, dissect at least one human body, pass many quizzes and examinations and at last receive his diploma, which entitles him to the M. D. degree.

Yet all this does not necessarily make a doctor. We have known many graduates with their sheepskins, who could not apply the knowledge they had acquired to relieving and curing a patient of dyspepsia.

They were floored by their first attempt to cure such a patient.

They were not to blame for this, for all the knowledge they acquired from medical works was wholly experimental. They were told to try the following:

- Aromatic Ammonia.
- Bicarbonate of Soda.
- Bicarbonate of Potass.
- Blue Mass.
- Camphor Water.
- Catchu.
- Charcoal.
- Cresote.
- Hot Water.
- Lime Water.
- Magnesia.
- Mineral Waters.
- Nitric Acid.
- Nitro-Muriatic Acid.
- Nux Vomica.
- Oil of Amber.
- Oil of Cajuput.
- Rhubarb.
- Senna.
- Spirits of Lavender.
- Starvation.
- Strychnia.
- Sulphur.
- Salphite of Lime.
- Tincture of Cardamon.
- Taraxacum.
- Tincture of Ginger.
- Tincture of Iron.
- Tonics.
- Vegetable Bitters.

In the list hot water is the only remedy that will not do more harm than good, and its use is still an unaltered profession.

If the professor who coaches the graduate would hand him a package of Stuart's Dyspepsia Tablets and tell him that it was a specific for dyspepsia, indigestion, all stomach ailments, and should be his mainstay in such cases, that one grain of their active principle would digest 3,000 grains of food in the stomach and that aided by this remedy the stomach would soon regain its normal condition, he would do the student more good than sending him forth with a lot of uncertain knowledge about the cure of these diseased conditions.

The young doctor would gain a reputation by curing his first case of dyspepsia.

The patient cured would sound his praises far and near, as do thousands upon thousands who praise Stuart's Dyspepsia Tablets.

Instead of experimenting with the mess of medicine in the above list and doing his patients more harm than good, he would always be gaining reputation by always curing his patient.

When he met any indication of a diseased organ, he should discover what hundreds of other doctors have that the whole trouble started with imperfect digestion and assimilation then take out of his pocket medicine case a few of Stuart's Dyspepsia Tablets, and tell the patient how to use them.

The result would be considered by the patient almost miraculous, and success after success would be achieved by him.

Many blood diseases, skin eruptions and heart troubles yield readily to Stuart's Dyspepsia Tablets, because they cure the incubating cause—dyspepsia. If the stomach is wrong, you are wrong all over.

Stuart's Dyspepsia Tablets are sold everywhere at druggists—50 cents per package.

Send us your name and address today and we will at once send you by mail a sample package free. Address F. A. Stuart Co., 150 Stuart Bldg., Marshall, Mich.

The Myrtle Point public school has just added 169 books to its library, which now contains more than 300 volumes.

(United Press Leased Wire.)  
 Aberdeen, Wash., Feb. 3.—The North Aberdeen shingle mill will open today, and it is the intention of the owners to keep it running steadily.

The Aberdeen lumber and shingle mill will also today start up its sawmill, shingle mill and logging camp. The sawmill may run short hours for a time, but the company will furnish work for a large number of men in all its departments. The Deming shingle mill resumed operations last Monday. The Anderson & Middleton mill, which has had a large crew of men at work for a number of weeks, making improvements and repairs, expects to be ready to open for regular work in about two weeks. The O. K. Logging Company will also reopen its logging camps on the Wishkah river today, and will give employment to 85 men who will all be old employes. If Manager Shields can find them. The Burrows mill, which is doubling its capacity, will be ready to begin cutting about the first of March, or as soon as all the machinery is placed.

**\$100 Reward \$100.**

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

Address F. J. Cheney & Co., Toledo, O.  
 Sold by all druggists, 75c.  
 Take Hall's Family Pills for constipation.

The accidental explosion of 100 pounds of giant powder at the Fisher quarry, eight miles above Vancouver, caused people in the city to think there was an earthquake. The shock was felt in Portland.

Klamath Falls is having a modern telegraph fire alarm system.

To Cure Cold in One Day.  
 Take LAXATIVE BROMO Quinine Tablets. Druggists refund money if it fails to cure. E. W. GROVE'S signature on each box, 25c.

Get for Johnny, call it Cascade or Waucoma or any reasonable name and it will get the horse vote, but rather than Hood let it remain "Wasco."

So handy, no one knows whether McKinley is being brought from China to be prosecuted for land frauds or to have Henry the only genuine immunity.

Respected Colds Threatens Life.  
 (From the Chicago Tribune.)  
 "Don't trifle with a cold," is good advice for prudent men and women. It may be vital in the case of a child. Proper food, good ventilation, and clean clothing are the proper safeguards against colds. If they are maintained through the changeable weather of autumn, winter and spring, the chances of a surprise from ordinary colds will be slight. But the ordinary light colds will become severe if neglected, and a well established ripe cold is to the germs of diphtheria what honey is to the child. The greatest menace to child life in this season of the year is the neglected cold." Whether it is a child or adult, the cold slight or severe, the very best treatment that can be adopted is to give Chamberlain's Cough Remedy. It is safe and effective. The great popularity and importance of this preparation has been attained by its remarkable cures of this ailment. A cold never results in pneumonia when it is given. For sale at Dr. Stone's drug store.

**Notice.**  
 Notice is hereby given to all parties holding school bonds Nos. 1, 2, 3, 4, 5, 6, 7, 8, 9 and 10, of school district No. 4, of Douglas county, State of Oregon, to present the same at the banking house of the New York Trust Company, 26 Broad street, New York City, N. Y., for payment, as interest will cease thereon after the first day of March, 1908. Dated at Roseburg, Oregon, this 31st day of January, 1908.
