Adams, and was valued at \$3514. S. L. Hobart is administrator.

OFFICERS FIND STOLEN GOODS

The arrest of Johansen, alias "Scotty," the pickpocket, yesterday afternoon gave a clue to the city officers which resulted in the arrest last night of three of Johansen's friends, who are suspected of being implicated in the various recent robberies in the city. It was learned last night that Johansen had rooms in the Salem lodging house, at the corner of Commercial and Court streets, and upon visiting his apartments Officers Murphy and Welch found that three other men occupied the same room. Johansen's pal, Smith, who was also arrested yesterday at the time of the taking of Mr. Cole's purse, but was later released for want of evidence, was found in the apartments, and was immediately placed under arrest for the second time. Upon searching the room the officers found nearly all the goods recently stolen from Conrad Dillon, the well-known second-hand dealer of State street. Many other articles were found, which are supposed to have been added to the personal property of the questionable quartet by foul means. Two beds were in the room, and the officers, suspecting that these were both occupied, waited and were rewarded in a short time by two more prisoners, who gave their names as Frank W. Flagan and D. D. McKay. The three were taken to the city jail, and were arraigned before Judge Moores today. The four men are said to be workmen on the Oregon Electric.

THE RIGHT KIND OF GRAFTING

Fruit Inspector Armstrong was greeted yesterday afternoon by one of the largest crowds ever assembled in the Board of Trade rooms. All the necessary apparatus was on hand to properly demonstrate the methods of grafting and budding, which was thoroughly explained. Much interest is being manifested in this important industry in this, the cherry section of the state, and many questions were asked during the meeting, which showed the growers are using their best efforts to bring fruit growing to its highest development. The Marion County Horticultural Society will hold a meeting in the Board of Trade rooms on the 23d of this month, at which time the secretary of the State Board of Horticulture, H. M. Williamson, will be present and address the growers. He is well-known in this city, and the fruit raisers are looking forward to his visit here with much pleasure.

THEY WANT NEW SCHOOL DISTRICT

Whether the petition of residents living between here and Liberty for a new school district, to be composed of parts of district 71 and 22 is to be granted, will be decided by County Judge John H. Scott and Superintendent of Schools W. M. Smith, sitting as the Boundary Board, on next Wednesday morning. Attorney L. H. McMahon, who argued the matter for the petitioners for the new district, argued that the distance that some of the children had to go to attend the schools in districts 71 and 22 was extreme. Captain E. T. Smith represented districts 71 and 22, and stated that those attending the schools in their district did not have an extraordinary distance to go; none having to go over a mile and a half.

Two Games of Basketball. The most hard-fought basketball game of the season took place last night between the second team of the Willamette University and the Capital Business College team in the Y. M. C. A. gymnasium. At the end of the second half the score was 17 to 17. Fifteen minutes additional playing was necessary before the Willamettes carried off the day with a score of 17 to 19. Charles Cole and C. B. Reed, of the business college team, particularly distinguished themselves, while Center Johnson, of the Willamettes, was considered by many the star of that team. In the second game the Y. M. C. A. team won easily from the first team of the Willamette University at a score of 25 to 15. The Y. M. C. A.'s superior playing was in evidence during the entire game. Center Vic Allen achieved the best single play of the evening.

DOCTOR TOOK A LONG SNOOZE

(United Press Leased Wire.) Spokane, Wash., Feb. 8.—For 13 days Dr. W. A. Egbert, a practicing physician of Spokane, was asleep. For 48 hours, believed to be dying, he was watched by a nurse and a relative. But he came out of his slumbers with a clear vision, a good appetite and in healthy condition. Then physicians examined their brother practitioner and several of them said the case is a complete puzzle. While in the sleep his body was limp, and he seemed like a dying man. Dr. Egbert says the sleep was not the result of any liquor or narcotic, and that the whole period is a blank to him. He became unconscious January 20.

JUDGE GALLOWAY DECIDES TWO CASES.

Judge Galloway rendered two decisions at 12 o'clock today in department No. 2 in the case of Bernard vs. Moore and W. L. Jerman vs. J. M. Misner. The first case was for the closing of a mechanic's lien on a dwelling and a barn, which was built by Mr. Bernard. The price claimed by the plaintiff was \$225, of which sum he admitted receiving \$121. Mr. Bernard also asked additional money for extra expenses which he claims were necessary in the construction of the buildings as the defendant changed the plans from time to time. This extra expense money was disallowed but the plaintiff was awarded the balance, \$104, asked on the contract. The costs and disbursements, other than the \$25 attorney's fees, were charged to the defendant. James G. Heltzel was the attorney for the plaintiff. In the case of W. L. Jerman vs. J. M. Misner a cross-bill in equity, Judge Galloway decreed that the specific contract should be enforced. Some time ago Mr. Misner purchased through an agent of Mr. Jerman a certain piece of property in Woodburn on which contract was paid \$420. At the time of the sale Mr. Misner claims that the agent set forth that a strip of land ten feet in width back of the property would be transferred in the deal. Jerman claims that he did not own the strip of land and could not, therefore, deed it to Misner. Misner then began an action in department No. 1 of the circuit court for the recovery of the \$420 and \$100 as damages, having taken possession of the place. He then vacated the place and Jerman filed a cross-bill in equity to enforce the contract agreeing to buy the strip in question, and deed it to Misner without further expense. In giving the decree for the specific enforcement of the deal, sixty days were given to take possession and formally carry out the requirements of the contract.

REPUBLICAN CENTRAL COMMITTEE MEETS. The Republican county central committee held its initial meeting for the coming campaign in the city hall at 1:15 o'clock this afternoon. But 11 of the 38 committeemen were present, owing to a misunderstanding of the time and place of meeting. By the time the substitutes and proxy names were enrolled 14 were present. The committee transacted considerable business among which was the filing of a resolution endorsing the primary and another endorsing Roosevelt, and especially his last message.

THREE LIVES LOST IN THE BLIZZARD

(United Press Leased Wire.) St. Ignace, Mich., Feb. 8.—Three boys of this city lost their lives in a fearful blizzard that swept over North-west Michigan for three days past. George Malhot, 19 years old, went out on the ice fishing, and has not been heard from since. Two boys named Lant, 10 and 12 years old, started from school for their home four miles away, and have yet been found. They are believed to have perished in a snow drift.
