STATE FAIR BOARD HAS BUSY MORNING

The State Board of Agriculture, at its meeting this morning appointed six committees, received and accepted a \$5000 stake for 1908 foals, granted Secretary Welch a stenographer, and attended to many other matters of importance, and then adjourned to meet again this afternoon. The committees, which it is expected will be able to cover all matters which may come before the board, are made up as follows: Legislative—Downing, Hulbert, Matlock, Wisdom, Lee, Secretary Welch. Transportation—Matlock, Wisdom, Lee. Program—Lee, Matlock Welch. Premium List—Hulbert, Downing, Welch. Speed—Matlock, Wisdom, Downing, Welch.

M. D. Wisdom, of Portland, then offered a stake of \$5000 for foals of 1908, which are to be run in 1910 and 1911. The offer was accepted and filed. The matter of a stenographer to assist Secretary Welch was then brought up. A majority were strongly in favor of assisting the secretary, who had done such good work during the year, and they carried the motion. Instructions were issued by the board, ordering all persons not engaged in the actual care of horses or grounds, who have been living there during the entire year, to vacate. An order was also made that no horses, other than those being trained, should be kept on the grounds during the year, other than at fair time.

E. M. Law was granted the gate restaurant privilege, for which he is to pay \$125 per month. Those persons who have been living on the grounds during the entire year and running restaurants during the fair week, will be ordered to pay for the privilege if they desire to retain it. The matter of rates for other restaurants will be left with Secretary Welch.

Several International Officials and State Federation Men Will Speak. There will be an open meeting Friday night at Labor Union Hall on State street, under the auspices of the State Federation of Labor, for the purpose of promoting the organization of several additional labor unions in this city. The whole situation, from the standpoint of the labor interests, will be canvassed, and the result, it is hoped, will be several new members of the federation. As speakers there will be state President Gram and Mr. Fitzgerald, of the cigar makers' union, of Portland, National Organizer Gury, of the Electric Workers Union of North America, is in the city working up a union of that trade. The meeting will be held Friday night at 7:30, and will be devoted to dissemination of trades unionism in all lines.

Harry H. Hill, member of the executive committee of the State Federation, announces that C. E. Haby, international organizer of the printers' union, will be present and speak at the Friday night meeting. It is desired that there be a large attendance of working men to strengthen the cause of organized labor.

LABOR MEETING FRIDAY FEB. 14

Several International Officials and State Federation Men Will Speak.

There will be an open meeting Friday night at Labor Union Hall on State street, under the auspices of the State Federation of Labor, for the purpose of promoting the organization of several additional labor unions in this city. The whole situation, from the standpoint of the labor interests, will be canvassed, and the result, it is hoped, will be several new members of the federation. MAY FORM A NEW PARTY.

(United Press Leased Wire.) New York, Feb. 12.—That an independent labor party, free from the influence of any existing political organizations, and not affiliated in any way with the various socialist parties is the present day demand of organized labor is the consensus of opinion among the big labor leaders in the labor movement. Judging from facts, learned by the United Press, which got expressions of opinions from all the most conservative heads of the big labor organizations, sentiment in favor of such a party has strengthened greatly within the past few weeks. Many of the leaders say the time is now ripe for an independent political organization, and that no time should be lost in making plans with that end in view. They say this could be done by calling a national convention, either directly through the American Federation of Labor or by a call from the supporters of the movement.

Many Killed by Explosion.

(United Press Leased Wire.) Vienna, Feb. 12.—While a band of Armenians were resisting Turkish troops, who sought to take them prisoners at Van, Asia Minor, a magazine exploded, killing a great number on both sides. Much damage was done in the Armenian quarter, where several houses were wrecked.

The Armenians, in making preparations for an uprising against the Turks, had concealed large quantities of ammunition in a church, and this hiding place was located by the troops. The Armenians attacked the soldiers in the hope of preventing them from confiscating the ammunition. In the fierce fight that ensued the explosives buried the church in the air and blew many of the combatants into bits. Van has a population of 30,000, and is an important center of American missions.

BANDITS MADE A RICH HAUL

Rich Hill, Mo., Feb. 12.—Bandits made a rich haul at midnight night after blowing open the Farmers' and Manufacturers' bank. They escaped with the amount of nearly \$25,000 in currency, leaving the floor of the bank littered with silver. Charges of dynamite were used to blow open the strong box.

Hundreds of citizens, who were sleeping in their homes near the bank, were awakened by the explosion, but by the time they realized that bandits were operating in the midst of the criminals had fled.

Vice-President J. T. Moore, of the bank, today estimated that \$25,000 was carried away. The state, which is one of the oldest and is well protected by burglar insurance. It is thought by the authorities that the crime was committed by the same men who stole the safe in the bank at Willard, 80 miles from Rich Hill, Mo. last night and secured \$10,000.

Card of Thanks—
