PERUVIANS VISIT THE BATTLESHIPS

(United Press Leased Wire.)
 Lima, Peru, Feb. 21.—Orders allowing the citizens of Lima to visit the ships of the Atlantic fleet has caused much joy among them, as at first it was feared that Rear-Admiral Evans might not permit them to board the battleships. Visitors may inspect the great guns and other fighting machinery between 2 and 5 o'clock in the afternoon of each day.
 Ever since Rear-Admiral Evans issued the order Peruvians, accompanied by their wives and children, have boarded the ships in great numbers. Aboard the Kentucky several beautiful Peruvian girls and jockies held an impromptu ball yesterday. The music was furnished by the ship's own band.
 The commander-in-chief of the fleet is feeling slightly better today, but he may not be able to go ashore to participate in the festivities that have been arranged in honor of himself and his officers and sailors.

SHE CHASED HARRY

PRETTY STEADILY.

(United Press Leased Wire.)

Portland, Feb. 21.—In a steady, deliberate voice, Mrs. Belle Waymire, accused of complicity in a conspiracy to blacken the character of Mayor Harry Lane, took the stand today and declared that Mayor Lane had assaulted her in his private office on afternoon in September, 1907. Prior to that she swore that the mayor had attempted to kiss her, and that he asked her to pass an opinion on his appearance in a parade, particularly inquiring whether she thought he looked "stuck up."
 Mrs. Waymire was the principal witness of the day. She was the first witness for the defense, and withstood the cross-examination fairly well, although some inaccuracies in her story were developed.
 Mrs. Waymire declared that she first met Lane in July, and had made him fully 18 or 20 visits between that time and the day of the alleged assault.

UPPER RIVER WHEELS AND LOWER RIVER NETS.
 Seafert Bros., the Warren Packing Co. and P. J. McGowan & Sons this morning filed with the secretary of state their argument against the Columbia River Salmon Protective Association's initiative bill, which, they claim, is promulgated by the fishermen's union of Astoria, backed by the international organization. The claim is also made that the signers of the petition, with the exception of those from Clatsop, have no knowledge of the subject, which, it is claimed, was grossly misrepresented to them. Game Warden Van Dusen is severely censured for failing to enforce the fish laws, and the charge is made that the lower Columbia river fishermen are wholly responsible for the increasing dearth of salmon.

Decided the Children—
 Judge Galloway this morning awarded the custody of her little 7-year-old son, Merle, to his mother, Mrs. Edna Brown, for the period of one year, and if she cares for him properly for that length of time then indefinitely. The other children go to the father, and the judge ordered that either parent might see the children in custody of the other, at any time.

Room for All—
 The canvass of the city yesterday for the business men's lunch met with such hearty response that it was feared the crowd could not be accommodated, but Landford Fish has strained every point, and will accommodate 200 or more. The Salem spirit is all right, and everybody is happy to be doing something for the best town in the Willamette valley. Those who have not already secured tickets can do so by calling at the Board of Trade headquarters, or upon the committee at the hotel this evening.

Money Order Forger—
 Postmaster Farrar is in receipt of a warning from the Spokane postal department to the effect that there is a money order forger working in this vicinity. Several months ago many thousands of money order blanks were stolen from the Seattle postoffice, and it is these blanks the forger utilizes by passing them on merchants, usually on Saturday nights, so that the fraud will not be

discovered until he has had an opportunity to escape.

Parker vs. Bear—
 This case was decided this morning by Judge Galloway. The suit was to set aside a deed to lands near the town of Turner, on the grounds that the grantor, John W. Vaughn, was mentally incapable of executing a deed to his property. Judge Galloway decided that the deed should be set aside and as to the accounting between the defendant Bear and plaintiff, as administrator, the court requested that the parties get together and settle it among themselves. If unable to do so he would decide the matter a week from Monday. Mr. Frank A. Turner was attorney for the plaintiff and Carey F. Martin for the defendant.

Filed Petition—
 Carl C. Bronaugh, of Portland, this morning filed with the secretary of state his petition for renomination to the office of circuit judge of the fourth judicial district, on the Republican ticket.

Saylor was known as "Peg" while Wells went under the alias of "Charles Morris."
