ANGEL COLLEGE BOY SHOT

Small, a 16-year-old pupil of Angel college, was accidentally shot by Lloyd Hohman, 14, at 1:30 o'clock Sunday afternoon out hunting in disobedience of the rules of the institution.

Small claims that he was under the impression that he had taken the shot, but that he had inadvertently replaced it with a blank. He was immediately taken to the hospital, where he is now recovering from his wounds.

PRESIDENT SAVES THE FORESTS

Washington, Feb. 25.—The President has just signed a proclamation creating additions amounting to nearly 600,000 acres to the Modoc national forest, in Northeastern California. With the exception of a small area in the northern part of Lassen county, all the lands put within the forest by this proclamation are situated in Modoc county. The exact area of the additions is 570,000 acres, which brings the total area of the forest up to 859,018 acres. The land proclaimed a part of the Modoc forest will be put under administration at once, with Supervisor C. E. Rachford, whose headquarters is at Alturas, California, in charge. The additions to the forest have a stand of valuable yellow pine, which will amount to several million feet, and will average 12,000 feet to the acre. There is little or no agricultural land in the addition.

Has a Record for Sheriff. (Jefferson Review.)

Harry Minto seems to have no opposition for sheriff of Marion county, and at present it does not seem probable that he will much. He has a record as a criminal officer that cannot be excelled, and he knows all there is to learn about the inside work of the office. The only trouble with Harry is his politics, and he may improve yet in that regard. Anyhow, he don't know any politics when in office—just gives first class service to all.

SEATTLE LABOR SITUATION

A poster on The Journal bulletin board warns laborers to not be deceived into entering Seattle with the expectation of getting employment readily in the building trades. It seems that city is flooded with unemployed, and more coming, and contractors have it all their own way and pay what they like. Many a man has read that bulletin and been deterred from starting for the wizard city of the north, where, in spite of the Alaska-Yukon exposition, there are thousands of good workers living substantially on municipal charity.

DIRECT LEGISLATION NOT ALL A LOSS

The state collected \$900 yesterday as fees for the printing of arguments against bills to be voted on at the next election. The collections of the secretary of state yesterday brings the fees collected so far this month for the filing arguments up to \$2825. Five arguments, as follows, were filed yesterday: Against the Oregon university appropriation; against the free pass and armory bill; against the women's suffrage bill and the measure providing for restrictions of fishing in the lower Columbia.

RODGERS APPROVES BIG LID

Mayor Rodgers yesterday signed the liquor ordinance, raising the license to \$1000 for saloons; to \$800 for beer halls, and levying a license of \$300 on drug stores selling liquor on other than a physician's order.

BENTON FURNISHES AN EASTERN OREGON MAN

Harry L. Holgate, formerly of Benton county, will be a candidate for joint senator from Klamath, Crook and Lake counties. He is popular and a hustler and should make a good showing in the coming primaries. His familiarity with the needs of Oregon coupled with some

experience in the preparations of laws and the handling of legislation make him well qualified for the place. Besides this he has a state-wide acquaintance among men of standing and influence which would be of invaluable aid to him in securing legislative action.

The New Sign Campaign

The present orders of the city government are that all signs that stick out over the sidewalk more than six feet must come down. The intention of the mayor to enforce the ordinance is evident, and all owners will be given a week or ten days to comply with the ordinance. C. C. Carey, of the agricultural implement house of Mitchell, Lewis & Staver, says it will work a hardship on many business houses that got special permits to erect expensive signs by special action of the council. He says his sign cost him \$60 to erect, and he will have to be reimbursed if it comes down.
