THE HOME STORE
THE OLD WHITE CORNER

In preparing for the Spring season we have been more painstaking in selecting styles, colors, etc., and very keen about qualities and prices. This season offers a broader range of merchandise than ever before and imitations are shown in every line. We have endeavored to get the best and our long experience has given us the knowledge which makes it possible for us to judge between the spurious and the real worth. Our economical business methods and close attention to our business enables us to undersell the more extravagant fellow. Buying for cash gives us a great advantage in the way of discounts, and large quantities gets us the lowest price concessions. Our store is a safe one in every respect.

New Shirt Waists

Another big shipment of nets, lawns, and lingerie waists reached us Saturday. Prices on the newcomers range from

\$1 to \$12.50

New Undermuslins

Skirts, Gowns, Corset Covers, Chimise, Drawers, etc. Wonderful values in Muslin Petticoats.

\$1.50 each

New Suits, Skirts and Jackets

Do you know that when you buy a suit in this store it means a saving of \$2.50 to \$10 and when you buy a skirt or jacket it means a saving of 50c to \$5? Comparison will prove that our offerings in ready-to-wear goods are unequalled in all Oregon. We are showing all the new styles and cloths for Spring, 1908.

Dress Goods

Chiffon Panama, double fold, 36 inches

18c yard

Suitings, made in Bradford, England. A very fine spring fabric.

90c yard

Crispe, made by Roads, (Converters of washings)

\$1.35 yard

Wash Goods

See us for high grade fabrics. Utility Cloth, made by the Amoskeag Manufacturing company

15c yard

Lawns and Challies in neat, desirable patterns

6c yard

Beautiful Lawns and Silk Organdies, Rajah Silk, and Mercerized

25c to \$1.25

works it for two months after the legislature leaves, is really not a disinterested political adviser.

The Portland Railway, Light & Power company under President Josslyn is proving that a corporation may be public-spirited. That company gave \$5000 towards the Portland Rose show, and \$50 towards the Salem publicity funds.

Bombs are the weakest weapons of individuals, as bullets are the weakest weapons of nations.

The only park the people could have is Fairmount Hill, or what is known as Reservoir Hill. The view of the Willamette valley from there is one of the grandest in the state. Why not make a move to get it, and have a breathing place for present and future generations.

If the drug stores pay that \$300 a year they will have to use more of the Willamette river and burn sugar.

There are still the patent medicines to slap a license onto.

EVERYBODY WRONG BUT THE FATHER.

Spokane, Feb. 25.—The Spokane police took into custody this morning the whole McFarling family, with the exception of the father. Elsie, 18, was arrested for frequenting saloons, Roy, 26, for carrying a revolver, Wilbur, 28, for beating his mother. The latter is in the hospital black and blue from the beating.

Mrs. McFarling was once very beautiful and well-known in Spokane. Liquor is said to have ruined the family.

The Baker City Herald speaks of that city's "gifted citizens."

STOMACH SEAT OF HEALTH

Boston, Feb. 24.—The remarkable results that are being accomplished in Boston by L. T. Cooper have become a topic of universal interest during the past week.

Reports that preceded his visit to this city told of Mr. Cooper's great success in Chicago. But the man and his medicine did not attract wide-spread attention until the beginning of his second week here. Then the interest in him became very noticeable and has steadily gathered headway until his preparations are now being sold in enormous quantities, and his headquarters is a most interesting place to spend a half hour.

People are coming from all parts of the city and surrounding towns to see him. The young man and his assistants are surrounded by swarms of humanity from early until late—some to tell what has been accomplished for them by the Cooper remedies.

Perhaps nothing has done more to arouse this interest than Mr. Cooper's statement regarding the human stomach. At the commencement of his visit to this city, he claimed that the stomach is responsible for much of the ill health of this generation and that his New Discovery medicine would prove his theory to be correct.

This statement seems to have been completely verified. During the past two weeks hundreds of people who have been taking the Cooper preparations have been relieved of various ills. In consequence, Cooper and his theories have been growing into greater prominence each day.

Many of those who called at his headquarters yesterday had taken the New Discovery medicine for various forms of stomach troubles and made statements as to results obtained by them.

A statement of this character, which almost identical with all those given by people who have had the same experiences, is given by John S. Keen, a house painter, living at 7 Trenton street East Boston, Mass., who said: "For several years I have been in poor health, a general run-down condition. I have been treated by various doctors and taken all kinds of patent medicines, but received no benefit from either. Physicians gave me medicine for indigestion, dyspepsia and stomach trouble, but none of them afforded more than temporary relief. My appetite was variable—sometimes hungry as a wolf, then again sickening at the sight of food.

"I was subject to dizzy spells, which made it dangerous for me to work on a ladder, which I frequently had to do. Sometimes a feeling of faintness would come over me, and I often narrowly escaped falling. After meals I would become bloated and distressed, and there was soreness in the pit of my stomach.

"Hearing of Mr. Cooper and what he had done for others, I decided to try his medicine. When I had used one bottle of the New Discovery I was feeling fine. All signs of distress left me. The sense of relief was wonderful. I gained strength rapidly and am now in splendid condition. The dizzy feeling has disappeared entirely and I feel like I had taken a new lease on life. I cannot say too much in praise of Mr. Cooper's medicine.

The introduction of these new preparations in Boston has been remarkably successful, and they seem to be growing more popular each day.

WOMEN WAGE WORKERS

(United Press Leased Wire.)
New York, Feb. 25.—Miss Albe Morgan, daughter of J. Pierpont Morgan, has enlisted in a movement to improve the condition of working-women in all the big cities of the country.

The daughter of the well-known financier is associated in this work with many prominent society matrons, who, on many occasions, have emerged from their drawing rooms to go on a tour of inspection of uninviting factories and accompany working girls to their boarding houses to taste their food. As the result of these visits 100 women will meet here on March 6 in conference, under the auspices of the National Civic Federation.

HOLD UP ARTIST DOUBLES

(United Press Leased Wire.)
Tacoma, Wash., Feb. 25.—Tacoma's latest acquisition in the way of a bandit plays the part of Dr. Jekyll and Mr. Hyde as cleverly as Robert Louis Stevenson would have dreamed possible. The police this morning believe they have the thief behind the bars.

Sunday night this thief assumed the role of Dr. Jekyll, and, in the tones and actions of a polished gentleman, relieved G. W. Peterson, 611 South First street, of \$60 in bills. About 7 o'clock last night an individual, whom the police believe is the same man, degenerated into a tramp-like Mr. Hyde, relieved J. H. Bray of \$146 and disappeared.

WOMAN FORGETS LAWYER

(United Press Leased Wire.)
New York, Feb. 25.—Charles M. Sanford, a wealthy Brooklyn lawyer, is dying at a hospital as the result of an alleged attempt to kill him by a woman giving the name of Mrs. Jennie H. Bunt.

The woman called at Sanford's office this morning before the lawyer arrived and waited for him. As he walked in he was followed into his private office by Mrs. Bunt, and a quarrel followed. Two shots were heard, and a moment later Sanford rushed out, declaring that he had been shot in the back of the head. Mrs. Bunt, who is under arrest, talks incoherently about alleged wrongs she said she suffered at Sanford's hands. The latter has made no statement. It is thought that the woman is demented.

DESPOUDENT WOMAN LEAPS FROM BRIDGE.

(United Press Leased Wire.)
Dubuque, Ia., Feb. 25.—Miss Nellie Lasso, despondent because of the poverty of her family, made a desperate attempt to end her life by leaping from the topmost span of the high bridge into the Mississippi river. Her dress kept her above the water and she floated for 300 yards, when ice harvesters pulled her out with pike poles. The girl was seriously injured.

SHORT LEASED WIRE TELEGRAMS.

The Green Mountain savings bank, of Des Moines, Ia., closed today, and President Stuart M. McDiarmie is under arrest in Omaha on a charge of illegal banking.

HOME COUGH CURE

Go to your druggist and get one-half ounce Concentrated oil of pine; two ounces of glycerine; half a pint of good pure whiskey; mix it up, glycerine and oil and then add the whiskey. Use in doses of a teaspoon to a tablespoonful every four hours shaking the bottle each time.

The Concentrated oil of pine comes put up for medical use in half-ounce bottles enclosed in tin screw top cases which protects it from heat and light. If you do not find it sealed you know that you are not getting the real article.

There are also several patent medicines put up to resemble the Concentrated oil of pines and called by similar names. This stuff should be avoided. The Concentrated oil of pine is the only truly soluble pine preparation known to science. It also makes wonderfully effective liniment by putting a teaspoonful of the raw oil into a saucerful of hot lard applying hot. This is invaluable in cases of cold in the chest or sprains and bruises.

A LID OF STEEL

PUT ON DANCE HALL

North Bend, Feb. 25.—(Special.)—At a meeting of the common council they forged out a lid of chilled steel to fit over J. C. Wilcox's notorious dance hall in this city. He is given until May 1 to close out and retire from the business which has for many years given North Bend a bad reputation in the eyes of a great many people. A resort like a dance hall any town can dispense with with credit to itself and its citizens. It draws a class of vicious men and women whose highest aim in life is to live off of the labors of the hard working dupes who believe they are having the times of their lives and who in the morning after an all-night debauch find themselves without the price of a meal. Many people of this county have been speculating for some time as to when the council of North Bend were going to come out of the Rip Van Winkle sleep and abate a nuisance that was a curse not only to that busy little city but to Coos county.

EXCURSION TRAIN WRECKED IN MEXICO.

(United Press Leased Wire.)

San Antonio, Texas, Feb. 25.—A dispatch from Laredo says the Gates excursion touring party's special train, consisting of nine cars, five of them Pullmans, and carrying 70 passengers, has been derailed at Oroville, 20 miles north of Laredo.

Thirty of the passengers have been reported injured, but the extent of their injuries is not known here. A number of those on board are from Toledo, Ohio, and the rest from San Antonio. The latest news from the scene says the accident was due to a broken axle on the engine.

RECEIPTS AT LIVE STOCK MARKETS.

Chicago, Feb. 25.—Hogs, receipts, 22,000; cattle, 4,000; sheep, 12,000. Hogs opened 5 cents higher; left over yesterday, 5500; mixed \$4.20 @ 4.45; heavy, \$4.35 @ 4.50; rough heavy, \$4.20 @ 4.30; light, \$4.20 @ 4.40; cattle, steady; sheep, strong. Kansas City, Mo., Feb. 25.—Hogs, receipts, 12,500; cattle, 6,000; sheep, 6,500.

Omaha, Neb., Feb. 25.—Hogs, receipts, 21,000; cattle, 8,000; sheep, 9,000.

WILL PARALLEL C. P.

Winnipeg, Man., Feb. 25.—James J. Hill has spread a large force of engineers over a stretch of 1400 miles between Brandon, Manitoba, and Calgary, Alberta, preparing, it is said, to parallel the Canadian Pacific system. Two years ago Hill made elaborate preparations for carrying out this same scheme, but withdrew the engineering force because of the financial depression.

Graber Bros.

PLUMBING AND GAS FITTING

Will give prompt attention to all orders, guarantee our work to give satisfaction and to be up to the sanitary standard.

WE WILL BE PLEASED TO GIVE ESTIMATES ON CONTRACTS.

Call at our shop on Liberty street, back of Barr's Jewelry Store. Phone 550.
