

HEAD TAX CAUSES TROUBLE

Charges of Grafting Against the Pacific Mail Made at San Francisco.

(United Press Leased Wire.)
San Francisco, Feb. 28.—The San Francisco Examiner says this morning:

The receipt of a dispatch from a Canadian government official at Ottawa to the Examiner stating that Madame Bertha Lemieux, the wife of the Canadian under secretary of state, had been held up by the American government officials in the port of San Francisco for the payment of a head tax, disclosed the fact that the Pacific Mail Steamship Company has been indulging in a petty graft in the manipulation of the head tax.

A head tax of \$4 each is collected from the steamship companies upon every alien arriving in the United States. Persons who have resided continuously in Canada, Cuba or Mexico for a year previous to reaching an American port are exempt from the tax. If they leave their residence in those countries they are subject to the tax. The Pacific Mail agents in the Orient collect the head tax from all passengers when they purchase tickets.

Those who are conversant with the workings of the Pacific Mail in this city state that its greatest source of graft in head tax is in the Chinese travelers.

Madame Lemieux visited the Orient after leaving Canada, and was subjected to the tax, if she elected to remain in the States. She arrived on the Mongolia from Yokohama on January 18, and registered as "in transit." She is entitled to the return of the tax if she left the United States before 30 days. She must get the money from the steamship company, as the transaction has passed out of the government's hands.

ATELL KELLY BATTLE

(United Press Leased Wire.)
San Francisco, Feb. 28.—The third battle for the featherweight championship of America to be fought in San Francisco within two months takes place tonight when Abe Atell, the holder of the title, meets Eddie Kelly, the Buffalo newsboy. Both boys have been training hard for the affair, and a slashing bout is looked for. Atell has not held Kelly cheaply, and has gone through a strenuous period of training. Kelly is a tough youngster, with terrific punching power and ability to assimilate punishment. The Atell admirers, despite the many good reports from the Kelly camp, look for their man to get the decision before the limit of 20 rounds is reached, while the Kelly followers are willing to wager 1 to 2 that the Easterner will knock the champion out within ten rounds. Atell is a 1 to 2 favorite on the general results.

BOILING BLAZING LAQUER

(United Press Leased Wire.)
Oakland, Feb. 28.—Mrs. Katrina Mielh lies in a hospital fatally burned by boiling and blazing wax that splattered onto her face, hands and arms from a pan.

Oscar Mielh, her husband, heroically fought to save her from the flames that instantly enveloped her, though himself suffering from terrible burns.

Mielh, who is a cabinet maker, had set a pan of polishing wax on the stove at the couple's home. It began to run over and blaze up and he grasped the pan and started to the sink. As he did so the wax splattered out in a shower, and Mrs. Mielh, who was close by, was struck by the greater part of it.

The woman's hair and clothing caught fire, and, with her hair streaming in flames behind her, she ran down the house, shrieking. Mielh grasped a blanket and wrapped her in it. She was hurried to the Emergency hospital in the police automobile, where attention was given her, but she died at 4 o'clock this morning.

He is a son of Rev. Mark Wilkes, who was chaplain of the British embassy in Paris, where Matthew passed much of his youth. When Rev. In this changed state he won the hand of Astor's granddaughter, Eliza Langdon.

Boston, Feb. 27.—In view of the enormous sale of Cooper's preparations now going on in this city and the intense interest which Mr. Cooper has stirred up since his arrival, a representative of the Post spent an afternoon at the young man's headquarters, watching the swarm of humanity come and go.

During the afternoon the reporter interviewed many of the callers and obtained statements from all who cared to give them as to the experiences with Cooper and his preparations.

The following are selected from those statements as being typical of the general expression of the people seen:

Carlton H. H. Mutcherson, a leading banker and broker, with offices at 8 Congress street, made a very emphatic statement, as follows: "Anyone afflicted with chronic ill health and a general run-down condition caused by stomach trouble, who does not try this man Cooper's medicine, is very foolish. I say this after a most remarkable experience with the medicine.

"I heard of Cooper's success first when he was in Chicago, as I have a private wire to that city in connection with my business. Later, when he came east, I learned more of him and his theory that stomach trouble causes most ill health. I have had no faith in anything not prescribed by a physician for each particular case after careful diagnosis, but after eight years of constant suffering, during which time I spent over \$1500 with absolutely no relief, I felt that it would at least do no harm to try the medicine which I was hearing so much about.

"During these eight years I have been forced to go without solid food for five and six weeks at a time. I always had a sour stomach, was troubled with formation of gas, and led the usual miserable life of the dyspeptic. I was dull, tired nervous and gloomy all the time, and was always constipated.

"I have taken Cooper's medicine a comparatively short time. For the past three weeks I have not had the slightest sign of stomach trouble. I can eat anything with no bad effect whatsoever. I have a fine appetite, am gaining flesh very rapidly, am cheerful, full of energy, and my nervousness has disappeared. My bowels are in perfect condition for the first time in eight years."

"I don't hesitate to say that I would not take \$50,000 and be back where I was. My relief and thankfulness are beyond description."

Another statement was made by Mrs. Eugene Bull, of Cohasset, Mass., who came all the way to Boston, a distance of 25 miles, just to tell personally what the Cooper medicine had done for her. She said:

"For many years I underwent extreme suffering from kidney and liver trouble. At times my back ached so badly that I could not stand up. I frequently had dizzy spells, one of which lasted 24 hours—whenever I opened my eyes everything seemed to be swimming around. Whenever I tried to read, the type soon became blurred and I was compelled to stop. My nerves were in a terrible condition.

"I used all kinds of medicine without obtaining relief, and became discouraged. Upon hearing of the Cooper remedies, I decided to try them. The effect of the first bottle of the New Discovery medicine was marvelous—my appearance was so much improved that neighbors remarked about it. I am stronger and better in every way, and feel 20 years younger. Today a trip to Boston did not fatigue me in the least. Best of all, I can read again with pleasure, a favorite pastime which for a long time I could not indulge. My nervousness has also disappeared. No one could be more thankful than I for the relief Mr. Cooper's preparation has given me. I am recommending it to my friends."

The young man seems to be gaining greater headway as his visits draw to a close. It is estimated that four thousand people called on him yesterday.
