Grand Spring Exhibit of

Men's, Women's and Children's Wearing Apparel. Those who have reviewed this showing have said that it surpasses any previous event ever before shown by the big store of good goods. Many were surprised, some bewildered, and the majority was astonished to think such a grand showing—quantity and quality considered—could even be produced under one roof in this city at such moderate prices. Good goods is our hobby, and remember we have no room for shopworn kind.

A Rare Treat—
The Nickelodion (formerly Kluge or Grand) will show to the people of Salem their wonderful "Passion Play" films and "Holy City Scenes," for only five cents. These films are the genuine original Pathé first-prints from the negatives. They are taken from the Oberammergau

"Passion Play," as given every tenth year by the inhabitants of that world famed little village in Bavaria. This is the same film that for two weeks in December crowded the Nickelodion in Portland beyond its capacity, and on its return engagement a few weeks ago did the same thing. Every man, woman and child should see this life of Christ. From March 5 to 8, inclusive. Any seat 5 cents.

ALASKA MINER

FROZEN TO DEATH.
Skagway, March 2.—William J. Cotter, a miner, 26 years of age, from Butte, Mont., was frozen to death while attempting to walk from Skagway to Bennett yesterday. He left this city in the morning in company with three companions. While ascending the mountain and walking on the railroad track he fell behind his companions, telling them to go and have dinner ordered at the summit road house. His companions waited in vain for his arrival, and after dinner they retraced their steps and met a traveler who told them the man was freezing on the trail. The three men returned and found Cotter unconscious down a 200-foot embankment, where he had rolled. He was living, but past help. Cotter was a member of Butte lodge, Western Federation of Miners. His brother James lives at 829 Howard street, San Francisco.

Good for Everybody.
Mr. Norman R. Coulter, a prominent architect, in the Delbert building, San Francisco, says: "I endorse all that has been said of Electric Bitters as a tonic medicine. It is good for everybody. It cleans the stomach, liver and kidney, and builds up the system. Electric Bitters is the best spring medicine ever sold over a druggist's counter as a blood purifier. It is unexcelled at J. C. Perry's drug store."
