Hindus Carried Hatchets.

(United Press Leased Wire.)

Vancouver, B. C., March 4.—The game of shuttlecock between the provincial and Dominion governments with the Hindu as the victim saw another round last evening. Fifteen Hindus, who had arrived by the steamer Empress of Japan, were admitted as immigrants by the Dominion inspector, Dr. Munro. They were allowed to land. While still on the ship, and before the Dominion inspector had given his decision, the new arrivals were lined up and examined by Provincial Inspector J. Munro. They failed to pass the examination prescribed by the Natal act, but the provincial officer could not prevent their landing under the instructions of the Dominion inspector.

On landing, constables of the Canadian Pacific Railway Company forcibly kept the Hindus from returning to the ship, where they were ordered by the provincial officer. The latter was powerless against the force of special constables, and indeed against the Hindus themselves, for the latter certainly did not wish to return to their native land.

Accordingly, the provincial police arrested the entire party and took them to jail. Upon being searched, each Hindu was found to be carrying a hatchet.

'Frisco Woman Smokers.

(United Press Leased Wire.)

San Francisco, March 4.—To the feminine worshippers of the Goddess Nicotine another devotee was added last night in the white and gold lobby of the Fairmont Hotel. Mrs. Robert F. McCreery, of Burlingame, is the latest of society favorites to exhibit publicly her fondness for the golden tipped, slender Turkish cigarette during the relaxation following an elegant luncheon.

While her husband sat with his feet comfortably, if rudely perched on the crimson plush of the chair opposite, enjoying a Havana, Mrs. McCreery, totally oblivious to the curiosity her act was exciting among the hotel guests, encircled her huge Gainsborough in a halo of fragrant cigarette smoke. She did it well, too, with a graceful turn of wrist, a daintily raised chin and an enchanting pucker of lips. Black and purple mingled with her raiment originally, but when she left the lobby for her carriage her silk cloth was endued with the gray of ashes.

(United Press Leased Wire.)
