ROLLER CHARLES MITCHELL

WRITES A LETTER

CHARGING FATHER OF MAUDE HURT-CREFFELD WITH INCITING GEORGE MITCHELL TO COMMIT THE DOUBLE MURDER—THE ROLLERS ARE STILL ACTIVE AND ORGANIZING AGAIN.

(United Press Leased Wire.)

Seattle, Wash., March 10.—The latest chapter in the remarkable story of crime in connection with the "Holy Rollers" case is furnished by Charles Mitchell. He is the father of George Mitchell, who killed the notorious leader of the Holy Roller sect, Joshua Creffeld, and in turn was killed by his sister, Esther. The father has written to Sheriff L. C. Smith, charging O. V. Hurt, father of Maude Hurt-Creffeld, the leader's wife, with inciting George Mitchell to do the killing, and with furnishing him the revolver with which he did the deadly work.

He further charges that Hurt has been recently made the leader of the reorganized Holy Roller society, and warns the sheriff from the dangers arising from the practices of the society.

The letter of Charles Mitchell, dated at his home in Mount Vernon, Illinois, received by Sheriff Smith reads as follows:

"I am the father of the Mitchell children, who figured in the double murder tragedy in your city in the summer of 1906, and I am sufficiently interested now to warn you that the Holy Rollers are organizing again in your state, and I think in your city. I also hear that O. V. Hurt, who took so active a part in clearing my son, George Mitchell, of the charge of murder of Creffeld, has turned Holy Roller himself, with the expectation of being their future leader. If he is with them he can be arrested for the murder of Creffeld, for at the time of the murder my youngest son, Perry, was living at Danville, Ill., and George wrote to him before he left Portland, on his way to Seattle to kill Creffeld, and told him that Hurt had given him a revolver and told him to kill Creffeld. After Perry got the letter he sent it to me, and we can both give evidence as to its contents.

"After George killed Creffeld he telegraphed Hurt that he had got his man. Hurt hastened to Seattle and made arrangements to clear him. I had George say after he was cleared and before he was killed that his gun did not cost him anything.

"I don't want Hurt to be hung; there have been enough deaths in this Creffeld matter already, but I do not want him to be allowed to run at large any longer. The 'Rollers' have threatened my son, Perry, at Portland, and have caused the separation of my son-in-law, Starr, and his wife, and have threatened my two younger sons and sentenced in-law with death, within the last few weeks. If they did not let the 'Holy Rollers' alone. (Signed).

"CHARLES MITCHELL."

WILL NEGOTIATE IMMIGRATION TREATY.

(United Press Leased Wire.)

Victoria, B. C., March 10.—An Ottawa dispatch says R. L. Drury of Victoria, has been appointed to proceed to Tokio to represent the Canadian government for the supervision of an agreement regarding the immigration of Japanese, to follow the arrangements made by Hon. Lemieux on his recent visit. Mr. Drury will be attached to the British embassy, and discharge his duties under Sir Claude Macdonald, British minister to Japan. He will leave on the Empress of Japan on March 16.

CLOSING MADAM'S MANSION

BY THE CREDITORS

DIVORCEE OF COUNT BONI DE CASTELANE HAVING TROUBLE IN DISPOSING OF HERSELF—SHE IS TO BE UNITED IN SO-CALLED MARRIAGE WITH ANOTHER PRINCE OF THE CANNED GOODS VARIETY.

(United Press Leased Wire.)

Paris, March 10.—Madame Anna Gould, formerly the Countess De Castellane, is virtually a prisoner of France today. Private detectives, in the employ of Count Boni, are watching every steamship office and pier with a view of apprehending the former wife of their employer, should she attempt to leave the country with her two children, as report has it she is about to do.

While the police are taking no active part in the case, they are keeping an eye on Madame Gould's move-

ments, and will step in should she attempt to violate the orders of the court which granted her a divorce, but forbade her taking her children, who are French citizens, from the country.

The unexpected closing of Madame Gould's palatial mansion on the Bois de Boulogne on Monday has brought to the front a constantly increasing army of creditors, who are today besieging the house in a vain endeavor to learn when they are to be paid.

Meanwhile the former countess, Anna, her two children and their tutor, are resting at the Chateau Marais, where it is said they are being waited on by Madame Gould's

ardent suitor, the Prince de Sagan.

It has been pretty well established that it was the intention of Madame Gould to sail for New York on the Kaiser Wilhelm on Wednesday, but the activity of Count Boni has thwarted this plan, and it is now believed that she will await an opportunity to slip across the frontier and sail from some German or English port. Rumor has it that the Prince de Sagan will be a passenger on the same ship, and that upon his arrival in New York, the prince will be presented to Madame Gould's family, as her prospective husband.

NEWS OF MONEY

WAS TOO MUCH.

Spokane, Wash., March 10.—Within a few minutes after he received a letter informing him that a sum of money would be sent him from the East in the next mail, Captain Edward T. Bates, retired sea captain, who formerly lived on the coast, dropped dead in his room yesterday morning at the Seattle house. Death was due to heart disease.

ENGLAND STEPS IN THE BREACH

TO SAVE OLD CHINA

ASKS JAPAN TO BE MORE LENIENT IN DEMANDS ON CHINA—ANOTHER ULTIMATUM PREPARED THAT MEANS ACTION IN TWO DAYS ON THE PART OF THE JAPANESE.

(United Press Leased Wire.)

London, March 10.—England has stepped into the breach to save China from humiliation at the hands of Japan.

Through diplomatic channels the foreign office has conveyed to the Mikado that a war or armed demonstration at this time would be exceedingly unpleasant and displeasing to England.

Though the note is carefully penned, so as not to give the slightest offense to Japan, England's ally, it is believed that it will have the de-

sired effect, and that Japan will be more lenient in her demands.

China Will Delay.

Tokio, March 10.—It is the generally expressed belief here that the Chinese government intends to continue its policy of procrastination; in the belief that the powers will not permit Japan to take any armed steps. It is certain that the foreign minister will not tolerate this. Everything is bustle and bustle aboard the warships of the first squadron. All officers away on furloughs have been recalled, and all shore leaves have been stopped.

The squadron is now off Macao,

This was the first time any body of women has ever held a session in the White House.

President Roosevelt welcomed the delegates, and made a brief address, being followed by speeches by General Francois Joubert-Pienater, of Africa; Judge Lindsay, of Denver, and other distinguished men interested in the question of child labor.

Mrs. Frederick Schoff, of Philadelphia, is president of the congress, which will last a week. Elmer Ellsworth Brown, appointed by President Roosevelt, officially represents the United States. Every state has delegates appointed by a governor.

The main topic to be discussed is "The Welfare of the Child," a subject that the Congress of Mothers has been studying for the past ten years. The congress will also discuss proposed legislation looking to the protection of children. Mrs. Grover Cleveland's name appears on the list of official delegates as New Jersey's representative.

REDUCING PROFITS OF KING ROCKY.

(United Press Leased Wire.)

Seattle, Wash., March 10.—A fight on the prices charged the retail dealers of all kinds of refined oil handled by the Standard Oil Company and the Union Oil Company has reduced the price of gasoline four cents in the last four months, and other refined oils proportionately. The last cut came today when the Standard announced a reduction in the price of gasoline from 17 1/2 to 16 1/2 cents.

Seattle, March 10.—Mrs. Catherine P. Blaine, widow of Rev. David E. Blaine, and one of Seattle's earliest settlers, died yesterday afternoon at her home. With her husband, she landed in Seattle on November 26, 1853.

GRAND ARMY STANDS FOR FLAG.

(United Press Leased Wire.)

North Yakima, Wash., March 10.—At a meeting of the local post of the Grand Army of the Republic yesterday, a resolution was passed pledging the members to prevent any further meeting of Socialist Burgess and his followers and the flaunting of the red flag. The Socialists were driven off the streets Saturday and Sunday with aged eggs.

MOTHERS CONGRESS OPENED

WELFARE OF CHILD

THEME THAT WILL ENGAGE ATTENTION OF BEST WOMEN OF THE WORLD AT WASHINGTON, D. C., FOR A FEW DAYS—CHILD LABOR WILL GET AN AIRING.

(United Press Leased Wire.)

Washington, March 10.—With a brief address by President Roosevelt, who elaborated his views on race suicide and the duties of motherhood, the first international congress of mothers, under the auspices of the National Mothers' Congress was opened today in the White House.

A gathering of distinguished diplomats and representatives of foreign countries attended the inaugural session. Among the delegates are mothers from every state in the Union, and from nearly all the big European cities.

COURTS RELEASE SCHMITZ

BUT NOT HIS BAIL

GREAT GRAFT MAYOR NOW HUSTLING FOR DISCHARGE OF HIS BONDSMEN THE MUSICIAN EXECUTIVE HOPES TO SOON BREATHE THE AIR OF FREEDOM OUTSIDE THE COUNTY BASTILE.

(United Press Leased Wire.)

San Francisco, March 10.—Former Mayor Eugene E. Schmitz expects to leave the county jail today.

Joyous over the decision of the supreme court in upholding the decision of the court of appeals, Schmitz early today got into communication with friends by the telephone.

Even with the extortion cases dismissed, the amount of bail fixed in Schmitz's case remains at \$330,000. But the city's former executive will experience no trouble in finding bondsmen who would be willing to schedule property valued at this amount. He was assured of this in more than one instance today, when influential friends called him up to congratulate him.

"I think I'll breathe the fresh air again today," said Schmitz when asked for an expression concerning the decision. "My friends will be pretty busy today making efforts to have me released. In the meantime I'll say nothing."

Late today Schmitz will appear in Judge Dunne's court, where his attorneys will make a motion for the dismissal of the indictments against him, charging Schmitz with the extortion of money.

King of Norway Is Wanted.

(United Press Leased Wire.)

Christina, Norway, March 10.—In a daring attempt to assassinate King Haakon today, ten rifle shots were fired through a window of the royal palace into a room which was supposed to be occupied by his majesty. The king and the entire royal family are out of the city, and no one was injured by the shots.

The conspirators had disguised themselves as laborers and gained admission to the garden surrounding the palace, from which position they opened fire with sawed-off rifles on what they took to be the royal chamber.

Guards, hearing the shooting, rushed up in time to capture three of the men, on whom they found 50 additional cartridges.

Railroad Traffic Declines.

(United Press Leased Wire.)

Portland, Or., March 10.—J. C. Stubbs, traffic director for the Harriman railroads, is in the city to look over the situation here. He will be here for several days, and most of his time will be spent in consultation with traffic officials of the Harriman lines centered at Portland.

Mr. Stubbs came in his private car after a trip over the Southern Pacific from New Orleans. Although Mr. Stubbs has found business slack all over the country, he is not pessimistic regarding the outcome. He thinks that perhaps the loosened activity in all lines will result in ultimate good.

"Traffic is going off all over the country," said Mr. Stubbs. "All lines feel the conditions keenly and the railroads show the general industrial condition by the amount of traffic they handle."

"There is no denying the fact that people have lost confidence. Money does not come out freely and everyone is cutting down expenses. Merchants report a general falling off in business for the most of November, December and January, while February business shows some improvement, due to the replenishing of the exhausted stocks."
