

ENGLAND SAYS NO ALUM IN FOOD

and strictly prohibits the sale of alum baking powder—

So does France So does Germany

The sale of alum foods has been made illegal in Washington and the District of Columbia, and alum baking powders are everywhere recognized as injurious.

To protect yourself against alum, when ordering baking powder,

Say plainly—

ROYAL BAKING POWDER

and be very sure you get Royal.

Royal is the only Baking Powder made from Royal Grape Cream of Tartar. It adds to the digestibility and wholesomeness of the food.

SALEM BOARD OF TRADE REORGANIZED

Nominating Committee Chosen and Annual Election Provided For In April—Endorses Horse Show

BOARD OF TRADE RE-ORGANIZED

New by-laws were adopted at the regular monthly meeting last night, and following committee elected by ballot: C. L. McNary, Geo. F. Rodgers, Paul Wallace, E. T. Barnes, W. L. Staley. This committee will prepare a ticket to be elected at the first meeting in April.

At the meeting of the Salem Board of Trade a large amount of important business was rushed through.

Besides adopting new by-laws, making a much stronger organization, resolutions were adopted inviting the Booster Club to become consolidated with the Board of Trade, thus making it the strongest commercial organization in the state outside of Portland. President McNary, of the Boosters, accepted the resolutions in good spirit, and said he believed they would be acted upon favorably at the meeting next Monday evening. He thanked the board for the invitation, and said he believed it came in the right spirit, and was intended for the welfare of all the best interests of the city.

Backs the Horse Show.

The Board of Trade went on record as favorable to the big horse show that is to be given at Salem next

month. The board will back the enterprise financially, although the management said they thought ways and means could be devised to make the show self-sustaining.

An invitation was extended to the Salem Board of Trade to send a delegation to Stayton on next Saturday and help out the boosters' meeting there on that date, when the large meeting at the opera house will be addressed by prominent men from Portland and other points in the valley.

A report of a committee was read, showing that the committee had called upon Mr. Ladd, of Portland, held a conference with him as to the disposition of the North Mill creek water power, and gave promise of its early conversion into a substantial industry. The report was dopted and the committee given further time.

O. R. & N. SWELLS COUNTY TREASURY

Harriman Line Squares on Tax Duplicate With Check for \$60,063.99 at Pendleton.

Pendleton, Mar. 12.—That the Harriman system is able to pay its taxes in time to secure the 3 per cent rebate for prompt payment in spite of the financial flurry, was shown at the sheriff's office this morning when a voucher for \$60,063.99 arrived through the mail. The amount was in payment of the company's annual tax for Umatilla county and by making the payment promptly the railroad people saved \$1858.26 through the rebate.

The payment just made by the railroad company is the largest tax-payment ever received at the sheriff's office for the railroad is now assessed at a higher figure than ever before, and there are more school district levies than usual.

Of the \$60,000 paid by the railroad company, \$45,916 was in payment of the state and county tax, while the remaining \$14,084 was in payment of the special tax imposed by 24 school districts of the county and by six municipalities.

The total of the railroad assessment for 1907 is \$7,592,844. Of that amount \$7,318,988 is for 166 miles of railroad and rolling stock at \$44,000 per mile, while the remainder is for the telegraph lines, station grounds and improvements

within the county. The O. R. & N. company has 112 miles of double telegraph line in the county and this is assessed at \$160 per mile, while the 42 miles of single telegraph line maintained is assessed at \$120 per mile.

The prompt payment of the railroad tax this year is in marked contrast with the situation a few years ago, when the company was fighting its assessment and allowed several years' taxes to accumulate.

Chamberlain's Cough Remedy Is Both Agreeable and Effective.

Chamberlain's Cough Remedy has no superior for coughs, colds and croup, and the fact that it is pleasant to take and contains nothing in any way injurious has made it a favorite with mothers. Mr. W. S. Pelham, a merchant of Kirksville, Iowa, says: "For more than 20 years Chamberlain's Cough Remedy has been my leading remedy for all throat troubles. It is especially successful in cases of croup. Children like it and my customers who have used it will not take any other." For sale at Dr. Stone's drug store.

RESCUED ELEVEN JAPANESE

Seattle Cellars and Basements to Be Thoroughly Cleaned Up and Fumigated Against Plague.

(United Press Leased Wire.) Seattle, Wash., March 12.—The revenue cutter Thetis, with 11 Japanese, rescued from Malaspina glacier, Alaska, made port today. The survivors of the wrecked schooner Satsuma Maru are completely recovered while waiting for relief on the icy shores of Yukutat bay. The Satsuma Maru was blown on the foot of the glacier on November 5, and, owing to the terrific surf running, they were unable to send out a party with the news of their predicament. The 11 Japanese will be turned over to the immigration authorities.

Rat Extermination.

Lee McKenzie, the surveyor of the Washington Insurance Association, has a plan for the cleaning up of the basements of all the business buildings, which, he believes, will result in minimizing the danger from both fire and disease, and at the same time serve to promote the work of rat extermination in Seattle. The scheme is to have a thorough investigation of all basements, cellars and areaways. His proposition meets with the approval of Dr. F. S. Bourns, in charge of the work against plague, who has been working along similar lines in localities other than the business section.

'FRISCO WILL BE UNITED

San Francisco, March 12.—A has conventional, etiquette and social caste. San Francisco is out to give Admiral Evans' jacks a good time, and such trivialia as those mentioned will not stand in the way. Hence the grand ball being arranged for Jack, under the auspices of the women of the California Club.

An enlisted man's natty suit of blue will be the only means of entry for those of the male persuasion. For the women there will be a formal invitation. The distribution of these will be for the most part among the fashionable set, and when Jack comes home again it will be to wait with the debutantes and social princesses of the Golden Gate City.

So popular has the scheme become that it has reached the fad stage among the younger set. Luckless indeed will the girl be considered who does not get an invitation. No mere land-lubber will be tolerated on the floor, and bell-bottomed trousers and sailor collars will be the "formal" dress for men for the evening.

STARBUCK SAILOR SUFFERED

New York, March 12.—How he spent 45 days in an open boat, and was snatched from death on several occasions, is the subject of a thrilling story that William Kuhlman, second mate of the American ship Tillie E. Starbuck, is relating today.

Only four of the 78 men who left New York on the Starbuck on April 6 live to tell the awful story of the wrecking of the boat. Kuhlman, who has arrived here, says that when the Starbuck was wrecked in the Antarctic ocean, 29 men were drowned after the lifeboat was smashed, that Captain Williams blew his brains out, the cook was killed on deck and two sailors in the second boat were drowned. Kuhlman declares he will go to sea again, in spite of his thrilling experiences, but before doing so he will visit his parents in California.

Pains in the back and side may come from the kidneys or liver. Lane's Family Medicine, the tonic-laxative, and a great kidney and liver remedy, will give relief.

COAST DEFENCES TO BE PROTECTED

(United Press Leased Wire.) Washington, March 12.—Representative Humphrey has conferred with Admiral Dewey regarding fortifications and the naval situation on the Pacific coast. Mr. Humphrey had already talked the matter over thoroughly with President Roosevelt and Secretary Metcalf. While he could not talk fully regarding today's conference, Mr. Humphrey said: "I believe we have reached a new era on the Pacific in the matter of fortification and naval protection. After my talk with the different authorities, and today with Admiral Dewey, I scarcely believe we shall have further cause for complaint in this line. The navy and war departments and the President seem now to realize fully our condition, and are evidently much concerned over our present defects."

ITALIAN ANARCHIST MAKES PLEA

(United Press Leased Wire.) Denver, Colorado, March 12.—Arguments, brief and to the point, are being heard today in the case of Giuseppe Alia, charged with the murder of Father Leo Heinrichs at the altar of St. Elizabeth's church on February 23. It is probable that the case will go to the jury this afternoon, and that the murderer will know his fate before night.

The defense has been a plain one of insanity, a flat denial being made of the charge that Alia has anarchistic connections.

Alia was found guilty as charged.

STORM OF CATHOLIC PROTESTS

(Continued from page one.) Ities, has greeted the announcement in that city of the action of President Roosevelt and Secretary of State Root in exonerating United States Judge Wilfley, on charges of alleged high-handed methods while on the bench in Shanghai.

According to a cablegram received here by Anthony Maitre, a prominent Catholic, from the Rev. M. Kennelly, of St. Joseph's Roman Catholic church, in Shanghai, the Catholics of Shanghai and other nationalities repudiate Root and Roosevelt, classifying them as "vicious persons."

The cablegram says that the feeling against the American President and his secretary of state is quite bitter. After charges had been filed against Wilfley, the latter came to the United States to offer a defense. He convinced the President that they were groundless, and was exonerated.

The Catholics in Shanghai will renew the petition for Wilfley's removal, and in doing so will appeal to the American Federation of Catholic Societies and archbishop of Manila.

For Russian Freedom.

St. Petersburg, March 12.—The Czar's secret police are treating seriously last week's issuance in New York of the "declaration of independence and establishment of the United States of Russia," for which Ivan Norodny figures as sponsor.

Full particulars of Norodny's announcement have been cabled here, together with his statement that he is a diplomatic agent under authority similar to that by which Benjamin Franklin acted in France. The demand for the Czar's abdication, together with the list of 16 charges of criminality made against him, are not yet at hand, but notification of the "committee's" action is said to have been sent to all European governments.

Neither the "declaration of independence," nor that \$5,000,000 bonds are causing the Russian police any uneasiness, but they are seeking to learn whether Norodny really represents a movement of any proportions. Diplomatic representatives in Washington are likely, probably with a suggestion that the Czar will consider it hardly friendly if the United States permits the open organization within its territory of a formidable conspiracy against his authority.

Boni Is Friendly.

Paris, March 12.—Following the sailing of his former wife, Madame Anna Gosid, for America yesterday, Count Boni De Castellane today issued a written statement declaring that he had freely consented to the taking of his children to America for a visit, and that the recently published report that a forgery charge had been lodged against him, was a maneuver executed by his old enemy, Prince de Sagan, for the purpose of creating sentiment against him. It is believed here that Boni has adopted a new policy, and is seeking to restore friendly relations with his former wife.

RANCHER RUN OVER AND KILLED

(United Press Leased Wire.) Spokane, March 12.—Before the eyes of his wife and son, Otto L. Bullis, a well-known rancher from near Republic, Wash., was knocked down and run over by the big aerial truck of fire station No. 1, at Riverside avenue and Washington street, last night, and died soon after being taken to the hospital.

Mr. and Mrs. Bullis and their son, whom they have been visiting for several days, were on the corner just before the accident occurred. Mr. Bullis, who was deaf, left them and started across the street to mail some postal cards. When half way across the street he was struck by the horses, which were responding to an alarm, and hurled to the pavement.

WICKERSHAN MAY RUN FOR CONGRESS

(United Press Leased Wire.) Juneau, Alaska, March 12.—Openly announced in all parts Alaska that James G. Wickersham former judge of the third judicial district, is a receptive candidate for congress. Friends of Wickersham are active to get delegates coming to the convention. It is believed a fight will develop between Corson, Cale and Wickersham. All three favor home rule, but Wickersham likely will get the support of administration friends.

LOVER IN PEACEFUL COTTAGE

(United Press Leased Wire.) Colville, Wash., March 12.—A report is received here that Andy and his young wife, of Gifford, living peacefully together on homestead near that place. The case where Martin, the father of the girl, interrupted the marriage two weeks ago, by taking with number of his neighbors and other and forcing a separation cause, as he alleged, the girl under age. He afterwards had and John Pitt arrested on a charge of perjury in declaring that the was of age, thereby securing marriage license.

LEOPOLD WILL NOT DIE

(United Press Leased Wire.) Brussels, March 12.—The will cost Belgium \$40,039,000 cash, if it accepts the annexation treaty submitted to it by King Leopold.

Nor will it get unqualified the entire domain. As long as Leopold lives it must continue to derive the revenues he has hitherto deriving. It must respect the concessions he has granted, among the ones to the Thomas F. R. interests. It must reserve hectares of land for the king give him title for life to all French and Belgian properties bought with his Congo revenues. Considerable opposition has opened to these terms, but little point to its ultimate acceptance.

HUSBAND AND WIFE ARE SHOT

(United Press Leased Wire.) Spokane, Wash., March 12.—Mrs. Charles D. Curry was as they lay in bed at 3 o'clock morning, and neither was. Both were asleep when the shot was done, although Curry stated he believes he felt the bed move just prior to the shooting. Infant that was sleeping with was uninjured. A revolver found on the kitchen floor. The rear door was open. Mrs. Curry's shots were fired at the through a kitchen window last ago, and Curry believes the son is responsible for this attempt. He has no idea as to the identity of the would-be murderer.

COUNTY COURT PROCEEDINGS
