

Rich Hair  
ON RATE  
RULINGS

Made by the Oregon Rail-  
road Commission in the Matter of  
Suburban Rates.

hearing of the injunction suit  
by the Portland Railway,  
Power Company against the  
Commission to prevent the  
body proceeding with the en-  
forcement of the 5c rate to Milwau-

Judge Galloway in the circuit

road company placed a  
witnesses on the stand,  
at Milwaukie and Oak  
and proved that the service  
which have been in force  
are satisfactory, but At-  
torney Crawford, R. R. Gil-  
bert, Clyde B. Aitchison, counsel  
for the railroad commission, in cross  
examination, tried to develop the  
fact that one of the witnesses was  
the railroad company, if it  
were to lower its rates, would  
leave the station, which was lo-  
cated on his land; that another one  
paid damages for an injury  
done by his wife, and that the  
exception of Inspector  
Miller, were unqualified to tes-  
tify as to the present rates were  
reasonable. The court room was  
filled during the hearing,  
being present from Milwaukie  
delegation, among the more  
prominent men of whom were: May-  
ham Schindler, Philip Streib,  
secretary of the council; Hermann  
Keller, secretary of the Citizens'  
Fruit Commission; Jas.  
Sala Plater, president of the  
Fruit Improvement Association,

but witness to be called by  
attorney's attorney, Frank T.  
Wesley, W. P. Mulvey, their traf-  
fic. When first brought to the  
stand, they identified a map of  
Milwaukie and Oak  
which was introduced in  
the case.

Bill was the second witness  
and his testimony was only to  
show that the rates seemed to be  
reasonable in comparison with  
those he had been, principal-  
ly in Los Angeles and San Francisco.  
He also testified that the witness  
was not about the coast.

Hart testified that he did not  
know it was an unreasonable  
rate from his home at Milwaukie  
to Gough Junction, a dis-  
tance of two miles.

At the resumption of  
the hearing at 9 o'clock this morn-  
ing, many witnesses in-  
terviewed the audience. Pres-  
ident J. J. Fuller, general manager  
of the Portland Railway, Light &  
Power Company, has been present  
in the entire case.

**ELECTRIC EMPLOYEE  
HAS NARROW ESCAPE.**  
Roy Collins, an employe of the  
Oregon Electric Company, at the  
Waconda sub-station, narrowly  
escaped electrocution Thursday after-  
noon, by coming in contact with a live  
wire carrying 31,000 volts, while  
sweeping.  
He was found unconscious by an-  
other employe, his hand still grasp-  
ing the deadly wire. The wire was  
pushed away from his hand, and Dr.  
Smith, of this city, telephoned for  
him. When the physician arrived, shortly  
after 2 o'clock, Collins was still un-  
conscious, but was quickly revived  
and sent to a hospital in Portland.  
It is expected his experience will not  
prove fatal.

**Have You Piles?**  
Dr. Leonhardt's Hem-Roid is an  
internal Remedy that entirely re-  
moves the cause of Piles, and cures  
to stay cured any case no matter  
how long standing.  
If you have Piles and Dr. Leon-  
hardt's Hem-Roid will not cure you,  
you get your money back.  
A thousand dollar guarantee goes  
with every bottle of Hem-Roid sold.  
If you want a perfect and per-  
manent cure, ask for Dr. Leonhardt's  
Hem-Roid, the guaranteed Remedy.  
All druggists, \$1.00, or Dr. Leon-  
hardt Co., Niagara Falls, N. Y., Pro-  
prieters. Sold by Dr. S. C. Stone,  
Salem.

Walter K. Taylor is to be manager  
of the Corvallis cannery. The direc-  
tors are Pim Avery, John Ingle, W.  
F. Hamlin, and Clum Reed are the  
other directors, with S. L. Kline, sec-  
retary and treasurer.

**Good for Everybody.**  
Mr. Norman R. Coulter, a promi-  
nent architect, in the Delbert build-  
ing, San Francisco, says: "I fully  
endorse all that has been said of  
Electric Bitters as a tonic medicine.  
It is good for everybody. It corrects  
stomach, liver and kidney disorders  
in a prompt and efficient manner  
and builds up the system." Electric  
Bitters is the best spring medicine  
ever sold over a druggist's counter;  
as a blood purifier it is unequalled;  
50c at J. C. Perry's drug store.

The Eugene Commercial club will  
take a census of that town.

**A Neighbor of Yours**  
as well as yourself is liable at any  
time to have rheumatism. We're all  
liable to have cuts or burns, bruises  
or scalds, erick in the back, neck or  
side—some kind of an ache or pain.  
Then heed this advice and tell your  
neighbors—Ballard's Snow Liniment  
relieves all aches and pains, and  
heals all wounds. Sold by all deal-  
ers.

In the comedy drama, "Coming  
Thro' the Rye" there is a ballet of  
beautiful Hungarian girls, almost  
none of whom can speak any but  
their native language. The dramatic  
critic regrets that he can speak only  
the English language and cannot in-  
terview them. Hungary has pro-  
duced some of the world's greatest  
dancers, and we feel sure their dan-  
cing in that language will be very  
much appreciated.

Get DeWitt's Carbolized Witch  
Hazel Salve—it is good for piles.  
Sold by all druggists.

The ballet "Black Crook" has held  
the stage for 40 years, and for a  
tangled mess of legs and arms all set  
to music, it surpasses all things white  
and black in that line of art. When  
we were younger it was a very be-  
wildering performance, but years  
have steadied our nerves and we  
have got so that we can gaze upon  
almost anything unabashed.

**Funeral.**  
The funeral of Mrs. Penton who  
died at her home, 1494 Leslie street,  
Tuesday afternoon after a long ill-  
ness, was held yesterday from her  
late residence.  
Mrs. Penton was born February  
24, 1829, in Illinois and at the time  
of her death she was 79 years, 1  
month and 13 days old.  
There survive her two sons and  
three grand daughters. The de-  
ceased also leaves a large circle of  
friends, who will sincerely mourn  
her loss.

**No Use to Die.**  
"I have found out that there is  
no use to die of lung trouble as long  
as you can get Dr. King's New Dis-  
covery," says Mrs. J. P. White, of  
Rushhor, Pa. "I would not be  
alive today only for that wonderful  
medicine. It loosens up a cough  
quicker than anything else, and  
cures lung disease even after the  
case is pronounced hopeless." This  
most reliable remedy for coughs and  
colds, lagrippe, asthma, bronchitis  
and hoarseness, is sold under guar-  
antee at J. C. Perry's drug store; 50c  
and \$1.00. Trial bottle free.

The Roseburg Commercial club  
has officers as follows: Dexter Rice,  
present; B. L. Eddy, vice-president;  
W. H. Richardson, treasurer; J. D.  
Zurcher, secretary; F. E. Alley, C.

**Rheumatic Pains Relieved.**  
B. F. Crocker, Esq., now 84 years  
of age, and for 20 years justice of  
the peace at Martinsburg, Iowa,  
says: "I am terribly afflicted with  
sciatic rheumatism in my left arm  
and right hip. I have used three  
bottles of Chamberlain's Pain Balm  
and it did me lots of good." For sale  
at Dr. Stone's drug store.

**SALEM CHILDREN  
HAVE FIRE DRILLS.**  
The investigation made by the com-  
mittee appointed by the school board  
yesterday makes the gratifying re-  
port that the pupils and teachers in  
all the schools are well-drilled for a  
fire emergency. The result of the  
committee stealthily entering the  
East School unbeknown to either  
teachers or pupils and burning in a  
fire call will serve to show the dis-  
cipline of the school department.  
There are 500 pupils in this school,  
and within 45 seconds after the  
alarm was sounded not one remained  
in the building. Similar tests were  
made at the Lincoln and Park  
schools, the former being empty in 45  
seconds and the latter in 62.  
The committee, which consisted  
of A. A. Lee, W. P. Babcock and Dr.  
H. C. Epley, expressed themselves as  
well pleased with conditions.

a central committee meeting Satur-  
day and Governor Chamberlain pre-  
sents a regimental flag at Eugene  
the same day.

**DEATH RATE VERY LOW**  
Remarkable Showing by the Oregon  
Board of Health.  
Oregon's death rate during 1907  
was approximately 9 in every 1000  
inhabitants, according to Dr. R. G.  
Yenney, secretary of the state board  
of health, in his annual report, re-  
cently compiled. This low rate is  
looked upon as a remarkable show-  
ing, and it is believed that it is not  
excelled by any other state in the  
union.  
To a certain extent the figures in  
his report are incomplete, for the  
reason that a number of the coun-  
ties send no report of their vital sta-  
tistics to the state board of health.  
As a basis for his figures he has  
taken the carefully prepared statis-  
tics of 14 of the most populous coun-  
ties of the state from which regular  
monthly health reports are received,  
and in which the death rate would  
naturally be larger than in less den-  
sely populated counties.  
He severely criticises the officials  
of the counties which fail to compile  
health statistics, on the ground that  
it is part of their duty for which they  
are paid by the public to keep rec-  
ords of all deaths and births, in or-  
der that the health authorities may  
know what the death and birth rates  
are in each community, and con-  
clude what precautions may be taken  
to reduce the death rate, if possible.  
"It is high time," continues the  
report, "that the county officials at-  
tend to their duties regarding the  
health of the people, and observe the  
laws regarding the same with as  
much zeal as they enforce any other  
of their laws."  
The state has been unusually free  
of infectious diseases during the  
past year.  
The only contagion was in Grant  
county, where they had 121 cases of  
smallpox, due largely to the county  
improperly handling the situation.  
Altogether there were 317 cases of  
this disease in the state. He said  
that this was the most easily con-  
trolled contagious disease and that  
through vaccination and quarantine  
it may be eliminated. He classes  
the failure of the Grant county offi-  
cials in preventing the disease to  
spread as gross negligence.  
One of every ten deaths in the  
state was due to tuberculosis, a to-  
tal of 445. Of the 558 cases of ty-  
phoid fever reported, 103 deaths re-  
sulted. There were 572 cases of  
diphtheria, with 62 deaths; 403 cases  
of scarlet fever with 13 deaths, and  
1313 cases of measles with 26  
deaths.

**Do Not Crowd the Season.**  
The first warm days of spring  
bring with them a desire to get out  
and enjoy the exhilarating air and  
sun shine. Children that have been  
housed up all winter are brought  
out and you wonder where they all  
came from. The heavy winter cloth-  
ing is thrown aside and many shed  
their fannels. Then a cold wave  
comes and people say that grip is  
epidemic. Colds at this season are  
even more dangerous than in mid-  
winter, as there is much more dan-  
ger of pneumonia. Take Chamber-  
lain's Cough Remedy, however, and  
you will have nothing to fear. It al-  
ways cures, and we have never  
known a cold to result in pneumonia  
when it was used. It is pleasant  
and safe to take. Children like it.  
For sale at Dr. Stone's drug store.

# Get rid of the Lard Habit

Cottolene makes pies and pastry digestible; it makes crisp, flaky pie-crust—the kind that will melt in your mouth rather than stick in the pit of your stomach.

There is no getting away from the fact that lard is the fat of the hog. There was a time in the olden days when lard was made from a particular part of the hog, the selected part—it was called the "leaf"—that is, the peritoneum; but, with the growth of the industry, lard is now thrown on the market made from fat from all portions of the hog, and lard, today, is not as good as the lard of years ago—in fact it is even more indigestible and more unhealthy.

Cottolene is a cleanly, vegetable product made from pure, refined cotton seed oil. It makes food palatable, digestible and healthful.

Cottolene is the purest and best shortening. It is not a substitute for lard, but an improvement upon lard or any other shortening. When you accept a substitute for Cottolene you are not getting your money's worth. Cottolene is preferable in more ways than one—in purity, results and healthfulness.
