

AMERICAN OFFICERS OF HIGH RANK AND OTHERS ENDORSE PE-RU-NA

Prominent People Recommend the Remedy Pe-ru-na.

Dr. Hartman's World Renowned Catarrh Medicine.

A Remedy for the Grip.
Gen. W. H. Parsons, 925 H St., N. W., Washington, D. C., writes as follows:
"Upon the recommendation of personal friends and many strong testimonials to the efficacy of Peruna in the treatment of the numerous symptoms of the grip with which I have been affected for four months past, I have been induced to undergo a treatment of this justly celebrated formula.
"I feel a decided change for the better by its use for one week only, especially in toning up the stomach, and a consequent decided effect upon my appetite.
"I therefore feel much encouraged that I am on the road to complete restoration.
"My numerous friends in Texas, where I have had the honor to command a brigade of her veteran cavalry in a four-year war, may accept this voluntary testimonial to the merit of Peruna from a sense of obligation for its wonderful efficacy."

Pe-ru-na a Good Tonic.
Gen. M. C. Butler, of South Carolina, writes from Washington, D. C., as follows:
"I can recommend Peruna for dyspepsia and stomach trouble.
"I have been using your medicine for a short period and I feel very much relieved.
"It is indeed a wonderful medicine, and besides a good tonic."

Colds in the Head and Throat.
Chas. W. Bowman, 1st Lieut. and Adj. 4th M. S. M. Cav. Vol., writes from Latham, Md., as follows:
"Though somewhat averse to patent medicines, and still more averse to becoming a professional affidavit man, it seems only a plain duty in the present instance to add my experience to the columns already written concerning the curative powers of Peruna.
"I have been particularly benefited by its use for colds in the head and throat.
"I have been able to fully cure myself of a most severe attack in forty-eight hours by its use according to directions.
"I use it as a preventive whenever threatened with an attack.
"Members of my family also use it for like ailments.
"We are recommending it to our friends."

GEN'L KIRBY

Recommends Pe-ru-na to the Afflicted.

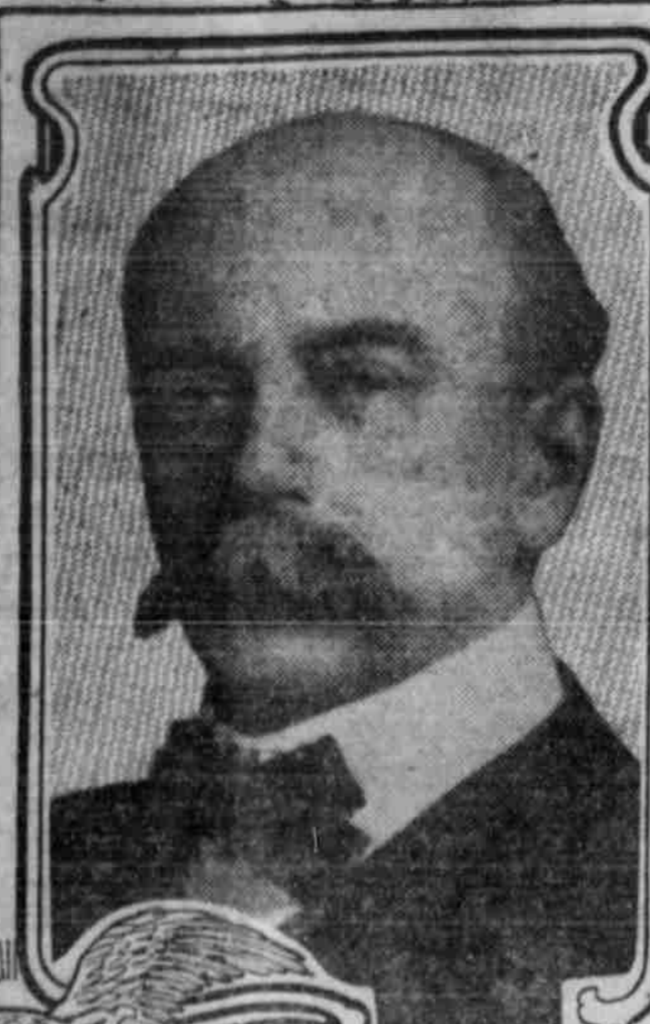

Brig. Gen. D. T. Kirby, Washington, D. C., writes concerning Peruna, as follows:
"Friends of mine having used your Peruna catarrh cure with good results, I am impressed with its curative qualities, and can recommend it to those who are afflicted."

Pe-ru-na in Tablet Form.

Some people prefer to take tablets, rather than to take medicine in a fluid form. Such people can obtain Peruna tablets, which represent the medicinal ingredients of Peruna. Each tablet is equivalent to one average dose of Peruna.

For Catarrh of the Stomach.

Gen. W. W. Dunfield, Washington, D. C., writes:
"I have used Peruna in my family and have found it a valuable medicine and take pleasure in recommending it to all who suffer from catarrh of the stomach or who require a tonic of prompt efficacy."

Gen. A.M. Legg.

DEAFNESS CAUSED BY CATARRH—RELIEVED BY PE-RU-NA.

Gen. A. M. Legg, writes from the Savings Bank Building, Washington, D. C., as follows:

"I take pleasure in endorsing the many recommendations I have heard and read of Peruna, because of having had knowledge of the truth of so many of them.
"We always tell our sick and ailing friends of the remedies that we have learned, from experience, were good for us when ailing in the same way, and we do it as a duty we feel that we owe them.
"Why is it any the less our duty to advise all the people we can when we know of a good and comparatively inexpensive remedy that makes many cures, and benefits in almost all cases?
"My own little personal experience of being relieved of deafness, caused by a stage of catarrh, warrants me in advising all the afflicted to just try Peruna."

GEN'L YODER

Used Pe-ru-na—Satisfied As to Its Merits—Recommends it to All Sufferers.

Gen. S. S. Yoder, 233 Md. Ave., N. E., Washington, D. C., writes:

"I desire to say that I have found Peruna to be a wonderful remedy. I only used it for a short time and am thoroughly satisfied as to its merits. I shall gladly recommend it to all sufferers."

For Kidney Trouble, Coughs, Colds and Catarrh.

Gen. A. T. Hawley, 1335 25th St., N. W., Washington, D. C., writes:
"I have used Peruna and find it very beneficial for kidney trouble, and especially good for coughs, colds and catarrhal trouble."

Convinced of Pe-ru-na's Merit.

Brig. Gen. J. Floyd King, Washington, D. C., writes:
"I unhesitatingly state that I am convinced Peruna is a medicine which will effect all that is claimed for its use."
Those desirous of obtaining special directions with regard to the use of Peruna should write to Dr. S. B. Hartman, President of the Hartman Sanitarium, Columbus, Ohio.

When Other Remedies Failed Peruna Proved Efficacious.

Hon. Geo. W. Honey, National Captain U. V. U., Ex-Chaplain 4th Wisconsin Cavalry, Ex-Treas. State of Wisconsin and Ex-Q. Master General State of Texas, G. A. R., writes from 1700 street, N. E., Washington, D. C., as follows:
"I cannot too highly recommend the preparation for the relief of catarrhal troubles in their various forms.
"Some members of my own family have used it with most gratifying results.
"When other remedies failed, Peruna proved most efficacious and I cheerfully certify to its curative excellence."

Pe-ru-na, a Standard Treatment for Catarrhal Diseases.

Mr. John C. Nelson, Dayton, Ohio, geologist and mining engineer, was Captain in the Federal Army during the Civil War, contracted a case of catarrh. This malady was constant, persistent, inducing the development of other ailments, which also became chronic. After taking a course of Peruna, Capt. Nelson writes:
"Having been painfully afflicted with chronic rheumatism and the active complications for many years after having received many general and special treatments with only temporary relief, I read your treatise on catarrhal diseases.
"At my request you prescribed a course of the Peruna remedy, which was closely followed, and a happy report that my rheumatism and associated ailments are subdued, and I am young again at the age of 59."
"Reason will accept your classification of catarrhal diseases as scientific truth, and the Peruna remedy as standard treatment for them. I am heartily for your skilled and careful advice."

Enjoys Renewed Health and Strength.

James J. Osborn, 623 Washburn, Colorado Springs, Colo., has held the positions in Knight Templar Masonic Order, was a Mason 1866, Judge of County Court, Colo., and also County Collector, Clinton. He writes:
"A sluggish liver which I had troubled with for two years made my business half the time. I had no energy, had headache most of the time, and my food distressed me and seemed to do me a particle of good."
"Reading of the many cures effected by Peruna, I decided to try a bottle. Before I had taken many I felt better.
"I took it as directed for two weeks when I was a well man."

COUNTIES USING BOOZE

Continues Shipments From the Wet to the Dry Territory That Cannot Be Stopped by the Crazyquilt System.

The people of Linn county have had their courts swamped with litigation for two years, ever since that county went dry. The entire present term of court has been taken up with local option liquor cases. Local option counties take enormous quantities of liquor from the counties that are wet. Two firms at Salem do a large business making shipments to Linn, Lane, Benton and Lincoln counties, all of which have heavy costs for liquor prosecutions. Local option causes only strife and turmoil.

The Albany Herald has just printed the following from the New York Morning Telegraph:

It is the fashion of the day to be hysterical, to rush into reform, to correct the abuse of any business by destroying the business itself. Every so often some corner of the world suffers from a movement to abolish all alcoholic beverages. Just now this country is passing through the periodic reform against liquor.

The policy of the Morning Telegraph is always liberal and sensible. The indiscriminate and bitter fight on all forms of the use of alcohol is foolish in the extreme. It aims at the correction of abuses by destroying great industries and depriving a considerable body of our people of employment.

The great army which lives by the brewing and allied industries is entitled to quite as much consideration as those who suffer from the misuse of alcohol and its side should be given a fair hearing.

In line with its policy of fair play the Morning Telegraph publishes the following interview with Mr. Hugh F. Fox, the new secretary of the United States Brewing Association:
Victims Attacks of Reformers.
Mr. Fox opened the interview with the statement that the Brewers' association was forced into the fight against the prohibition movement by the vicious attacks of the reformers.

"The ultimate aim of the anti-alcohol league," said Mr. Fox, "is national prohibition. The ultimate result would not only be the destruction of one of the greatest industries of the country—to take away the means of making a living from 100,000 labor-industry which supports so many allied trades and business

as the liquor traffic. The dealers in malt, hops, barley, rye and corn, which are used by the breweries and distillers, distribute every year \$250,000,000, most of which goes to the farmers. Hundreds of millions are invested in the manufacture of special machinery and appliances which brewers use; three-fourths of the manufactured tobacco is sold through the liquor trade more than half the soda water and aerated drinks are sold through the saloons; 5000 hotels are dependent on their bars for profits, and would be forced out of business if the sale of liquor were prohibited; 25,000 traveling salesmen are employed in selling liquors and allied lines; the makers of glassware sell half their product to the liquor trade, and these are only a few of the industries that would suffer from prohibition.

Prohibition a Failure.
"So far prohibition has failed to reduce alcoholic consumption. The official statistics show that the revenue received from beer and spirits during 1906 was \$199,075,913, and in 1907 was \$215,904,729. The National Prohibitionist of Chicago, in commenting on this statement, says that the present-day crusade is no cure for the drink evil; that it does not even approach a cure. In a third of the union so-called prohibition exists. In strict fact, no part of the country knows real prohibition.

"The president of the Liquor Dealers' association, in the last report, showed a great increase in the whiskey business. Whiskey and its substitutes, known as 'stomach bitters,' are the common alcoholic drinks of prohibition communities, the effect of prohibition has been to reduce the importation of beer, the least harmful drink from the prohibitionists' point of view, and increase the importation of stronger, spirituous drinks. There is no more poor grade sold.

"Our investigation also shows an amazing increase in the use of opium, cocaine and similar drugs. Reports are reaching us of general excitement in communities where prohibition and non-license laws have gone into effect.

Career of Mr. Fox.
"Mr. Fox is a hat merchant and his business extends throughout the United States and the Dominion of Canada. He was born and educated in England, his father being vicar of Horsley. In addition to his many business interests Mr. Fox is engaged in a number of charitable works. He is the editor of the New Jersey Review of Charities and Corrections, published by the New Jersey State Charities Aid and Prison Reform Association. He is president of the New Jersey state board of Children's Guardians, a member of the executive committee of the Immigration section of the National Civic Federation. He is prominently identified with many other movements for the promotion of social

affairs. He has held a number of offices in the national conferences of charities and corrections, and is a member of the National Prison association, the Academy of Political and Social Science and the National Economic league, and he has taken an active interest in the promotion of undertakings for the prevention and relief of tuberculosis.

Mr. Fox is also widely known as an advocate of measures to restrict and regulate child labor. For many years he has been a powerful force in shaping legislation in New Jersey for the betterment of the dependent, defective and delinquent classes.

The new secretary of the United States Brewers' association is a man of extensive knowledge and great experience. He is capable and sincere and he believes in his cause. The prohibition agitators will find in him a vigorous and determined adversary, a man not afraid of them because they hide behind a self-imposed "morality."

[Only by a constitutional amendment applying to the whole state, and federal laws excluding liquor shipments and sales by druggists, can the traffic be stopped.]

Get DeWitt's Carbolic Witch Hazel Salve—it is good for piles Sold by all druggists.

New Notaries.
J. T. Simpson, Sheridan; Geo. E. Martin, McMinnville; Jay A. Fox, Pendleton; J. F. Minnow, Vida; T. D. Tweedy, Hood River; Chas. F. Chaten, Sumpter; Platt T. Randall, Burns; James L. Conley, C. W. Garland, W. S. Marcum, Chas. S. Gaylord, Portland; F. L. Wood, Salem.

Kennedy's Laxative Cough Syrup acts gently yet promptly on the bowels and allays inflammation at the same time. It is pleasant to take. Sold by all druggists.

OREGON ELECTRIC RAILWAY COMPANY NEW FAST LIMITED SERVICE.

SALEM MAY HAVE LEAGUE BASEBALL.

Salem baseball enthusiasts have succeeded in having this city entered in the Tri-City league, and as a result some good games can be expected to be seen here during the coming season. Several local sporting men interested in the game attended a meeting of the Tri-City clubs at Portland Monday night, and secured the admission of this city into the league. Games have been set to be played here on Memorial Day and July 4.

A meeting was held last night in Watt Ship's store, and plans perfected for a canvass of the business men to raise from \$1200 to \$1500 to secure a park near one of the railroads.

FOREIGN CABLES

BY LEASED
Evening papers at Moscow have been ordered to Japan.
Premier Campbell-Bannan Great Britain is very low in the scale.
Lieutenant-General Smith St. Petersburg, was fatally wounded today in a duel with General Fock.
