SALEM HORSE SHOW WILL BE BIG SUCCESS

Splendid Parade Is Sure to Take Place on the Paved Part of Court Street

A monster parade will be held on horse show day, and Salem will be crowded with visitors from the rural districts. The entry applications so far received show positively that this will be the finest exhibition of horse flesh ever seen in the Willamette valley, and the parade will be the sight of a lifetime. Rosa Bonheur's masterpiece would have been even more of a work of art could she have had in mind the magnificent animals which will be on display in Oregon's capital city on Saturday, April 4.

Many requests for entry blanks, premium lists and small space have been received from the foremost horsemen of the Pacific Coast. A few of those intending to enter are given herewith:

J. L. Edison, of Silverton, who will exhibit several head of standard bred equines.
Thos. Trice, Macleay, two head, W. W. Percival, of Independence, five or six thoroughbreds.
Messrs. Fells & Trask, of Stayton a valuable stallion just brought to this country.
E. L. Martin, of Silverton will exhibit "Moco," the valuable sweep-stake winner in the stallion class at the recent Portland horse show.
P. L. Kennedy, of Woodburn, three Shire stallions.

H. C. Constance, of Independence will show a number of Percherons, Boedingheimen & Yankko, of Salem, several high class animals.

Frank Talkington, of Salem, will exhibit "Mike Duff," 2:19 standard bred trotter.

Sim Lindsey, of the Lindsey training stables, at the fair grounds, will show a number of speedy horses.

Dr. F. E. Rogers will exhibit "Major Weltzel," a standard bred stallion.

Sam Casto will have a good representation in the show.

Perry Mauzey will not forget the date.

And there are many others already listed, but space forbids their mention.

As the show will occur just before the opening of the breeding season, the horsemen can find no better time for a comparison of the merits of the various breeds, and "taking points" of the individual animal of any breed.

BOOSTING SUCCESSFUL FOR SALEM

More Houses Going Up Than Ever Before at this Season of Year.

The united boosting on the part of Salemites is beginning to show with mighty encouraging results. The circulars being sent out by the Board of Trade and the boosting about in general going out from this city is steadily increasing the stream of home-seekers from all directions. The following visitors have registered at the Board of Trade rooms, and were supplied with much literature and information regarding the resources in and about this city: Fred Simmons, Kansas; Mrs. W. H. Summers, Liberty, Kansas; O. F. Bentler, W. G. Bentler, Wm. Lang, and Robert A. Lang, all from Macleay, and Geo. W. Tripp, LaPorte, Iowa.

In addition to those who have registered at the Board of Trade, there are many who come here, and, in company with their friends, visit farming lands with a view to taking up their homes. The following visitors are registered at the hotels in this city: O. P. Amaure, Sydney, Ohio; W. H. Cochran, Payette, Idaho; Otto Shartz, Goldendale, Washington; J. C. Voorhies, Idaho; E. F. Merritt, Green River, Utah; H. Hall, Fort Madison, Iowa; Leonard D. Livermore, Grass Valley, Cal.; Bert McPherson, Hereford, South Dakota; R. L. Ross, Redding, Cal.; and A. Gosselin, Moscow, Idaho. The majority of these are those in search of farming lands, and have been brought to this part of the country by the mighty shout of the boosters. Let the good work be kept up.

MISERABLE PRINCE EXPELLED FROM GERMANY

(United Press Leased Wire.)
Merlin, March 18.—Prince Ludwig Menelik, a near relative of Emperor Menelik, of Abyssinia, has been expelled from Germany as an "undesirable."

The prince was expelled from Saxony some time ago. Charges of drunkenness and disorderly conduct have been preferred against him in several cities. For some time he has been trying to organize companies to develop Abyssinian mines, rubber and cotton plantations.

JURY AWARDS DOYLE \$45,000 DAMAGE MONEY

Fixes Value of Man's Legs Which Were Cut Off by Southern Pacific Locomotive.

The jury in the case of M. J. Doyle vs the Southern Pacific company in which the plaintiff sued for \$100,000 damages for the loss of both legs which were cut off by being run over by one of the company's locomotives at Divide a year ago, returned a verdict for the plaintiff, awarding him the sum of \$45,000. The case went to the jury shortly before 6 o'clock and over six hours were spent arguing over the amount to be awarded the plaintiff. It is said that some of the jurymen wanted to give him almost the full amount asked for, while others wanted to cut it down to a lower figure that at last agreed upon.

The trial has been long, beginning last Thursday morning. A greater part of the day was occupied in securing a jury and the testimony was long and tedious. A number of Greeks who were working under Doyle at the time of the accident testified and their testimony had to be repeated by an interpreter, thereby taking up more time than the testimony given by others. Both sides were represented by some of the ablest attorneys in the state. The railroad company had W. D. Fenton, R. A. Letter, well-known corporation attorneys of Portland, and J. M. Pipes, the company's local counsel, while Doyle was represented by Judge A. S. Bennett and Attorney Sinnott of The Dalles, and A. C. Woodcock of Eugene. Judge Bennett is said to be one of the best attorneys in a case of this kind on the coast and it is probably due to his splendid argument before the jury that the plaintiff was awarded as much as he was. The case will probably be appealed to the supreme court by the railroad company. The defendant was given 20 days to file a motion for a new trial.

The jury in the case was as follows: P. D. Newell, Clarence Koon, H. B. Dunlap, E. W. Michael, Palmer Ayers, R. Y. Porter, L. B. Rosman, P. J. Bolan, J. N. Cole, J. M. Gearhardt, Rufus Robertson.

Crime of a Degenerate.

(United Press Leased Wire.)
Pacific Grove, Cal., March 18.—Evidence is accumulating against Herbert L. Smith, arrested in connection with the murder of Mrs. Frank Sego last Wednesday, according to the police, who also say they found counterfeiters tools in his home. The police say Smith impresses them as being a degenerate, and that his explanation of his movements on the night Mrs. Sego was murdered are damaging to his chances of release.

Further inspection of the Smith home revealed two shirts, which, although they had been washed, still bore evidence of blood stains. The police also found a surgeon's scalpel, which corresponded in size to the wounds found on Mrs. Sego's neck.

Mrs. Smith, who was with her son when he was arrested, says she will not shield him, in so far as the counterfeiters' tools are concerned, but it is not known what she said about the movements of her son on the night Mrs. Sego was murdered. The police claim to have information that Smith is the same man who insulted several women on the beach here on that day. The further the authorities probe the more they are convinced that they have the right man in custody. Mrs. Sego was the wife of a wealthy wine merchant.

YOUNG CALIFORNIAN WHO RAN AMUCK.

(United Press Leased Wire.)
Chicago, March 18.—Doctors at St. Bernard's hospital stated this afternoon that the condition of Don R. Starr, the young Californian, who ran amuck with a revolver last night is exceedingly grave, and no hope is held out for his recovery. James L. Marlin and Miss Edith Retzel, victims of Starr's gun, will probably recover.

Starr flew into a rage on an "L" station platform last night over some trivial incident, and when remonstrated with killed Special Officer Edward Heffernan and accidentally shot Marlin and Miss Retzel. He then turned the gun on himself. Nothing has been learned of his identity, other than that he came here recently from California.

Forged Insurance Policy.

Los Angeles, Cal., March 18.—Chief of Police Adams, of Cohoes, N. Y., arrived in this city today to take back to that city Ira Ballif, charged with forgery. Ballif, who was agent for the Prudential Life Insurance Company at Cohoes, is alleged to have forged the name of a policy holder, and to have collected \$7000 on the policy, after having also forged a notary public's name to the death certificate.

Sold by all dealers.

RURAL MAIL CARRIERS

By an order secured through Washington, the Salem rural carriers are ordered to leave the city an hour later, 8:45 instead of 7:45, to accommodate the Oregonian, which now arrives in the city at 8 a. m. over the Oregon Electric. This makes the men an hour later getting into the city at night, and as they are already overworked they do not relish the change, while his for the purpose of building up the Oregonian circulation in the country districts, where it has been weak. It is clearly an injustice to the carriers in the interest of a newspaper monopoly.
