JAPAN FIGHTING FOR COREA
ON AMERICAN LINE
DOING FOR THE HERMIT NA-
TION WHAT OUR COUNTRY IS
TRYING TO DO FOR THE PHIL-
IPPINES — 'FRISCO PRIZES
FREEDOM OF THE PRESS
ABOVE ALL THINGS ELSE.
(United Press Leased Wire.)
San Francisco, March 21.—"The
Japanese are doing for the Koreans
what the Americans are doing for
the Philippines, and the Koreans are
being benefitted by this protection,"
declared D. W. Stevens, diplomatic
adviser to the Korean council of
state, who has arrived here on a
leave of absence.
No man is more familiar with con-
ditions in Korea and Japan than Mr.
Stevens, who has held his present
position since 1904, and for years be-
fore that served as secretary of the
American legation at Tokio, and was
later attached to the Japanese legation
at Washington.
"Before the war the Korean gov-
ernment was spending 3,000,000 yen
annually on a standing army and
60,000 yen on public education,"
said the diplomat. "This will give
you some idea of Korea's condition
before hostilities between Japan and
Russia were declared. The peas-
antry was ground down until nothing
but a bare existence was left
from their labor, and the official
class was corrupt. The peasants
have welcomed the Japanese, while
the official class has not."

PLUNGED INTO A CANYON
THREE MEN KILLED
ENGINEER LOST HIS BRAKES
AND THE LOCOMOTIVE RAN
WILD DOWN A MOUNTAIN SIDE
—SNOW DRIFT SAVES THREE
LIVES—CHILD LOSES ITS LIFE
ON RAILROAD TRACKS.
(United Press Leased Wire.)
Salt Lake, Utah, March 21.—
Plunging down a grade at lightning
speed, carrying three men to death,
and injuring as many more, a run-
away engine today overturned, and,
toppling into a canyon, buried the
crew beneath it.
Three men were killed outright,
and three others experienced a thrill-
ing escape from death.
The dead:
J. A. Gordon, engineer.
Charles Madden, conductor.
J. Joyce, fireman.
The engine had just passed the top
of a grade on the Bingham branch
of the Denver & Rio Grande, when
the engineer discovered that his
brakes had gone wrong. The engine
was gaining speed at every bound,
and was soon running so fast that to
leap would mean certain death. The
six men remained in the cab, hoping
that the engine would remain on the
track until a level stretch was
reached. But instead it struck a
snow bank and toppled over. The
three men, who were injured, owe
their escape to being thrown in the
snow drift, and not going over into
the canyon.

SENATOR'S DAUGHTER GETS DAGO
COUSIN OF A KING
SAID TO HAVE TWO MILLIONS
OF A FORTUNE—WILL BE
FIRST OF HIS CLASS WHO HAS
ANYTHING TANGIBLE BESIDES
AN UNPRONOUNCEABLE COG-
NOMEN.
(United Press Leased Wire.)
New York, March 21.—Duc D'Ab-
ruzzi sailed on the Lusitania today—
alone. Miss Katharine Elkins did not
accompany him as his bride, but,
from his smile and general bearing,
it was evident that the young noble-
man was anything but down-hearted.
While no announcement of the en-
gagement has been made by the fam-
ily of Senator Elkins, it is under-
stood that the entire matter has been
arranged on this side of the water,
and that the due is sailing today for
a conference with his royal cousin,
the king of Italy, which is expected
to remove the last straw in the young
couple's path.
Under the persuasion of the moth-
er, Victor Emmanuel is said to have
virtually withdrawn his last objec-
tion. The conference between the
cousins is expected to be forwarded
by a cablegram to the Elkins family,
which will release the wedding an-
nouncement.
Duc D'Abruzzi arrived on board
the Lusitania at 7 o'clock this morn-
ing, expecting to elude the reporters,
but they were lined up 20 strong to
meet him, and he smiled good-nat-
uredly when he saw he had been
foiled.
"All I can say to you, gentlemen,"
he declared, "is that everything is
all right with me and mine. I am
very happy and will be back in
America soon. Don't believe Wash-
ington reporters."

\$40,000 IN FORTY SUMMERS
MINER'S BIG LUCK
BANK ROBBERS ARE BROUGHT
TO TAW—COAST STEAMERS
ARE TO RACE FOR A \$5000
BET—MEDICAL PRACTICE IN
ALASKA TO BE REGULATED
BY AN ACT OF CONGRESS.
Victoria, B. C., March 21.—Forty
thousand dollars worth of coarse
gold nuggets is the result of six
weeks' industrious panning by Tim-
othy Fox, an old prospector, on an
affluent of the Upper Finlay. The
news of the discovery of this rich
placer field will start one of the most
sensational rushes in the history of
British Columbia, as soon as the win-
ter breaks and the country opens up.
Indian friends directed Fox to this
rich find. It is his first rich find in
40 years of steady prospecting in the
Northwest and Alaska. He did not
reach the field until late last fall,
but, in spite of the weather, managed
to get six weeks' panning in before
he was driven out by the snow. The
net result of the six weeks' work was
2700 ounces of gold dust and nug-
gets.
Nevada Embezzlement.
Carson, Nev., March 21.—Accused
of charges of embezzlement out of
the failure of the State Bank &
Trust Company, four directors of the
institution, J. H. Woodbury, Wilson
Brougher, James T. Davis, S. L. Lee
and A. Livingstone were today ar-
raigned in court.
A motion to quash the indictments
against them is being heard this af-
ternoon by Judge Langan, of Nye
county. The grand jury has found
another indictment against President
T. B. Riekey, of the bank. He was
taken into custody today, but im-
mediately released on bonds of \$10,-
000.

Prices \$5.50, \$12.50 and \$15.00.

Bar Wants Free Press.
San Francisco, March 21.—Freedom of the press is regarded as a greater boon by the bar of San Francisco than exaggerated awe of the state supreme court, and the action of the Bar Association last night in refusing to attempt to muzzle the court critics is being commended on all sides today.
At the meeting a resolution was offered which sought to protect the members of the supreme bench from criticism, such as has been hurled at them for their recent action in the Schmitz case, which allowed the convicted ex-mayor to step from jail under bond.
The resolution was defeated by an almost unanimous vote.

Fashionable Suicide.
Santa Barbara, Cal., March 21.—Mrs. Blanche Healey, the young and handsome wife of Joseph T. Healey, son of the late Benjamin Healey, of San Francisco, committed suicide early today in the fashionable apartments of her mother, Mrs. C. L. Ferris. Both women had just returned from a party, during the progress of which Mrs. Healey appeared to be the jolliest person present. No reason can be assigned by her mother for the suicide.

Two Robbers Sentenced.
Hanford, Cal., March 21.—Frank Collins and Dan O'Leary were today sentenced to five and three years, respectively, to San Quentin prison. Collins pleaded guilty to robbing a Southern Pacific railroad box car, and O'Leary robbed a man sleeping in a park.

Six-Year-Old Killed.
Seattle, Wash., March 21.—Ralph Tecker, the 6-year-old son of Mrs. Flin Tecker, was run down and instantly killed last evening while running across the tracks of the Seattle, Renton & Southern line.

ANTI-RACE TRACK BILL MAY BE KILLED.
(United Press Leased Wire.)
Albany, N. Y., March 21.—With the fight over the anti-race track bill nearing the last round in the state legislature, a significant change became apparent today, in the opinions of the legislative experts, as to the chance of passage of the famous Agnew bill. The opponents of the measure are now willing to bet even money that the bill will be killed in the senate.
The basis for these rumors is the report that a large amount of money for illegitimate use in the senate has been raised by the race track interests and the book makers. Some persons, who claim to be "in the know," place the amount of this alleged corruption fund at \$200,000.

FULTON COMING HOME TO FIGHT.
Washington, March 21.—Senator Fulton made the following statement:
"I shall leave today for Oregon. I do so most reluctantly, for there are pending before congress not only several measures in which the people of Oregon are directly interested, and in which I have taken special interest, but as well measures of national importance and concern in which I have taken and feel deep interests."

LABOR GETS A HEARING
(United Press Leased Wire.)
Washington, March 21.—As the first important result of the labor congress held at Washington this week, under the auspices of the auspices of the American Federation of Labor, President Roosevelt today called into conference Senator Aldrich and Representatives Haynes and Dalzell. The meeting was held at the White House.
During the progress of the conference the entire executive plan of the President for the remainder of the session was gone over, and special consideration was given the liability act, and the proposition of limiting the power of the courts in the matter of issuing injunctions.
No announcement was made as to what decision had been reached.
In addition a tentative draft of the bill to amend the Sherman act was gone over, the tariff and the Aldrich bill were discussed.

DeWitt's Little Early Risers, small, safe, sure little liver pills. Sold by all druggists.

Big Steamer Race.
Portland, Or., March 21.—Captain J. H. Peterson says he will bet \$5000 that the San Francisco & Portland Steamship Company's liner Rose City cannot beat the North Pacific Steamship Company's Roanoke from Portland to San Francisco.
He says he has got the money waiting for anybody that wants it, providing Manager Doe will allow the Roanoke to go right through one trip without stopping at Eureka. The Rose City makes no way landings, and Captain Peterson wants an even chance in the race.

Law for Alaska.
Washington, March 21.—Delegate Cale has introduced a bill providing for the regulation of the practice of medicine in Alaska. The bill requires that all applicants for license in the territory shall produce a diploma from some recognized medical school, or shall have practiced five consecutive years in Alaska previous to the enactment of the law.

A Spokane Building.
Spokane, Wash., March 21.—A Spokane county building at the Alaska-Yukon Pacific exposition was made certain today by the action of the board of county commissioners in appropriating \$26,000 for this purpose.
