

# SOUTHERN PACIFIC PLANS FAST SERVICE

### New Train To South Will Cut Time Nine Hours—Passengers Between Puget Sound Points and Bay City Will Be Forced to Spend Only one Night on the Road

Fast limited passenger service between Portland and San Francisco is probable on the Southern Pacific within the next few weeks. Plans are being made to put on an additional train that will cut the present running time of about 36 hours to 27 hours. This service will make one night between Puget Sound and San Francisco and will be maintained throughout the summer, at any rate, and possibly next winter as well, although the winter season is not favorable to fast running through this state.

The train that will be put in service will leave Portland about 5 p. m. daily, arriving in San Francisco early the next night. It will consist of mail and baggage cars, a day coach, a diner and four Pullmans. Made up of eight cars, and pulled by a heavy Southern Pacific engine of the Pacific type, there is said to be no reason why the train cannot make the time.

The fast train to the south will be strictly limited in every way. No passes will be accepted by its conductor and no private cars will be permitted to be attached to it. It will make very few stops between Portland and San Francisco and will have the right of way over everything on the road. The train will be similar to the Owl train operated

by the Southern Pacific between San Francisco and Los Angeles and it is expected it will equal the popularity of that train.

This train will provide excellent service between Puget sound points and California. When it is put on, passengers may leave Tacoma and Seattle in the morning and arrive in San Francisco early the next night. Spokane, too, would be benefited greatly by the new train, for it would shorten the time from the Inland Empire capital to the Bay City. Leaving Spokane at night, the traveler could spend the next day in Portland and reach San Francisco the following night.

Fast train over the Shasta route of the Southern Pacific have been talked of ever since the road secured heavier equipment some time ago and started to expend a large sum of money in relaying its main line in this state with the heavier rails needed to carry the heavier equipment. At the same time wooden bridges were replaced which heavier steel structures, across which the big locomotives now in use can charge at full speed.

The plan for fast passenger service has never been so near realization as now, when track conditions are favorable for fast running. It is expected that the new train will be put on April 1.

# SIMPLE HOME RECIPE

### To Promptly Relieve All the Catarrh Sufferers Here

The coming months will be a harvest for the doctors and patent medicine manufacturers unless great care is taken to keep the feet dry, also dress warmly.

This advice should be heeded by all who are subject to rheumatism, kidney and bladder troubles and especially catarrh. While the latter is considered by most sufferers an incurable disease, there are few men or women who will fail to experience great relief from the following simple home prescription, and if taken in time it will prevent an attack of catarrh during the entire season.

Here is the prescription which any one can mix: Fluid Extract Dandelion one-half ounce, Compound Kargon one ounce, Compound Syrup Sarsaparilla three ounces. Shake well in a bottle and use in teaspoonful doses after each meal and again at bedtime.

But unless you go to the trouble to ask the druggist for the Dandelion and Sarsaparilla separately, and then buy one ounce Kargon Compound, in an original (unopened) package, plainly printed, Guaranteed No. 108 under National Drug Law, and mix the Kargon with the other ingredients at your home, you had better not use this effective prescription at all. It may be worse than useless, perhaps even harmful, and your money wasted. Under no circumstances accept the prescription all ready prepared, nor accept any excuse for offering it to you that way. Purchase separately the Kargon Compound, No. 108 Guarantee, as explained above, and mix these three ingredients at home yourself, or don't use at all.

The Compound Kargon in this prescription acts directly upon the eliminative tissues of the kidneys to make them filter and strain from the blood, the poisons that produce all forms of catarrhal affections. Relief is often felt even after the first few doses and it is seldom that the sufferer ever experiences a return attack within the year.

This prescription makes a splendid remedy for all forms of blood disorders and such symptoms as lame back, bladder weakness and rheumatism pains are entirely dispelled.

As this valuable, though simple, recipe comes from a thoroughly reliable source, it should be heeded by every afflicted reader.

# SUICIDE MANIA PERSISTS

San Francisco, March 24.—After she had swallowed chloroform with suicidal intent, and while her husband was running for a physician, early this morning, Mrs. Laura Stoddard inhaled gas through a tube and was almost dead when medical aid arrived. She died a few minutes later.

At daybreak she took the poison and then awakened her husband to tell him. He quickly forced some lime water down her throat, and then hastened for a doctor. Fearing that the water might kill the effects of the chloroform, she inhaled the gas. She committed the act in a fit of despondency.

To Visit Normal—A Salem special says: The board of visitors who are to investigate the work being done at the state normal school organized today by electing City Supt. J. M. Powers of Salem, chairman, and City Supt. Turner of Grants Pass, secretary. County Supt. Churchill of Baker City is the third member of the board, and they will proceed to visit the state schools for the training of public school teachers early in April, and make a report to the state board of regents as provided by law. It is the purpose of the law to have a yearly inspection made by a committee of visitors who do not reside in the counties having normal schools and report on the work being done there. This report will be laid before the board of regents at their annual meeting and become the basis of their recommendations to the legislature. It is believed to be one of the best features of the new law which placed the normal schools under one board of regents that an entirely disinterested body of educators visit the schools and make a critical report.

# JOHNSON HE BEN WILLING

(United Press Leased Wire.)

St. Paul, Minn., March 24.—Governor John A. Johnson, of Minnesota, in a formal statement to Walter Wellman, the well-known newspaper writer, announced that he is a candidate for the Presidential nomination of the Democratic party.

He is something less than an aggressive candidate, in that he is making and will make no organized, systematic effort to secure the nomination. He is something more than a receptive candidate, because, in a quiet, dignified way he and his friends are looking after his interests, and because the governor and friends will control the delegation from this state to the Denver convention, and Minnesota, with substantially unanimous votes, will present her candidate, "the man who can win at the polls," to the national Democracy.

Governor Johnson authorized the announcement in order to set at rest the rumors that he would not be a candidate against Bryan. He declares that he had no agreement with Bryan, but that it was only within the last 48 hours that he had decided to stand for the nomination before the convention.

On the Installment Plan—Since I have been in Salem, now 14 years, my business has been on the cash plan, but I have decided to add a partial payment department, in which any person in good standing can secure a diamond, watch, clock, silverware, cut glass or any article in my jewelry store on easy payments, thereby enabling those who can spare a part of their income weekly or monthly to secure and have immediate possession of it, and enjoy it as you gradually pay for it. ### "THE BURGOMASTER" FRIDAY EVENING

Our local amusement managers are quite busy at present arranging their "menu" for the balance of the present season. Of all the attractions scheduled to appear at Salem none will be welcomed more generously than "The Burgomaster" with those sterling favorite originals, Gus Weisberg in the title role and Ruth White as Willie Van Astorbilt.

Gus Weinburg, as The Burgomaster.

Pixley and Luder have written many musical successes, namely "Prince of Pilsen," "Kink Dodo," "Woodland" and "Grand Mogul," but it was in the greatest of all these, "The Burgomaster," they scored their everlasting triumph. The present season's offering is the new edition of this musical masterpiece, and Manager Wm. P. Callen has given it a sumptuous mounting.

With a company of superior excellence, an entire new scenic investment, a brand new embellishment, a host of new, novel, up-to-date features this opera comes to the Grand opera house next Friday evening.
